EFFECT OF COLOR.

Some curious experiences are re-

ported from Italy as to the effect of colors on the nerves of the sick and insane. In the hospital for the in-Isane at Alessandria special rooms are arranged with red or blue glass lin the windows, and also red and blue paint on the walls. A violent patient is suddenly brought into blue room and left to the effects of that color on his nerves. One maniac was cured in an hour; another was at peace in his mind after passing a day in a room of violet. The red room is used for the commonest form of dementia-melancholy-usually accompanied by a refusal to take food. After three hours in the red room a patient in this Way began to be cheerful and ask

PERSONAL TO SUBSCRIBERS WE WILL SEND to every subscriber or reader of this paper a full-sized month's treatment, to be paid for within one month's time after receipt, if the receiver can truthfully say that its use has done him or her more good than all the drugs and dopes of quacks or good doctors or patent medicines he or she has ever used. READ this over again carefully, and understand that we ask our pay only when it has done you good, and not before. We take all the risk; you have nothing to lose. If it does not benefit you, you pay us nothing. VITAE-ORE is a natural hard, adamantine rock-like substance—mineral— ORE-mined from the ground like gold and silver, and requires about twenty years for oxidization. It contains free iron, free sulphur and magnesium, and one package will equal in medicinal strength and curative value 800 gallons of the most powerful, efficacious mineral water, drank fresh at the springs. It is a geological discovery, to which there is nothing added or taken from. It is the marvel of the century for curing such diseases as Rheumausm.
