

Publisher's Notice.

The publisher desires to urge upon the notice of all who wish to contribute matter of any kind to the ADVANCE's columnswhether it be advertising, news or notices of meetings, etc .- that the paper goes to press on Wednesday afternoons and, to ensure publication, their favors should be in the office not later than Wednesday morning.

The printing of the paper is frequently delayed by persons who hold back accounts of meetings, announcements of entertainments, etc., which they might easily send in days before that on which we go to press, but they seem to consult only their own convenience and often place them in ou hands on Wednesday after the paper made ready for press, and seem to think it a hardship because they do not appear; and, in most cases of this kind, the contributions are really free list advertisements. We want to help every deserving organization i the community, freely, in every legitimate way, but must expect them not to delay the publication of the paper when they wish to make use i our columns. Send your matter for the ADVANCE along on Monday or Tuesday, but don't hold it back until Wednesday It is understood F. Ed. Meloche will do the

The editor and proprietor of the ADVANCE, Mr. D. G. Smith, who has, since he established the paper in 1874 personally conducted it, is obl ged, by reason of the demands of other business upon his timeduties which require his frequent absence from home -to place most other hands. Mr. Smith has engaged Mr. W. J. Loggie, barrister, to act as sub-editor for the present, that gentleman consenting to do so until a more permanent arrangement can be made, as Mr. Loggie contemplates removing from Chatham to Western Canada in the

near future. Mr. Smith is desirous of selling the ADVANCE and his Job printing establishment - the best on the North Shore—if a suitable purchaser can be found who is prepared to continue the paper along the lines which it has heretofore followed, of representing the best and cleanest interests and aspirations of the community in which it is published. A competent man of established good character and industrial and temperate habits will be liberally dealt with in any proposal for acquiring the paper, plant and good will. The opportunity is an excellent one for a practical printer with a good education, or for a newspaper man who can associate a practical

University Exams.

The report of the N. B. University Matriculation and leaving examiners for July show that 92 candidates took the matriculation and 6 the leaving examinations. Of the ninety-two matriculation candidates seven passed in the first division, thirty-seven in the second, twenty-one in the third, sixteen in the third, conditionally, and seven failed. Of the engineering candidates for matriculation there were four, and two passed in the second division and two in the third, conditionally. Of the six candidates who took the leaving examination, three passed in the second division and three in the third. The Chatham, September 25, 1855. He began following North Shore candidates passed : Second Division; Helen C. Fraser, E don Carruthers and Walter McN. Matthews, all of the Chatham Grammar School.

Third Division; Clara L. Walls, Chatham Grammar School. Third Division (conditionally) Mary E. Richards, Campbeliton Grammar School, Leaving examination-Third Division

Jonathan Harper, Chatham Grammar School. The Fredericton Exhibition, 1903.

The Fredericton Exhibition, Agricultural and Industrial Fair and Live Stock Show. open to the Maritime Provinces will be held at Fredericton, N. B. on September 21st. 22nd, 23rd, 24th, 25th and 26th. The Executive will spare no effort to make this ment Hall.

Among the Special Attractions which have already been engaged for Fair Week, may be mentioned Gorman's Celebrated High Diving Horses and the Famous Alabama Troubadours. The horses will give two free Exhibitions on the grounds each day, diving into a tank of water from an elevation of thirty feet. The Troubadours are composed of twenty-five people who will daily appear in two high class variety performances in the Amusement H II. These two attractions will make their first and only appearance in the Maritime Provinces at the Fredericton Show. Automobile Races, Bicycles Races, Horse Races and Athletic contests will also take place during Exhibition week.

The Prize List containing new features and competitions, with generous prizes in all classes, has just been issued and may be obtained by addressing Mr. W. S. Hooper. Fredericton, N. B., who will also furnish entry forms and all information.

