

Publisher's Notice.

The publisher desires to urge upon the notice of all who wish to contribute matter of any kind to the ADVANCE's columnswhether it be advertising, news or notices of meetings, etc .- that the paper goes to press en Wednesday afternoons and, to ensure publication, their favors should be in office not later than Wednesday morning.

The printing of the paper is frequently delayed by persons who hold back accounts of. of meetings, announcements of entertainments, etc., which they might easily send in days before that on which we go to press, but they seem to consult only their own convenience and often place them in our hands on Wednesday after the paper made ready for press, and seem to think it a hardship because they do not appear; and in most cases of this kind, the contributious are really free list advertisements. W Want to help every deserving organization the community, freely, in every legitimate way, but must expect them not to delay the publication of the paper when they wish to make use of our columns. Send your matter for the ADVANCE along on Monday or Tuesday, but don't hold it back until Wednesday if you can possibly avoid doing so.

THE CHATHAM Board of Trade is to mee t Tuesday evening.

GREEN PEAS from up the St John rive have been in the St. J. hn market for a week.

KENDRICK's is King over all pain-Lameness-Rheumatism-Neuralgia-Sore Throat and Lunge.

A Fox RANCH:-Mr. James Connell, of Little Bartibog, has an interesting aggregation of foxes, young and old. On the first of June last year he captured three-two vixens and a male-and they appear to have gone to the limit of reproducion, as he now reports the collection as numbering fifteen in all, the two litters counting a half dozen each, When asked, by our reporter on Tuesday if he was selling any of them, he said he had not yet offered any on the market, but was contemplating establishment of a warren or fox farm for breeding purposes; he holds them, meantime. at \$10 a pair.

"AJAX:"-Both of the Greek heroes who bore this name were in the yachting line-or at least, they were sailors-which, no doubt. accounts for the selection of the non deplume under which our great vachting authority wrote to himself last Saturday on the subject of "losfers." Bishop Barry at Dalhousie.

Campbellion Events of last Thursday says; - His Lordship Bishop Barry, of Chatham, accompanied by his secretary, Rev. L. O'L'ary, and Very Rev. Father Maurice, O. W. C., arrived in Dalhousie on Saturday evening last from Upper Charlo, Hi Lordship administered the Sacrament of Confirmation to 67 persons on Sunday morn ing. During the two forenoon services the large congregations attending both services were addressed in French and English by His Lordship and Rev. Fathers Maurice and O'Leary. During his Lordship's stay in Dalhousie a meeting of the parishioners was held in the old church to take into considerstion several important church matters. Hon. C. H. LaBillo e acted as chairman, and Wm. F. Comeau, secretary. One of the subjects discussed at the meeting was the application made by the people of Dundee, Shannouvale and Eel River Crossing to build a new church. It resulted in his Lordship giving permission to build a new church, and a strong committee was appointed to take ways and means to carry out the project. While his Lordship was here the pupils of the Convent gave a little entertainmens in his honor. A great mary parents of the children were present, and the affair was pronounced a great success.

Cures Cold in One Hour

Many cold cures are dangerous because composed of deadening opiates. But fragrant healing Catarrhozone cures colds in one hour and is both harmless and delightful to use. Even the worst colds, sneez ng, aniffeling colds with running eyes are stopped very quickly when the balsomic vapor of Catarrhezone is inhaled. Catarrhezone acts ike a chaim on colds, kills them outright and prevents their return a few hours later. For colds, catarrh and throat trouble use only Catarrhozone. Complete outfit \$1.00, trial ze 25c. at all drugg sta'.

The Cathedral Bazaar.

The coming bezsar and fancy fair in aid of the new Cathedral now in course of erection in Chatham promises to surpass all former entertainments of the kind on the Miramichi. It is to be held in the Exhib. ition building, which of itself is an important thing, as that place affords ample space and convenient arrangements for all departments of the great undertaking. It will admit of new features being introduced and afford immunity from contingencies weather, which have on other occasions been inconvenient. St. Michael's band is to furnish music, and the proficiency to which that organization has attained and the programme it has in preparation ought to be a drawing feature. There is to be the usual variety of useful and fancy articles offered for sale and games and amusements in great variety WANTED-FAITHFUL PERSON TO TRAVEL will be provided. Tea will be served evening will be ten o'clock.

The object for which this bazaar and fancy fair is to be held is one which appeals | Doaktown are visiting friends in town. to the generous support of the whole community, and it should have a general and liberal patronage.

Obituary.

While stream driving in Maine, Alex ander D. Eige, second son of Mr. William Edge, and one of Black River's brightest and most popular young men, was instantly killed. Deceased was in the employ of the Great Northern Paper Co., and was assisting in breaking a jam of logs. Dyna-

A Moncton despatch of Monday says: "Beatrice Sutton, daughter of John Sutton, I C. R, died this morning after a lingering illness, aged fifteen years."

