

TWO PICTURES.

This is what the great Edmund Burke says of the duty of a Representative. We want Mr. Snowball and his friends to read it:—

"It is the duty of your parliamentary representative to sacrifice his repose and his pleasures to yours, and above all, to prefer in all cases YOUR INTEREST TO HIS OWN."

AN IGNOMINIOUS BACK DOWN.

Few British subjects on this side the Atlantic, have read of the ignominious back down of the British Government on the American claims for damages in re the Fortune Bay affair, with other feelings than disgust and contempt.

Some of the Colonial papers thought the document a substantial declaration that the British Government would resist the payment; but it was our opinion that serious mischief had been done in opening the case at all, in arguing about it and bandying words, instead of waving it peremptorily out of court.

We consider this more than a back down—it is a positive outrage; and especially so if the Newfoundland Government will be asked to pay the amount. A lot of lawless, infidel Yankee fishermen, of a Sunday morning get on board their boats, and cast out their nets to haul fish, though it was contrary to the local laws to so take it, and the American Government by the wording of the treaty, had only rights in common with Newfoundland fishermen.

They cut the Americans' nets adrift, and drove the fishermen from the shore. For a few fathoms of net—destroyed unlawfully of course, as the people should not have taken the law in their own hands—these same treaty and Sabbath breakers get fifteen thousand pounds sterling!

A GARTER FOR SIR JOHN.

It is said Sir John Macdonald is to be invested with the order of the Garter while in England. While less worthy and brilliant statesmen have received this distinguished honor, it is not likely the rumor will prove correct.

NOTE.—Our readers may pardon us for introducing a short note on the origin of this order, since the question has come up. The order of the Garter is the most ancient and honorable order in England.

It was instituted by Edward III about the year 1350. This prince having engaged in a war with France, to which country he laid claim in right of his mother Isabella, he drew to his banner all the brave and eminent spirits he could find.

THE END OF THE WORLD. Some farmers in Russel County, Ontario, are so overcome by Mrs. Ship on's prophecies, that they have not put in any crops this spring, believing the world will come to an end on the 19th of June.

ARCHBISHOP CROKE'S ADDRESS.

We publish elsewhere today all we have been able to get, of the powerful, and eloquent address of His Grace Archbishop Croke at Thurles on Wednesday last. Such a speech we have never had the privilege of printing before. It is the outburst of a great and good mind, a lofty appeal through constitutional, legal and moral means to the lofty and better nature of Mr. Gladstone and the Irish people.

We need not quote more. Our readers will be better rewarded, by reading His Grace's words for themselves.

GREAT ROADS.

We are glad to be able to announce that the Chief Commissioner of Public Works has placed at the disposal of Mr. Supervisor McNaughton, the sum of \$600, to be expended on the great road from Chatham to Ulooks, on the Richibucto Road so called. This is a handsome sum for this portion of road, and in excess of any amount granted for the same service this many years.

THE LAND BILL.

Those who read the reception of the Land Bill got in the house of Commons, must see what public sentiment is, on the land question in Ireland. In a house of 528 members, the bill got a second reading by a majority of 176 votes, the vote standing 352 for and 176 against, or two to one.

DR. KINGDON.

Dr. Kingdon, the Protestant Co adjutor Bishop of New Brunswick, arrived in Fredericton Friday last. He conducted both services at the Cathedral on Sunday, and a Fredericton correspondent describes him as a rapid speaker.

SUPERANNUATIONS.

It is reported that Mr. Wm. Smith, Deputy Minister of Marine is to be superannuated. We all have our short comings, and so too no doubt has Mr. Smith, but by his superannuation the public service will lose an efficient officer.

THE END OF THE WORLD.

Some farmers in Russel County, Ontario, are so overcome by Mrs. Ship on's prophecies, that they have not put in any crops this spring, believing the world will come to an end on the 19th of June.

Sir Charles Tupper will probably visit the Maritime Provinces, with Sir Hector Langevin. Both will get a hearty welcome if they come to the North Shore, and our hospitable people have plenty for both—and for Mr. Blake with them.

Senator McLelan it is thought will be elected for Colchester by fully 400 majority. The election of the Government candidate for Pictou, is not expected. The election takes place in both counties on the 18th inst. *

The press association of Toronto, lately gave Professor Goldwin Smith a banquet. The Professor goes to Europe shortly, and his paper the Bystander will rest in the interim.

Mr. Snowball is now so much ashamed of himself for his small act in preventing ships from going to Mr. Crimmon & Co's ballast wharf, that he denies having done so.

A Bailiff in New Pallas, Ireland, on Sunday last, shot one man dead, and wounded others. The bailiff and his three sons are now in jail.

