

Soft Harness EUREKA Harness Oil

W. S. LOGGIE COMPANY, Limited. School Books, Pens & Pencils, Rulers, Scribblers, Drawing and Copy Books for School opening.

Our Boot and Shoe Department is Complete. IN OUR CLOTHING DEPARTMENT we carry a full stock of goods.

The above lines as well as our WALL PAPER and BLINDS we carry in our store in the COMMERCIAL BUILDING.

W. S. LOGGIE CO., LTD., Commercial Building Store.

CROP REPORTS on the Miramichi are very satisfactory - better than was anticipated earlier in the season.

CHARTERS - An eight reported charter is for St. Kentigern, Miramichi to W. C. England, dealer at 40 a., August 1. N. Parker, New York to Chatham, sulphur, \$50 and lasts back, 75c.

RED BRIDGE - The contract to build the Red Bridge, Renous River, Northumberland county, has been awarded to Albert Brewer. The bridge will be of a total length of 419 feet with two spans of 120 feet each. It will cost about \$4,500.

NOT IN ST. JOHN - A number of Chatham people who saw the estimate of the Lt. Governor at St. Luke's garden party, on Wellington Villa grounds last Thursday last, with some of the guests in the G. S. of that afternoon that she had also been in St. John that day.

It is nonsense to say that because you have a bad cough you are going to have consumption, but it is better and safer to cure it with Adams' Botanic Cough Balsam than to let it run. 25c. all Drugists.

STENOGRAPHY - The demand for stenographers is increasing so rapidly as to far exceed the supply, and our young men would do well to apply themselves to the study of the accomplishment. Messrs. Kerr & Son's advertisement in another column gives valuable hints on the subject.

MOOSE - A resident of Back River, coming to Chatham on two occasions within a fortnight, saw a splendidly antlered moose between Napan and Back River on the McKnight trail. On Tuesday morning of last week he saw the moose was crossing the road to the westward. On Tuesday morning, 12th, he crossed it going east.

BREND - The time and labor for factory supplied - one schooner Charis, 70 tons, Capt. D. Boone, grounded on Tracadie bar last Thursday am while the crew were ashore looking for assistance to get her off. She was burned to the water's edge. The owner was G. H. Milx of English, P. E. I. The loss was about \$5,000.

DOUBLY BEHEAVED - Mr. and Mrs. E. A. Reilly's many friends will deeply sympathize with them in the loss of their second son, C. Sexton, whose death occurred on Sunday. Mr. and Mrs. Reilly were called upon to mourn the loss of one of their twin sons about a week ago. Both little lads succumbed to an attack of scarlet fever. The funeral of C. Sexton took place yesterday. He was three years of age - Moncton Times.

MIRAMICHI MARBLE WORKS - Now is the time to place your orders for cemetery work and avoid the spring rush. We have now on hand and coming one of the largest stocks of marble and granite monuments, headstones and tablets ever shown on the north shore, all from the latest designs and worked from the best material the market can produce. Call and get our prices. They are right. JOHN H. LAWLER & Co.

THIS AFTERNOON AND EVENING - The garden party to be held this afternoon and evening by St. Andrew's congregation on the lawn of the Mansie, which has been placed at their disposal by the pastor, Rev. D. Henderson, will, no doubt, be a most enjoyable one as the preparations for the event are on a large and liberal scale. There will be a tea, a tancy walk and apron sale, refreshments, a concert, a menagerie and museum, and the Cluzens' Band will furnish music.

LOGGIEVILLE has a club of about twenty members. The officers are: Director - Mr. McKinney. President - Miss Katie Symonds. Vice - Miss Katie Symonds. Secretary - Miss Edith Russell. Treasurer - Miss Irene Loggie.