William Stewart, unmarried, aged 47 died at Campbellton, on Saturday, after s short illness. Deceased was a native of Dalhousie, a son of the late Dugald Stewart who for many years held the position of collector of customs for the port of Dalhousie. The late Mr. Stewart moved to Campbellton a few years ago and engaged in business. The body was brought to Dalhousie on Saturday evening and deposited in the Presbyterian church.

A special train brought a large number of Campbellton's leading citizens who, attended the funeral at 10 a.m. on Sunday. The procession was a very long one.

The service at the church was conducted Rev. Mr. Leck and as the deceased belonged to the Independent Order of Foresters the members of that society held their usual service at the grave. The pall-bearers were Daniel O'Keefe, J.

Howe Taylor, James Jardine, Thomas Scott. Andrew Barberie and George Lambkie. The decased was a brother of Sheriff Stewart, Restigouche county, and Albert Stewart, Bathurst, and an uncle of W. A. Mott, E q., ex M. P. P.

Fires.

On Tuesday forenoon fire was discovered in the residence of ald. Donald Fraser, east end of Chatham, but the timely arrival of the firemen and admirable working of the town water system save I the property.

A second alarm of fire was given a few minutes after twelve o'clock by the ringing of old No 1 engine house bell. It was in the Whitty carriage factory on Wellington mite was used and on the fase being lighted, street between Johnston and St. John Eige stationed himself behind a tree for streets. In a very few minutes from the protection, when a log blown from the time it started the western building of the jam rebounded from a tree behind and works was a mass of roaring flames and striking him on the head and body, fractured | cinders were being driven from it towards his skull and broke one arm. Death was the buildings eastward by the strong south instantaneous. The deceased who was in west wind that was blowing. Citizens his 23rd year, was a former pupil of the were proud of our firemen's work and of Chatham Grammar School and highly Chatham's water system, for in less than esteemed by ail. The remains, in charge of ten minutes after the alarm was sounded Mr. Dougall McKeel, a foreman of the four streams were concentrated on the fire follows with passing events. For Company in which Eige was employed, and it was se subdued in a few minutes as that commanded the buildings in the block any of the pr zes easily beat the winner in

to leeward of that in which the fire was, | pole vaulting, putting the shot, etc. and some strangers who were onlookers expressed their admiration of Chatham's efficient fire-fighters and the towa's excellent viz. E. V. Miller, A. Troy, M. Broeks, T. fire equipment. Premier Tweedie was amongst those who watched the firemen's well directed efforts and he gave Capt, Burke a ten dollar bank note for their fund. Messrs. Whitty's loss must be very considerable, as they had a number of new vehicles made up, ready to deliver to patrons. These represented their work for some menths and also a lot of imported stock. Amongst those who had waggons or sleighs on the premises under repair were A. S. Ullock, W. J. Groat, Andrew Marquis and Capt Cameron and they are losers. There was no insurance on any of the stock. understand, however, that the estate of the late Alex. Robinson, to which the buildings

belonged, had \$1,000 insurance. A thing which impressed enlookers was the fact that the firemen, who were called from their different avocations about the town responded just as they were, in their everyday clothing, not having time to make changes. The result was that the suits they wore were saturated with water and otherwise so damaged as not to be again presentable. The men suffer such losses as this at many of the fires to which they are called and do it cheerfully It, therefore, seems that they are underpaid for the services they render to the public and the lesses they sustain in the prompt and unselfish performance of their duty.

Young at Caraquet, Gloucester County, was struck by lightning during the storm on Saturday afternoon, caught fire and was totally consumed, with nearly all the contents, Loss nearly \$10,000; insurance,

The residence of the late Hon. Robert

Grand Anse station building on the Caraquet Railway, was totally destroyed by fire, with contents, on Tuesday morning of last week. Loss about one thousand dollars:

A Man Hates Himself

When he wakes up with a headache and bad taste in the mouth. Something is needed to settle the stomach, clear away the dull heavy feeling and create a little appetite. Just get a tumbler of water, some white sugar, and pour in a stiff dose of Nerviline. You'll pick up immediately and feel tip-top n a few minutes. Nerviline hasn't an equal for a condition of this kind. It stimulates, cures the headache, relieves the sick feeling and fits you for a hard day's work. Try Nerviline. Large bottles costs 25c.

Seed Growers Organize.

