Out of Death's Shadow.

THE EXPERIENCE OF A LADY
WHO HAD GIVEN UP HOPE.

Tortured with Pains in the Stomach
for Four Years—Doctors and
Hospital Treatment Failed to
Help Her—In Her Extremity Dr.
Williams' Pink Pills Restored Her
to Health.

From the Pembroke Observer.

Wherever man is to be found there
also, side by side with him, is disease
and suffering. Those who have devoted
their lives to the alleviation of the suffer-
ing and bodily weakness of human or-
ganization are surely benefactors of their
kind, and deserve the praise of all man-
kind. For special honors in this line
may be pointed out the discoverer of
that wonderful remedy, Dr. Williams' Pink
Pills for Pale People. Recently
the case of Mrs. Maggie Brunette, of
Chichester, Que., came prominently under
the notice of the Observer reporter.
He felt it to be his duty, on hearing of
Mrs. Brunette's restoration from pro-
strate illness to health, to interview the
lady and record her experience for the
benefit of others who may need the heal-
ing influence of Dr. Williams' Pink Pills.
Mrs. Brunette's farm home was found to
be very comfortable and even elegant,
located near the base of an immense hill,
an outgrowth of the Laurentian Mountains.
The reporter was warmly welcomed and
Mrs. Brunette said she was very glad
to have an opportunity to testify to the great
benefit Dr. Williams' Pink Pills had con-
ferred upon her. She is 42 years of age
now. Her husband, the late Chas. Bru-
nette, died 14 years ago, and after his
death she worked very hard for some
years, with the result that she became
completely run down, so much so that,
although quite tall, she weighed only
about 90 pounds. After taking the slightest
food she felt such distress that she was
compelled to lie down for hours, being so
weak that she was unable to sit up. At
last she thought she must have been at-
tacked by cancer of the stomach, so violent
were the pains that constantly harass-
ed her. She consulted the best physicians
and spent more than a hundred dollars
in treatment and medicine, in addition to
which she spent nine weeks in the hos-
pital at Lunenburg. But all this she was
ill four years and despaired of ever being
well. Finally she decided to give Dr.
Williams' Pink Pills a trial, and accord-
ingly she procured six boxes. Although they
benefitted her almost from the time
she began taking them, she kept on tak-
ing the pills until she had taken sixteen
boxes, and then felt that she was com-
pletely cured, the pills accomplishing in
three months what four years of medical
treatment had failed to do. From that
time, nearly three years ago, Mrs. Bru-
nette has been in good health, needing no
medicine. "You can see," said Mrs.
Brunette, as the reporter was departing,
"that I am in perfect health, I attend to
all my household work and the dairy and
poultry, and have a large number of cows
to milk. I never fail to say a good word
for Dr. Williams' Pink Pills when I have
an opportunity, for they did wonderful
things for me." Mrs. Brunette is a well
educated lady, speaking French and Eng-
lish fluently.

Swept By Fire.

HALIFAX, Jan. 12.—Bridgewater, or
the part of it devoted to the business
interests of the town, is in ashes.

This morning a dispatch was flashed
over the wires from Lunenburg that the
business portion of Bridgewater was in
flames.

The fire, which started early this morn-
ing, has wiped out all the principal
business houses of the town, including
telegraph and telephone offices. The
fact that both these important services
were gone made it hard to get particu-
lars, but advices from Lunenburg indi-
cate that the loss will be very heavy.

The fire started on the main street.
Nearly all the business interests are
centred on this, the principal thorough-
fare of the town. The stores were noted
for their handsome appearance, and the
merchants of the place endeavoured to
have their premises up to date in every
particular.

The stores destroyed are all of wood,
but nevertheless represent a large
amount of money. Nearly all the prin-
cipal merchants had plate glass fronts
in their establishments and carried heavy
stocks. Such buildings as J. T. Power
& Co's, the Music Hall, Patillo Bros.,
Simon Ernst, H. C. Barnaby & Sons,
J. W. Hobbs, the Merchants' and Hal-
ifax Banking Company banks and the
post office were among those burned,
and hardly a vestige of the once pros-
perous business community remains.