FAILURE OF JUSTICE - John Johnston, of D. G. Oshott, particulars of a brutal assault on whom at Tracadie, several weeks ago, were given in the ADVANCE, endeavored last week to have the guilty parties brought before Justice Savoy of that place, and punished, but was unable to do so, as the "quiere" is charged by Mr. Johnson with having delayed the issue of the warrants so that the criminals might leave the community and thus escape their deserts.

BIKE FATALLY - As John Cable, of Napan, 20 years old, and a very respectable and industrious young man, was on his way to attend church on Sunday, 3rd inst., he was running his bicycle on the Chapel road at a high speed, when the wheel struck the edge of a cross-bank and caused him to be thrown against a projecting stone or bowlder, receiving internal injuries from which he died last Thursday morning. The funeral took place on Friday, the service being conducted by Ven. Archdeacon Forsyth. Interment was at St. Paul's churchyard.

THE McNAUGHTON MEMORIAL DRINKING FOUNTAIN, which has been placed on Haymarket Square, is quite a useful as well as an ornamental piece of work. It bears the inscription: "Erected by the people of Miramichi in memory of H. Gordon McNaughton, who died of enteric fever at Headberg, South Africa, Dec. 26, 1901, while serving as a member of No. 16 Troop, Canadian Contingent of the S. A. Constabulary." It is of iron, resting on a granite base and is surmounted by an electric lamp. It has two metal drinking-cups, three horse and two dog-tongs. Its cost was about \$300 and the money was raised through the solicitation of the Commercial.

An E-joyable Outing.

The mill employees of the J. B. Snowball Company, limited, were given a most enjoyable outing on Coronation day - Saturday last - by their employers. The steamer St. George was placed at the disposal of the men and their families - to the number of about 400 and accompanied by St. Michael's band and an orchestra, left in that steamer at about 9 a.m. for Church Point. Arrived there they disembarked and Foresters' Hall being engaged for them, many indulged in dancing, while others participated in out of town games, including a base ball game between the "Cat" and "Globe" nines, and in which the latter were winners. The St. George reached Chatham on the return trip soon after 8 p.m. The men desire to express their thanks to Lt. Governor Snowball for his kindness and also to Mr. R. A. Snowball for the active personal interest he took in the arrangements.

For Cough Horses All.

Stoppage and Fever, with the Granger Condition Powder. A genuine Condition Powder, Blood Purifier and Tonic. The Granger is guaranteed superior to many so-called Condition Powders that are put up in small and large packages.

Coronation Service.

There were exceedingly appropriate and interesting Coronation Services in St. Mary's chapel, Chatham, on Saturday morning last at 9 o'clock and in St. Paul's church on Sunday morning at the usual hour. Unfortunately, the day being a public holiday, the attendance at St. Mary's was not as large as it should have been, but the service was hearty and instructive and the proportion of communicants large. The service began with the processional hymn, "O God, who in the days of old," after which followed the special Litany of the Westminster Abbey and had been handsomely printed for use in the Diocese of Fredericton, and contained a beautiful prayer of King Edward in his robes of State. After the Litany followed the hymn, "O God, who in the days of old," as the Introit to the Holy Communion Office which then began. The office hymn, "A Mighty Father, dwelling in the light," was followed by the sermon by the Rector, who afterwards read from the altar the Proclamation of the Coronation, which was followed by a special Collect. The hymn "O King of Kings, Thy blessing shed," was then sung, after which further special prayers were said. The service concluded with the remainder of the usual Office of the Holy Communion and the singing of the National Anthem in words adapted to the occasion. The off rings were for the "Ecclesiastical Clergy Supplementary Fund." Flats floated from the tower windows of St. Mary's and the whole service was of an impressive character, and strikingly suitable to the occasion.

Coming E. M.

The Premier and Mrs. Tweedie left Liverpool on Tuesday afternoon for home, via Montreal, on the Elder Despatch liner like Megaw.

It is safer to say

that only every mother knows the value of McLean's Vegetable Warm Syrup. Caution is advised in buying substitutes for the original and only genuine.

Obituary.

