obstinate. The Japanese is-what? In a recent book, "Kokoro," Lafcadio Hearn says that in Japan there is a "relative absence from the national character of egotistical individualism," which produces "rare unselfishness and perfect faith." Such qualities mean devotion to country and to family. Mr. Hearn tells of the Japanese bugler who, when fatally wounded, put his bugle to his lips for the last time and sounded the charge; of the Samurai boy who killed himself in order to make the authorities think that his outlawed father was dead. The following story, told by Mr. Hearn, shows other, and, if anything, finer. Japanese traits. At a railway station a crowd was awaiting the arrival, in custody, of a burglar

who had murdered a policeman. A TOUCHING INCIDENT. "I expected to hear and see anger; I even feared possibilities of violence. The murdered officer had been much liked; his relatives would certainly be among the spectators; and a Kumamoto crowd is not very gentle. I also thought to find many police on duty.