It is said Mr Brunel the obnoxious Deputy of Inland Revenue is to be superannuated. The sooner the better.

Action in the ballast wharves matter, is not taken any too soon.

There are now 30,000 soldiers in Ireland.

A GLANCE AT DAVITT IN PRISON.

Mr Davitt was visited in prison today by Mrs. A. M. Sullivan. She had a long interview with the imprisoned leader of the Land League in presence of the governor of the goal. Mr. Davitt is in good health and spirits. He is not compelled to associate with the other prisoners, and by order from the Home Department he is treated with exceptional consideration.

ADDRESS TO SIR HECTOR L. LANGEVIN.

Sir Hector Langevin was presented on the 2nd inst. in Ottawa, with an address from the staff of the Department of Public Works congratulating him on the high honour of knighthood recently conferred on him by her Majesty. The occasion was a pleasing and interesting one, and well calculated to evince the esteem and regard entertained for the popular Minister by those in the service of his department.

"To the Hon. Sir Hector L. Langevin, K. C. M. G., C. B., Minister of Public Works:

"HONOURABLE SIR,—Although as public employes we take no share in party politics, we consider we may be allowed to express our sincere and respectful felicitations on the occasion of the high dignity recently conferred on you by her most gracious Majesty Queen Victoria by appointing you Knight Commander of the most illustrious order of St. Michael and St. George. The many services you have rendered to the country, and your unceasing labors for its welfare, have entitled you to this royal favour. It is, therefore, with feelings of great pride and pleasure that we come in a body before you, honourable sir, to unite with those who have already greeted you on your elevation to so distinguished a dignity. We also beg to congratulate Lady Langevin on this new mark of distinction which your talents and merit have won for her.

"Department of Public Works, Ottawa, June 2nd, 1881. (Signed) "G. F. BAILLAIRGE, and the whole staff of the department."

Sir Hector made a very happy reply.

BISHOP SWEENEY'S RETURN FROM ROME.

The Allan steamer from England arrived at Rimouski at one o'clock yesterday morning, and landed the mails and passengers for St. John, among the latter being His Lordship Bishop Sweeney and Rev. Father Michaud, returning from a visit to Rome and other cities in Europe. The train with the passengers and mail left Rimouski at 4.50 a.m., and arrived at the station here about 7.30 p.m. Word that His Lordship was on board the train was telegraphed from Moncton, and as a consequence, a large number of the Catholic congregations of the city, Carleton and Portland, and others, had gathered at the station to witness his

arrival. When the train stopped, His Lordship and Father Michaud stepped from the car and were met by a reception committee from the Cathedral and Portland congregations. Barouches were in waiting, and His Lordship and Father Michaud were driven to the Palace on Waterloo street. The route was up Dorchester street to Union, thence to Waterloo street to the Palace. There were five barouches, in the first being Bishop Sweeney, Very Rev. Thos. Connolly, V. G., Hon. T. W. Anglin and R. F. Quigley, Esq. The occupants of the other barouches were Rev. Fathers Ouellet, Menhan and Michaud, and several lay gentlemen. Several hours were very pleasantly spent at the Palace, His Lordship giving very interesting descriptions of his visit with Father Michaud to the Eternal City. Large numbers of visitors also called on His Lordship during the evening to welcome him home. St. Vincent's Convent on Cliff street was brilliantly illuminated in honor of his return.

In the evening at seven o'clock the Cathedral congregation (including the Carleton congregation) presented Bishop Sweeney with an address accompanied by a handsome purse, and His Lordship replied, after which the Portland congregation presented an address. The Cathedral bell began to ring at 6 o'clock and the presentation took place at 7 o'clock.

PRECAUTIONS AGAINST HYDROPHOBIA.

The Prefect of Paris has placarded the walls with instructions as to the treatment of wounds inflicted by rabid animals, or animals suspected of being mad. These instructions have been prepared by a special commission of distinguished men, and deserve to be widely known. They state (1) that the wounds, whether deep or slight, should be made to bleed freely by necessary pressure, and then to be washed by a stream of water to the moment of cauterization. (2.) Cauterization should be effected with Vienna, beurre d'antimoine, chloride of zinc, and better still by a red hot iron—any piece of iron, even a key or nail made red hot will do, if only no part of the wound be left untouched. (3.) The success of the cauterization being dependent on the promptness with which it is performed, everyone should be ready to perform the service before the arrival of a doctor. (4.) Cauterization with ammonia and different kinds of alcohol are completely useless.

BRIEF.

Mr. Gladstone said there was no foundation whatever for the statement that the Irish Executive represented to the Cabinet the necessity for suppressing the Land League.