The death of Mr. J. C. E. Carmichael, formerly of the Customs service here and father of Mrs. T. B. Wilton of Bay du Vin, took place at St. Andrews, on Sunday, 3rd instant, at the residence of his son-in-law, Mr. Melville Jack, C. E. He was 81 years of age.

Permanent Cure for Neuralgia

Experienced sufferers state that no remedy relieves neuralgia so quickly as a hot application of Polson's Nervine, the strongest known muscle. Nervine is certainly very suitable to the condition.

Hunting on Miramichi.

Henry Braithwaite, the guide and hunter, has leased from Timothy Lynch the fishing and hunting privileges on Lynch's lumber limits on the Clearwater and other branches of the Southwest Miramichi. The terms under which Braithwaite secures the lease are, it is understood, that he will protect the property and in return he has for his hunting and fishing privileges, Braithwaite expects to return to the Miramichi as soon as the condition of Mrs. Braithwaite will permit of his leaving home for any length of time. - Gleaner 30th.

Picnic at Nelson.

St. Patrick's congregation, Nelson, will hold a picnic on their church grounds on Wednesday of next week, August 20th. This congregation's annual picnics usually prove to be amongst the most largely attended and successful outings on the river. McEbrans' Orchestra will furnish music for that of 20 h. A large pavilion for dancing, etc., will be provided for the occasion, and a pleasant time is anticipated.

The steamer "Miramichi" will make two

extra trips, leaving Nelson at 8 o'clock p.m. and also at 1 o'clock Thursday morning. Over the arrangements, so as to thoroughly enjoy the occasion.

Bathurst C. M. B. A. Picnic.

Branch 130, C. M. B. A., Bathurst, is to hold a grand picnic on the Barus Farm, on Labor Day, Sept. 1st. The Newcastle C. M. B. A. band is to furnish music and the committee in charge is making arrangements to have a special train run from Newcastle and return after the picnic, carrying excursionists from the Miramichi. The train is to leave at 7 a.m. There will be sports of all kinds, including a baseball match, bicycle races, etc. Dinner and refreshments will be provided and the preparations being made by those in charge are a guarantee that the outing will be a grand success.

Base Ball.

The Chatham Alerts went to Campbellton by Friday night's Maritime Express, and played the Campbellton Stars on Saturday. The score was 25 to 15 in favor of the visitors, who report that they were well treated by their Campbellton opponents and had a pleasant time all through. The players were as follows: Chatham. Henry McParlane, c. G. Gallant, Frank Whyte, 1-b. J. Stout, Edwin J. Curry, 2nd b. C. Nelson, Louis Hickey, c. J. St. John, Gordon Godfrey, s. J. Moore, Ernest Weidman, 3rd b. E. Coles, Chas. Dinkley, r. H. O'Keeffe, Wm. Alden, p. H. O'Keeffe, Stanley Mill, l. I. J. Watling, Chas. Weldon, mascot, Alex. Ross, manager.

Fatal Yachting Accident.

A St. John despatch of Monday says: - The joy of the coronation celebration received a terrible damper Saturday afternoon when word came to the city that two of St. John's brightest and most promising young men had been drowned while yachting racing on Loch Lomond, near Dundee, Scotland, which was Chester McCleaskey, son of A. McCleaskey, the well known commercial man. He was 24 years of age. When the mounted police went to South Africa he joined and served three months. The other victim was Walter C. Pyne, aged 24, son of Thos. Pyne, sail-maker. He worked in McAvity's foundry and was well liked by all who knew him.

There is some difference of opinion as to how the accident happened. Some say a squall struck the yacht causing it to capsize and sink with water. Others say that Pyne, going forward in the boat, which was heavily ballasted, caused the water in her to add its weight to the bow and run it under. When the accident happened a steam launch which was following the race started at full speed in the direction of the stragging men in the water. Both were good swimmers and it was seen that they were striking out strongly in the direction of the launch. Suddenly McCleaskey went out of sight. Pyne kept on and everybody began to think he would be rescued, but just as no one was put within his reach he sank from view, going too weak to grasp it. Both bodies were recovered, one the next morning after the drowning and the other a few hours later.