The Late Isaac Harris. A large number of Miramichi peopleparticularly of Chatham-hear with regret of the death of Mr. Isaac Harris of Montreal, at the age of 71. He was, for a good many years, a valued resident of Chatham, where he did quite an extensive business, both wholesale and retail. was one of the pioneer commercial travellers of the part of the country between the welcomed amongst his customers. He was a shrewd man, but his integrity was never questioned, and when he closed his business here and removed with his family to Montreal, about fifteen years ago, there was general regret over his departure. Many of Joyner. The bride looked exceedingly and social activities. He was confined to the groom was ably supported by Mr. Fred two sons and three daughters. One of his the mud and sand.

the services

occasional and welcome visitors at times to their native town of Charham, and their friends here will sympathise with them in the loss they have sustained.

The late Mr. Harris was a prominent Mason and his funeral was under the auspices of St. George's Lodge No. 10 of Montreal.

Summer School of Science.

Interest in the different meetings of the Summer School of Science has been well sustained during the past week and those who have been in touch with them regret very much that the session closes tomorrow. Dr. Bailey read a very interesting lecture on Wednesday evening of last week on the Yosemite Valley, which was beautifully

Mrs. Tweedie entertained the members at an "At Home" on Thursday afternoon. It was a most enjoyable lawn party and one of the best soc al events counce ed with the School's session.

A lecture on "The Mental Element in Nature" was given in the School Hall by Dr. Cox on Thursday evening. On Friday the School's outing was an afternoon trip to Mr. Fish's Freuch Fort Cove quarries, where they saw one of the most notable bits of rugged scenery in New Brunswick.

That evening many of the members accepted the invitation of Miramichi Natural History Soc ety to an enter amment at their rooms, which was followed by views of the s are, the comet and other planatory objects through Mr. Jas. Nicol's telescope.

The excursion to Redbank, on which the members were to go by the str. Rustler on Saturday, did not take place, as that erratic up-river packet was indulging in one of her "balky" fits and did not put in an appearance. She, however, managed to get to Chatham yesterday and the excursion is in progress as we write.

"Forestry" was the subject of Monday night's meeting. It was discussed princi-

pally by Drs. Bailey and Hay. On Tuesday evening Prof. Watson gave a most entertaining biological talk in the Town Hall. It was profusely and interestingly illustrated, showing forms of minerals, vegetable and insect life in a most interesting and instructive way. Many of the pictures illustrated low and minute organisms and nearly the whole of them were taken by the learned lecturer, himself, who is a leader in the art of microscopic photography. He showed a picture of an oak leaf which was taken on a sheet of sensitized paper without the aid of a cimera or even a lense. Perhaps the most wonderful things exhibited were hundreds of duplicate pictures taken by means of lenses which Prof. Watson made out the eyes of flies. which although invisible to the naked eye were enlarged by means of his combination of the microscope and camera. The process by which the mosquito comes into being, developes and matures were very clearly explained and illustrated, the showing a "living picture" of a colony of the young bloodsuckers in water habitat, associating with a pollywog and some water beetles. He also showed a living picture of the common bouse-fly. At a business meeting of the Monday Mr. Jas. Vroom, of St. Stephen, was elected president and Messrs. P. Cox. J. T. Matthews and Dr. Anderson, vice presidents respectively for New Brunswick, Nova Scotia and Prince Edward Island.

the school in Charlottetown, P. E. I., from July 13th to 30th, 1904. The closing public meeting in Chatham to be held in the Town Hall this evening.

It was decided to hold the next session

Phantom Rock Gone.

A good deal has been said about the rock ying off Burnt Church, which caused much anxiety and some loss to steamboat and schooner men for years, but is now no more. \$3827.84; maintenance account debit It has, in its time, broken three propellers, the last boat to leave a blade alongside of it being the "Alexandra." So urgent were the complaints against the obstruction that the Department of Public Works ordered it to be investigated by resident engineer Day. Some weeks ago, therefore, Mr. Geoffrey Stead, Mr. Day's assistant engineer, explored the vicinity and finding the rock, which had six or seven feet of water on it, dived down upon it, a la pearl-diver, and with the examination which he was enabled to make, judged it to weigh three or four tons. It was well embedded in the sand and which form the bottom of the bay in that locality (the rock lying just off Burnt Church wharf) and it was thought that by getting hold of it with a pair of specially made grips attached to a powerful winch

an eighty ft, scow, it might be raised. The services of Mr. Charles Gunn, Chatham, were enlisted and he made grips 14 inch square steel bar, which he attached to a triple block tackle. Getting hold of the rock the force of the winch was applied, but to no purpose other than the straightening out of the grips and releasing them from their hold. The boulder sould not be thus removed. The attempt to dislodge it by this means was abandoned about the middle of