DEPARTMENT OF AGRICULTURE, Commissioner's Branch. Ottawa, June 30, 1904. THE BENEFITS OF SEED SELECTION. IM-

PROVEMENT IN FARM CROPS. A meeting that promises to have a farreaching effect on the production of farm orops in Canada was held in Ottawa on the 15th and 16th of June. This was the organization meeting of the Canadian Seed Grower's Association, the chief aim of which is to encourage the production and general use of seed of superior quality for farm crops. Experience has shown that in al. kinds of farm crops the yield per acre may be materially increased and the quality substantially improved by the use of seed which has been graded up by careful growing and systematic. intelligent selection, continued from year to year. Vigour of growth and productiveness in individual plants are trans mitted through their seeds to the succeed ing crop quite as surely as any desirable characteristics are transmitted to animals

PEDIGREED SEED. With the above fact in view the newly formed association, which will immediately apply for Dominion incorporation, drafted a constitution to regulate the growing, selecting and improving of farm seeds by its members, and providing for keeping records of the history of seeds, fixing standard, and issuing certificates of ation will be confined to wheat, oats, barley, maize, peas, beans, flax, millet and potatoes. Each operating member will be required to conduct annually a hand selected seed plot of not less than one quarter acre, and must keep a record in writing of each year,s operations. District superintendants will supervise

and aid the work of the members. SOME RESULTS OF SEED SELECTION. In France and in Germany sugar beets now produce twice as many pounds of sugar per acre-twice as many pounds of refined sugar per acre—as they did before the improvement of the sugar beet was under aken in a systematic manne ; that is with the same soil, the same climate and the same kind of fertilizer. That three generations ago; his grandson is at

Some seven years ago the Illinois experiment station undertook to impreve the quality of Lidian corn in this way. B. G. Joe, R. Allan, Chatham, 1. 4,4, 3. They had analyses made of the very best corn they could find for a high percentage of protein. They found the good corn contained about 9 per cent of procein. Ponenca, Fred M. Eddy, Chatham, 4, 2, 3, 4 Then they planted rows from the ears having the highest percentage of pro'ein, and after six years' eareful selection they had some corn that showed an average of over 15 per cent protein, or 2 per cent higher than that of wheat. This is an amazing achievement for this continent; for if we have Indian corn richer in protein than wheat, it will be an immense benefit and advantage in the feeding of cattle, the production of bacon, and even in the nourishment of human beings from the cereal district.

The Minnesota experiment station has had a similar experience with flax, for in six years' selection they have effected an increase of 20 per cent in the length of fibre and in the yield of seed of the flax plant.

CANADIAN RESULTS AND POSSIBILITIES. As it is generally known the Macdon. ald Robertson Seed Growers' Association, which is superseded by the new organization, was an outgrowth of a competition for prizes aggregating \$10,000 that were given by Sir Wm. Macdonald to school boys and girls operating seed plots and selecting the best heads of wheat and oats during the years 1900, 1901 and 1902. This competition was conducted under the supervision of Prof. Robertson. hence the name of the original association. In the case of the crops grown by the boys and girls the increase was 18 per cent in the number of grains in the 100 selected heads of spring wheat, and 28 per cent in the weight of grains in the 100 heads. Similar increases were obtained with oats. Ninety-two per cent of the reports said that the quarter-acre plots carried crops decidedly more vigorous and heavy than crops from the same farm in the same season from unselected

An increase of even 20 per cent in the total yield of Canadian farm crops would mean the addition of millions of dollars to the wealth of the country. Another great possibility is found in connection with the improvement which may be made in quality. Take wheat for Tuesday, 19th July instance. From Sept, 1st, 1903, to March 31st, 1904, the government inspection of wheat in Western Canada showed 497,000 bushels of No. 1 hard; 5,108 000 bushels of No 1 Northern, and 7,639,000 bushels of No. 2 Northern. A very large proportion of the two latter grades would grade No. 1 hard, were it not for the admixture of other grains and other varieties of wheat. Here is an unlimited field for the application of the principle of seed selection.

The executive council of the new association is composed of the president Prof. Jas. W. Robertson, the secretary, provided, Mr. G. H. Clark, chief of the Seed Division, O tawa, and five directors, Zwitz, J. H. Grisdale and W. H. Daviden'ing each province and the territories, and close at 10 o'clock, except the first day, when it will open at 2 o'clock. complete the board of directors.

MARRIED.

Thousands say That McClure's

Magazine is the best published at any price. Yet it is only 10 cents

a copy, \$1.00 a year.

In every number of McClure's there are Articles of intense interest | Six good short stories, humorous stories, stories of on subjects of the greatest life and action—and always national importance,

In 1904 Plans and specifications may be seen at the Station Master's Office at Mulgrave, NS, and at the Chief Engineer's Office, Moncton, NB, where forms of tender may be obtained.

McClure's will be more interesting, important and entertaining the content of tender may be obtained.