The Globe says: -

The sad news of the drowning of his son was not received by Mr. A. A. McCleaskey until Monday morning. He has been travelling on business in Ontario and Quebec, and could not be located until he reached Moncton that morning, when the news of the deplorable accident was given him, causing him a severe shock. He came home on the Quebec train, and was a passenger on Monday's train, met his father before going to the dazed home, and they proceeded thither together. Chester McCleaskey's remains were taken to St. Stephen for burial on Tuesday.

The Methodist Financial Meeting of Chatham District.

The financial district meeting of the Chatham district convened in the Chatham Methodist church on Wednesday morning, August 6th, at 9:30 o'clock. Rev. John Goldsmith presiding and Rev. H. R. Baker acting as financial secretary.

Those present were: Chatham, W. C. Matthews, Wm. Mather; Newcastle, G. P. Palmer; Richibucto, H. R. Baker; Harcourt, Jacob Heaney; Bathurst, John Goldsmith; Campbellton, A. E. Thomas; Tabusintac, Hammond Johnson. The several missions were carefully considered as to their financial abilities, and estimates made accordingly and they were severally recommended to the Mission Fund for grants to enable them to meet the expenses of the year. It is well known, however, that this estimate and grant in no case pay the salary in full, and that every home missionary must suffer a heavy deficiency. This is a hardship which these devoted men have had to endure for many years. We hoped the approaching General Conference may effect some legislation which will better their circumstances somewhat.

Provision for holding missionary meetings in all the circuits were made as follows, the time being left in most cases to local arrangements: Chatham - Dep. H. E. Thomas. Newcastle - Dep. Local. Tabusintac - Dep. W. C. Matthews. Derby - Dep. G. P. Palmer. Richibucto - Dep. Jacob Heaney. Bathurst - Dep. H. R. Baker. Harcourt - Dep. H. E. Thomas. Campbellton - Dep. W. C. Matthews.

For educational meetings the following appointments were made, the time being left to local arrangements: Chatham, H. Johnson. Newcastle, W. C. Matthews. Richibucto, Wm. Penna. Bathurst, H. R. Baker. Bathurst, W. C. Matthews. Campbellton, local. Rev. John Goldsmith, secretary of Sustentation Fund, will visit most of the circuits and endeavor to work up a greater interest in it. It is hoped his appeals will meet with a liberal response.

A report from the Gen. Secretary of the 20th Century Fund for the Dominion showed the amount received to be \$1,234,657.29, divided as follows: local, \$1,076,807.53; Connexionals funds, \$242,488.74; for the N. B. and P. E. I. Conference; total signed, \$4,419,723; paid in local church checks, \$24,367.78; for Conf. funds, \$13,046.14; balance unpaid, \$1,368.10. A circular in reference to the relief of St. James' church, Montreal, was read. The circular asks the Chatham district to raise \$343. The amount was apportioned to the various circuits as follows: Chatham, \$70; paid \$25; balance \$45. Newcastle, \$45; paid \$13.50; balance \$31.50. Derby, \$38; paid \$20; balance \$18. Richibucto, \$34; paid \$5; balance \$29. Bathurst, \$25; paid \$10; balance \$15. Harcourt, \$23; paid \$5; balance \$18. Bathurst, \$68; paid \$50; balance \$18. Campbellton, \$34; paid -; balance \$34. The whole amount as received from the N. B. and P. E. I. Conference for relief of St. James' church is \$4,752. Of this amount \$1,702 is already paid; promised at Sackville Conference this summer, \$1,495; balance \$1,555.

A most careful review of the state of the work of God throughout the district was made, and the ministers promised to aid each other in evangelic efforts during the winter.