Later in the month, a diving suit, which had been progured from St. John for work on the stranded schooner, Wrasse, was engaged, and also the services of our veteran diver, Mr. Wm. Ivory, to work under the engineering direction of Mr. Stead. Mr. Gunn as mechanical foreman. Dive Ivory went down on the boulder on Friday 24th, and spent half of that day and part of the next trying to put it in slings, but it turned out to be much larger than was at first estimated and its removal in piece was determined upon. Mr. Gunn had taker drills down for the purpose of putting a hole in it, but owing to the easterly wind the tide did not fall sufficiently low to admit their being worked to advantage. Ther drilled a 11 in. hole only 14 inches on Saturday afternoon and, owing to the storm, only inches on Monday. Mr. Gunn came t Chatham on Monday and lengthened some of the drills and was back again by three Miramichi and Gaspe, where he was always o'clock Tuesday morning. That day, by p.m., they had put the hole down a depth of three feet, and Mr. Stead put a three and a half pound charge of dynamite in it, which he exploded with an electric spark. Very little commotion was made in the water by the explosion, but it completely shattered A quiet wedding took place in the Pro- his old neighbors of the Miramichi who have the boulder. It took the remainder of Cathedral, Chatham, on Tuesday morning since met him in Montreal have occasion to Tuesday and until Wednesday afternoon, the contracting parties being Miss Lucy remember his genial welcomes and generous 29th, to sling the pieces and convey them Hackett and Mr. J. Ken Breau. The hospitality up to a few late years when ill- to shallow water, several of them weighing seremony was performed by the Rev. H. T. health caused his withdrawal from business from one to three tons. The boulder was of F. Pearson, of Halifax, and N. Curry, o

Cures Grip

in Two Days.

Harris (Faunie) and her sisters have been directions for 300 to 400 feet he found no further obstruction. It is thought that the supposed second rock was only the famous "Phantom," whose end as a menace to

propellers, has at last come. In the course of his operations diver Ivory found the blade that was broken off the "Alexandra's" propeller and it is conj ctured that blades similarly detached from other steamers had became covered in the mud in the vicinity of the rock.

Chatham Town Council

The regular monthly meeting of Chatham Town Council was held Monday evening.

Letters were read from-Mary Thompson, New Glisgow, asking for reduction of taxes, and saying if the town would buy the property at valuation it was assessed on, she would self.

Ald. Hocken said Council should not deal with such petitions unless they were properly declared. Letter was tiled. From A. Brown asking that his town

takes be reduced from \$4 600 to \$3 500; the latter being the County valuation .- Filed. F.om W. S. Loggie notifying that the cover of the drain in front of his warehouse was unsafe to drive over, and that the town would be held responsible in the event of an accident occurring to his horses.

Ald. McIntosh said that some time ago Mr. Loggie had agreed to pay for part of the repairs, and he thought this was fai . The drain would be fixed at once.

Ald. Snowball said that the town would not be responsible in the event of an accident to Mr. Loggie's horses, as teams were not supposed to cross this drain.

