Richibucto, May 1. - After an illness extending over several months, Miss Aggie Jardine, youngest daughter of Thos. Jardine, of the tirm of J. & T. Jardine, of Jardineville, died at 5 o'clock this morning. She had a full realization of the change that was drawing uear and waited in patient resignation and in a calm and cheerful frame of mind for the summons. The end was most peaceful and happy, surrounded by her many family friends. She was conscious almost to the last and bade her friends good-bye with a smile upon her bright face. Although anticipated, yet her death is a heavy blow to the family, especially to her mother, she being the only daughter living at home. Her large circle of friends sympathize with them all in the bereavement. Miss Jardine had attained the age of 20, was educated at Sackville and St. John and with the exception of a short time spent in the old country, her life was lived at home The