In the evening a very interesting and profitable service was held in the basement of the church. Half-hour devotional service was conducted by Rev. H. R. Baker, then Rev. John Goldsmith took the chair and splendid addresses were delivered by the brethren, Heaney, Thomas and Palmer.

A resolution of sympathy was unanimously passed with reference to Rev. A. E. LePage and family who are in quarantine in the parsonage at Bathurst, and earnest prayers were offered for the staying of the disease and restoration to health of the sick.

Tabusintac Notes.

The following notes from Tabusintac dated last inst., reached us only on 9th - pretty slow transportation: Crops are looking fairly well with exception of grain in wet land. Potatoes are now looking very good. Hay is a heavy crop, but not much is housed as yet, as the weather is unfavorable for securing it.

Lobster fishing on the Tabusintac beach has reported to have been much better than last year.

While I write our veteran lumberman, the indefatigable Mr. Graham, is putting the last lot of logs in the bridge. This is his twenty-seventh log going to the Snowball Company and the J. W. & J. Anderson

concern of Church Point, with one got out by Robert Bazhanan for E. Hutchison, in all, 25 tons.

This is Mr. Graham's twenty-fifth year as a contractor, and lately as working manager for the Snowball Company, and I think it would be a conservative estimate to put the amount of lumber that Mr. Graham has taken out of the Tabusintac to Chatham, without any serious loss to the concern he has worked for, at one hundred and fifty million of spruce and pine logs of the best quality. Mr. Graham has roughed it through the hard ways of taking lumber to market.

Starting from the boom without shelter, except what a few sheets of spruce bark would afford, and the space pole to do the pushing with to the mouth of the river; then the ox team to tow to Burtigogue which was never less than a month's work to get up with one small tow and sometimes much longer time. But now, a row will start from the boom and three days are all that is required to take it from the boom to Chatham. All thanks are due to the Hon. J. B. Snowball for his persistent efforts now crowned with success in landing the lumber of the Tabusintac which goes a long way in proving the wisdom of the government in granting the 25 year lease.

No man expecting to meet a yearly opposition at the Crown Land sales could provide the present applicants to do the work. Your correspondent went on board the steamer Kilda at the bridge at 4 o'clock on the morning of Monday last. Steam was up and Mr. Graham assisting to open the draw soon got away and reached the boom ground before high water. They waited until tide flowed sufficiently and then started with a tow of about 5,000 pieces, towed to the bridge, went through the draw with the boat and took hold of a tow that Mr. Graham had prepared while the boat was up the river bringing the one down to the bridge, and towed out to the Ludbury shoals, grounded there and remained until between 3 or 4 o'clock next morning, and towed to the Big Cove, a harbor for rats, whence the ox team to Muddy Brook the steamer St. George then does the rest.

I must say that the owners are fortunate in having such good, industrious men in charge of the work. Capt. McLean is very attentive to every detail of the work on board of the Kilda, and is an expert in the guiding of the boat. While towing he uses a line from the tow line to the stern of the boat, where he stands and can see the raft and the channel and turn the boat in a moment to suit the conditions as they appear to him in each short turn of the channel. Captain and crew are hustlers and will have all up to Muddy Brook before the 15th, a good deal earlier than any year yet.

Thanks to captain and crew for their kindness when on board the boat and hoping to see still greater progress in the J. B. Snowball lumber business is the wish of your correspondent.

HORATIO J. LEE, Tabusintac, N. B.

Revolution in Newfoundland.

Since the introduction into Newfoundland of the new Inhaler Remedy, "Catarrochone," the treatment of catarrhal diseases has been entirely revolutionized. The old-time snuff and internal medicine has been cast aside and everyone is inhaling Catarrochone; it clears the head and throat in two minutes, and is very agreeable and pleasant to use. Catarrochone is a wonderful cure for Coughs, Colds, Catarrh, Asthma, Bronchitis, Lung Troubles and Deafness. It relieves quickly and cures permanently. We advise our readers to try Catarrochone. Price \$1.00, trial size 25c. Druggists, or Polson & Co., Kingston, Ont. At C. P. Hickey's.