Mr. Loggie that the town would not be responsible in case of accident. - Carried. Mrs. Martin Kenny's letter asking for reduction of taxes was referred to Finance

was referred back for amendment. F. E. Neale's sworn statement that the Review. Neale-McDonald land, King st., had beer assessed at \$200 more than was paid for was referred to Finance Committe.

he had been over-assessed \$1500 on real estate and that his income should be asse sed at \$800 instead of \$1000, was referred to Figance Committee-

Ald. McIntosh read the month's labo bills and they were ordered paid. Ald. Snowball reported recommending that the Beason tank be filled up and that

the Richards memorial fountain be supplied with water and electric lights. During the month four water and five sewer applications had been made. - A lopted. Ald. Hocken submitted fire and park

bills which were ordered to be paid. Ald. Morris read police bills which were ordered to be paid. Ald. MacLaphlan of Finance Com sittee

reported that the petitions from Mrs. Thos. Green and Mrs. John Grost, sr., referred to had received due consideration. In dealing with these and similar petitions, your committee is guided by the principle that, save in exceptional cases, an appeal to the Council for redress is permissable when the petitioners have complied with the terms of the Assessment Act, and having furnished the Board of Assessors with the required sworn statement, that body refuses or objects to base their valuation for assessment purposes upon the information given in such statement. That the valuation oi Mrs. Thos. Mr. J. D. Seaman was re-elected secretary Green's property is believed to be a reasonable one; with respect to 1902 taxes, still of unpaid, it was recommended, on account of the death of her husband, that the poll tax for that year be remitted. The petition is still under consideration in respect exemption extended to widows. With regard to Mrs. John Great's petition, the committee find a reduction of \$200 personal property has already been made this year, and are unable to grant the petition. The town's current account credit balance at 31st July with bank N. S. was \$958.82, bond account credit \$40.19. The

present credit balance is the first for the past 18 months .- Adopted. Scott Act convictions for July were report ed as follows: Jas. Johnston, J. McKinnon, P. Archer, J. D. Lahay, T. Flanagao, A. Freakear, G. Morris, M. Kain, T. Flanagan. J. McKinnon, A. Mann, P. Archer, A. Freakear and Mrs. Springer, (search, nothing

cause being that the promoters have been Total S. A. fines for month was \$649.80 J. D. Lahay's tine was allowed to stand on account of going out of business.

Ald. Maher said By-Law Committee had not amended section 10 of by-law re street loafing as there was no such section. way he objected to men being denied privilege of standing on the street after their day's work. Horses could stand in the gutters in front of stores all day; why couldn't ratepayers do the same.

Ald. Snowball, Hocken and Watt thought Ald, Maher had offered a poor excuse for not dealing with the by-law. Loafing about streets should be stopped as the language used by young men was often insulting to ladies passing. The committee was asked to have the by-law ready for next meeting. Adjourned.

NEWS AND NOTES.

The gale which swept along the nort shore Monday night 27th ult., did a great deal of damage to the lobster boats and gear. From Shemogue to Cape Tormentine the damage was estimated at \$20,000 to \$25,000, mostly to fishermen. Packing companies did not lose much, but fishing was practically suspended for some days.

P. R. Gogain's store at Cocagne, Kent Co., was burglarized Tuesday night of last week and a considerable amount of tobacen and clothing including a hat and pair of shoes, stolen. No attempt was made to break the safe, showing that the burglar was an amateur at the business. A party is suspected, but there is no trace of him. although the constable and Mr. Gogain proceeded to Moncton in pursuit.

It is stated Colonel Catton, quarter-master general, will succeed Col. Charles E Montizambert as D O.C. of military district No. 5, with headquarters at Kingston. Col. Montizambert will shortly retire or account of the age limit. L'eut. Col. Biggar who is now assistant quarter master general and in command of the army service corps of Canada, will likely succeed Col. Cotton as quartermaster general.

> The Canadian boat, "Tnorella" on Saturday won the third and final race of the series for the Seawanhaka International challenge or small yachts, and this trophy will remain in possession of the Royal St. Lawrence Yacht Club for another season "Thorella" led "Kolatoo" by 12 minutes 16 seconds at the finish of Saturday's race, and had shown the way to the challenger throughout the contest. The race was sailed over a triangular course of 12 miles with a wind that blew about 22 miles an hour at the start, gradually lessening in velocity until at the finish it was blowing at about 10 to 12 miles an hour. "Thorella's" elapsed time was 1 hour 56 minutes, 30 seconds. "Kolutoo's" elapsed time was 2 hours, 8 minutes, 55 seconds.

