JAMES A. HAY,
 CARRIAGE BUILDER,

Light Driving waggons, Concord, Piano Boxes, Express Carts etc. Trimming and repairing a speciality. Best stock kept always on hand. Come and inspect. I have also the sole right to use

Young's New Axle Cutter Patented in the United States and Dominion of Canada. We would call the attention of all owners of carriages or waggons to this Machine and the benefits derived from its use. All wagon axles after being two or more years in use become worn till they become loose, requiring the use of leather washers to take up the lateral play; the washers soon filling with sand, cause the axles to wear much faster, until the axle is soon ruined, or nearly so.

THE REMEDY.
 By the aid of this very simple machine, the shoulder for the axle nut is cut back and the thread extended, allowing the nut to be screwed further on, causing the wheel to turn as evenly as when new. Give us a call before purchasing elsewhere. A Paint shop is in connection with the Factory. Orders respectfully solicited and satisfaction guaranteed.