DR. HAMILTON'S MANDRAKE AND BUTTERNUT PILLS.

Another Shocking Crime in St. John. A brutal murder was committed near Rockwood Park, St. John, on Friday, 1st instant. The victim was William Doherty, a lad of about 17 years, who had been permitted by his parents to grow up in comparative idleness and association with other lads of his age, who were given to the study of dime novel literature and an occasional enterprise which required to be answered for through criminal proceedings in the police court. Young Doherty's body had four bullet-wounds in it, which were fired from behind, and his skull was fractured and scalp gashed by blow of a sharp stone or stones, pieces of which adhered to the bone. The police were puzzled for some time, but, finally, were induced to centre attention on two companions of the dead boy, Frank

Higgins, 15, and Fred Goodspeed, 14. These boys had declared that they were in the old burning-ground, St. John, during the whole of the afternoon of the murder, but it was learned on unquestioned authority that one of them, who was positively identified, and another answering to the description of the other lad were seen in Rockwood Park with the deceased on the afternoon of the murder. These lads ran away, on the papers publishing the facts, but were arrested last Friday evening at Vancouver while attempting to escape to Portland, Maine. The police were confident that the boys arrested could be proved guilty of the crime of which they are suspected, and they foretold startling developments within a few days.

The boys bought tickets for Portland, Maine, Friday afternoon and took the train for the west. To immigration officers at Vancouver they said their names were Charles and James Marshall and that they had been in St. John on a visit. A telegram from the St. John authorities, however, caused their arrest and return to this city, as stated.

On Monday evening at the coroner's inquest one of the fugitives, Goodspeed, was brought into court to give testimony, which was understood that he had already made startling disclosures to the police. He said Higgins had been kept strictly apart from each other since their return to St. John, and no one, save the authorities - not even their parents - had been permitted to see them.

Goodspeed's statement under oath was that on the fatal Friday, Doherty, Higgins and he went "to have a feed of berries." Doherty and he were picking berries and Higgins was behind them. He heard four shots and Doherty said "My God, Higgy you have shot me!"

The witness continued: "Willie Doherty ran up on the hill and Frank Higgins chased him up. When he got up on the hill Frank Higgins raised his hand up to hit Willie Doherty on the head with the revolver. Willie Doherty tried to snatch the revolver. He then sank down on his back and said: "If you go and get a doctor I'll swear it is an accident."

"I went to run to the park and Higgins pointed the revolver at me and said: "If you don't have a hand in this I'll shoot you right here."

"So I came back and he hit Willie Doherty over the head five times with the butt of the handle of the revolver. Doherty was lying on the ground with his head on his elbow.

"Then Doherty put his hand to his head, groaned and fell back and didn't move after that."

"I helped Higgins gather some sticks and grass, and we picked up some stones and buried him over."

Witness detailed the movements of Higgins and himself after the crime was committed. He said that Higgins threw his revolver into the Marsh Creek.

The body had been found in a position tallying with the witness' story of its disposal by Higgins and Goodspeed.

The coroner's jury found a verdict that the death of Doherty was caused by Higgins as described.

The motive attributed for the murder is that deceased knew facts concerning criminal acts done by his slayer which the latter feared he would divulge, so he decided to "remove" him.

Poisons accumulate in the blood and spread every moment to all parts of the body. The brain becomes congested, nerves irritated, and the result is that awful headache.

Ferronze's nature's own remedy for headaches; it is a blood strengthener and purifier of unclean matter, a lasting potent tonic, and the greatest invigorant and health maker known. Headaches never bother people that take Ferronze after each meal. Buy a box from Polson & Co., Kingston, Ont. At C. P. Hickey's, Chatham, N. B.
