Faithful Unto Death.

A touching story is narrated in connection with the execution of Walter Watson at Highland, Ind., for the murder of Ezra Compton. The parties had quarreled about the charge of twenty. five cents for some soap made by Compton, who was a storekeeper. The wife of Watson, to whom he had been but a year married. endeavored to restrain him from the quarrel, but her entreaties failed. A week before the execution Mrs. Watson visited the governor with for and digest, by changing food and her babe in her arms, and made a strong also changing methods of preparing it. personal appeal for mercy, but that offi-cial declined to interfere because the sentence had been confirmed by the Su-in young orchards, on account of the preme Court. The faithful wife was a tendency of such crops to dry up the soil daily visitor to her husband's cell, and in summer, leaving the trees to suffer for joined him in fervent prayers for for- want of moisture. In wet soil the grains giveness, During the last night most of must be beneficial instead of injurious, the time she sat on his knee, breathing especially in wet seasons; still, as a rule, truly a penitent and expressed himself as ing cultivation in summer. Potatoes, was for a moment overcome and fell on that overmastered her agony. She this from a minister. When I was marfor better or for worse. I promised this the calf should never know the weaning to a minister, and I am going to keep my word as far as God will let me." On reaching the gallows the pair soonto be sundered mounted the steps hand in hand. They were seated side by side From early spring until late autumn over the fatal trap. She again took his these restless visitors hunt the fields hand and sobbed with her little nead and gardens in quest of food, prying into resting upon his shoulder, while the every nook and crevice where the deminister made the closing prayers.

Meanwhile the culprit sat in his chair, unmoved. A heart-broken wife was sobbing on his bosom, strong men sobbed, but the man about to be hanged seemed that frequents a farm—if we except the but the man about to be hanged seemed an uninterested spectator of the absorbing scene of which he was the cen- anpaid service whose importance we can tral figure. drunkenness along the streets has just come in from his claim. So it goes.

Everybody is interested, and hence everybody is excited over the news to be gathered. Nor is the mining excitement confined to this district. Carbonateville or Ten-mile, Kokomo, Granite, Eagle River, the Gunneson and many other places within a radius of forty miles of Leadville come in for their share of the excitement. Reports are constantly coming in of rich strikes at each of the places. But Leadville is the center. From this place go the prospectors; to this place come those who have prospered. This makes Leadville the wonder, and puts it far ahead of any camp known in the past or present. It a visitor saw two tongues, a big and a is impossible to give a correct or definite idea of the camp. It must be seen to be known. Though thousands of letters go from here daily, both to the press and ndividuals, and each writer strives to tell those behind what it is and what it is like, yet every newcomer is surprised, and in no instance that has come under my observation has the camp failed to far exceed expectations. "Take out the ringing of the churchbells and the small percentage of the population which attend church, an there is no Sabbath in Leadville. The gans made; but they are not much more, while saw-mills turn out just as much lumber, the quality is vastly superior. This has been the blacksmith fires are just as hot, as so thoroughly proved by the results at all great much and more money is won and lost | world's expositions for many years that it is no at gaming, as many goods are sold on the Sabbath as on a week day. In truth, in passing through the town on the Sabbath, if the street leading by the churches is not taken no imagination could torture it into a Sabbath day. There is the same whirr and buzz as on other days; 1878. Prices, markets and buyers of evapoor, if there be a difference, it is on the in- | rated fruit, etc., etc. crease, for Sunday is the day that many miners come in from the mountains to do their trading. In justice to the car-penters, I should mention that I have noticed that not a great many of them thus desecrate the Lord's day; but it does really look as if nearly all who have come here have neglected to bring the fourth commandment with them. "The universal inquiry is, will this rush continue, and, if so, how ong? Shrewd men hold their business well in hand, so that if the crash should come their lamps will be burning. One thing is beyond doubt. and that is that the mountains are full of carbonates, and I now do not doubt that the richest discoveries are yet to be made, and that the half has not yet been dreamed of. In addition to the silver discoveries, gold has been found in its very richness up to the California gulch (the memorable gulch of the 1860 excitement). Capitalists have taken hold of Oats-White State..... it, and the indications now are that during the coming summer many gold Straw-Long Rye, per cwt..... leads will be found. As long as these discoveries are made Leadville will thrive; beyond this I will not attempt to Petro's non-Condensation prophesy, for the longer I stay here the more bewildered and puzzled am I. The Buiter-State Creamery..... enterprise here is astonishing. New houses are going up, as with a magician's wand, in all parts of the camp. A street Cheese-State Factory..... that was familiar yesterday presents a wholly different appearance to-day, and Eggs-State and Pennsylvania..... yet there is a cry for more houses, more room, etc., etc. I succeeded in getting an office on Chestnut street, after waiting and watching two weeks. It was rented before the house was built, but

It is when our budding hopes are nipped beyond recovery by some rough wind that we are the most disposed to picture to ourselves what flowers they might have borne if they had flourished.

A Governor's Arrest as a Horse Thief

It is related that while Thomas Mann Randolph was Governor of Virginia, he was once arrested within a few hundred milk and put in flour and a little salt. yards of his home, in this county, and Frosting for the same.-Take the whites carried a prisoner to his own house. The story is to the following effect: The governor was on a visit to his own home, and finding that the fencing on cold add the frosting; drop on with a his plantation was pulled down and spoon, and set it in the oven till a light intoxicates him to such an extent that burned by wagoners passing along from the Valley to Richmond, he determined to detect and punish them. One evening he observed a party go into camp on the roadside, and after dark he strolled down to a point where he could conveniently watch them. He staid out all night, but the wagoners made no depredations on' his fences. In the early morning, however, when they were about to kindle the fires to prepare breakfast, they started out to gather up what fuel they might find for that purpose, when they spied a man sitting on the fence a short distance ahead.

Now, it appears that a short time before, Governor Randolph had issued his nounced that he was their prisoner. The oven. Bake one and a half or two One of them proposed, as he cracked his hours.—Rural Home. to take him to the residence of Governor If you have cold potatoes, chop fine and drink .- Pall Mall Gazette. Randolph, which was near by, and get mix with the meat; if they are hot, mash. his advice. Accordingly, they marched Allow one-third meat to two-thirds potheir prisoner up to the house, and tato. Put this mixture in the fryingknocking at the front door, a servant pan, with a little water to moisten it, and made his appearace, of whom they in- stir in a spoonful of butter, or, if you quired: " Is your master at home?" The servant opened his eyes in aston- and, when warmed through, cover and for another round. ishment at the inquiry, and replied, let stand on a moderately hot part of the pointing to the governor: "That's master!" It is said that the governor then let, and dish. Save all the trimmings promptly confirmed the statement of the and pieces that are left of all kinds of servant, and joined heartily in the laugh meat, and have a hash once or twice a that followed. He then told the man week. It does not hurt a hash to have who had proposed to whip him without different kinds of meat in it. Avoid the opportunity of defense to remain having a hash greasy. outside and he would send him refreshments, at the same time unbuttoning his coat, exposing a pair of pistols, and remarking that he should certainly have used them had an attempt been made to carry the threat of castigation into execution. The other wagoner he invited pots. In June I plunged these into the in to join him in a hot breakfast.-. Charlottesville (Va.) Chronicle.
