A STRANGE VERDICT.

In the canon of Freiburg, Switzerland, the curious prison custom pre Government in lodging and feeding them. Ten years ago, a rich merchant was condemned to a period of eight years imprisonment, and at the outset of his term the authorities took from him the sum of 5,840 francs, to cover the cost of his unwilling sojourn behind the prison walls. The criminal, however, effected his escape on the first day of his confinement, and now, after ten years' absence, when all legal possibility of reclaiming him has lapsed, he has returned to his native place and has sued the authorities for the return of the 5,840 francs. Incredible as it sounds, the Supreme Court at Lausanne has returned a o verdict in the merchant's favor, on the ground that the prison authorities of Freiburg are unable to prove • that they have rendered value for the money forcibly taken from him. Consequently, the ex-criminal has re-