Father Albert, an Indian priest lately ordained at Oklahoma city, is said to be the first full-blooded Indian raised to the priesthood. He is a Pottawatomie, His history is interesting. His brightness and acquis. Strawberries, itiveness in school attracted the attention of Mother Katherine Drexel, of Philadelphia, who maintains numerous Indian missions in Oklahoma Territory. At her own expense Mother Drexel sent him to the Carlisle Indian school. He was later transferred to the Catholic College at Washington, D. C., to be educated for the priesthood. He was the honor man of his class, and was sent to Rome, where he studied philosophy and theology for four years, being one year in the College of the Pope. Father Albert received the blessing of Pope Leo XIII shortly before the high pontiff was stricken with his last illness.

A Quebec despatch of last Friday indicates that the old Mercier methods are working. It says: - "Ald. Tanguay, M.P.P., chairman of the board of directors of the Trans-Canada railway, has returned from Ottawa, and while he will not say so openly, intimates that the government will purchase the charter of the Trans-Canada railway, recouping the company for the expenditure already made, and giving those identified with the scheme a nice little profit in addition. The directors of the Bridge Company also look upon the railway project as affording them an opportunity to make a good round sum out of the bridge scheme. The abutments of the bridge have been completed, but the company is now stuck, the

very careful not to put much of their own

money into the bridge. Provincial and

Dominion subsidies represent about all the money so far spent on the bridge." It is announced by one of the Newport society reporters that members of the "smart set" are seriously considering the idea of engaging jesters whose duty it will be to furnish amusement for the jaded ladies and gentlemen who have eaten everything, drunk everything, seen everything and done everything that could be expected to give them thrills. In former ages every rich man had his own fool, to be always handy for the purpose of amusing the master and his friends. Some very weary members of the Harry Lehr set seem to have either read about or been told about the old custom and they are inclined to give it a trial. Mr Lehr was diverting for a time, but his friends have ceased to be amused by hi monkey dinners, his dog weddings and hi own masqueradings as half clown, hal idiot. The court jester seems to be the on'y hope of a debased and debasing crowd that is worse than London's "smart set,"

Maud and Her John.

Maud Muller's hubby, whose name was John

which is bad enough in all conscience.

He didn't fancy the job a bit, But Maud commanded, and she was It, The sun beat down on his suffering head The words that fell from his wabby jaw We dare not publish through fear of law The mower sang an unearthly song As the back-bowed martyr chased along. The sweat purled down o'er his heated breast Till he suffered from water on the chest. Maud sat in the shade of a tree and read That naughty novel, "The Quick and Dead. She chewed her pepsin and glanced anon He'd glance at her when he'd head her way His toilsome work he anon would cease And he'd glance at his love, who looked as cool At her light shirt waist, with the net-work crust, And he vowed he would jump the contract were For her he would bear the heaviest cross But in thoughtless manner she made a crack That caused a break in the camel's back.

DIED.

When next she saw him he had assumed

A jag, and his troubles were all entombed.

Energy, Spap and Ambition Gone -- You Need a Bracing Tonic to Ironize the Blood. Try

FERROZONE

Ferrozone will make you strong and capable of doing a heavy day's work without fatigue. It is a marvellous remedy, and does marvellous things, as the following

testimonial proves :

Newlands, Swansea

"After my baby was born, I was left in a weak, sickly condition, totally unfit for a mother's household duties. I somehow did not gain strength, although I took malt extracts and tonics all the time. A lady friend recommended Ferrozone, which I used with splendid results. The first box helped quite a little, and when I had taken six boxes my former health, ruddy cheeks, and good spirits, were fully restored."-Mrs.

You can't spend 20c. to a better advansooner you get Ferrozone, the sooner you will get well. Don't accept a substitute, but insist on your druggists supplying the genuine Ferrozone, which sells for 50e. a box, or six boxes for \$2.50. By mail from The Ferrozone Company, Kingston, Ont.
