evenues of the province, but in fact that the smallpox epidemic can no Both

only seem reasonable that some part of the expense of maintaining the roads should fall upon the municipal ties. It is unlikely however that this question will come before the legislature, as it would

meet with lively opposition from many quarters and some other means than direct tazation will have to be devised to meet the great expenditure for public works in New Brunswick. To do properly the work that should be done in New Bronswick, the Public Works department should have at its disposal at least \$300.000 per annum or upwards of one half of the whole revenue of the province. This, o

course, is not possible, but it would take fully this sum and even more to bring th roads of the country up to the standard of what they ought to be.

News and Notes

The latest compilations of the Provin ial Board of Health show 433 cases of smallpox in Outario.

Lieut. Col. H. H. McLein, of 62nd Regiment, St. John, is to he colonial anxiliary forces decoration. The wife of Dr. W. D. Finn died at

he infections disease hospital, Halifax, last Saturday alternoon, from smallpox.