The flames were carried to the shop ad-
joining, and in a few minutes the second
building was all ablaze. Then it dawned
upon the citizens that they were face to
face with a terrible calamity.

The fire was rapidly getting the upper
hand, and soon the wooden structure on
the western side of the street caught fire

and burned with great fierceness. The
wind increased in volume and large burn-
ing cinders were carried along with great
force. These embers, fanned by the
breeze, soon burst into flames as they
were carried through the air and falling
on dry roofs of other buildings, a dozen
fires were started in as many different
places.

The fact was soon apparent that the
business portion of the town was doom-
ed. Merchants quickly saw the forlorn
hope, and books, valuable documents and
money were first secured. Attention
was then directed to saving stock. Above
the heads of those fighting to rescue their
goods the flames were ever breaking out.
A building would be entered by the owner
without a sign of fire about it. A
minute later a burning brand would fall
on the roof and the inevitable would fol-
low.

By three o'clock half a dozen build-
ings were in flames and the fire was
spreading. From that hour the
were given all the freedom they could
Both sides of the street were
fiercely, and two hours later a solid
of fire extended along the street. The
large breaks did not serve to check the
flames.

The heat from the many buildings be-
came so intense that it was impossible to
get men to face the unequal battle. Mean-
while the feeling of danger had spread to
the residential portion of the town. Wo-
men and children left their homes in ter-
ror and gazed on the weird scene. For-
tunately the progress of the destroying
element was to be arrested ere it could
render the population homeless. Within
a few hours the fire had control of the
whole half mile of business structures.
Simon Ernst, jeweler, was the last mer-
chant to suffer. His place of business is
situated at the extreme south end of the
town and is half a mile away from the
Music Hall, in which building the fire
was first noticed.

Loss estimated at \$300,000. Insur-
ance about \$100,000.

In Earnest.

Everyone suffering with a bad cold, or
cough should be in earnest about it
it promptly relieved. No medical
modern times has been found so
as Dr. Cook's Sore Cough Cur
English Remedy. It will break
with a few doses.

Burned to Death.

New York, Jan. 11.—Fire destroyed the
three upper floors of the seven story brick
building, No 144-150 Franklin street,
tonight. The place is occupied by the
Cook & Bernheimer Co., dealers in
and manufacturers of whiskey, cordials, li-
quors, etc. It is estimated that the loss
to the building and its contents will
amount to about \$100,000, covered by in-
surance. Knife Vincente, the chief com-
pounder of cordials in the establishment,
who was on the sixth floor at the time
the fire broke out, became excited and
made his way toward the roof and was
burned to death.

The Grippe and Sulphur.

In my daily papers of December 22nd,
I find that there are supposed to be some-
thing like 100,000 cases of grippe in New
York City, and that it is also prevailing
largely at Washington, Philadelphia and
other cities, and is now threatening Bos-
ton. It is a fact that when it was pre-
vailing as an epidemic largely in our city
a few years ago, I ascertained, by enquiry
of my officers at "Byan's Match Factory,"
that of the forty-three persons employed
there not had been troubled by it.

I have at various times told the press
how many at Memphis, Tennessee, (in-
cluding the agent's of "The Howard Be-
nevolent Association") escaped the terri-
ble epidemic of yellow fever there (as
they claimed) by wearing powdered sul-
phur in their shoes,—also the evidence of
a distinguished German medical writer
translated into English, that wearing sul-
phur in this way has proved a complete
protection against cholera and other epi-
demic diseases,—also that those working
the sulphur mines of Italy escape the ma-
laria which prevails all about them,—also
that sulphur in the shoes has cured vari-
ous cases of rheumatism,—also that sul-
phur taken internally or worn in the shoes
has sufficient power to pass through the
body, the clothing and the pocket-book,
blackening the silver there.

Disorders Feared.

PARIS, Jan. 12.—An exciting time in
the Chamber of Deputies was expected
to-day and extensive police measures
were taken in and about the Palace Bour-
bon in view of possible disorders.
The evident tendency abroad to mini-
mize and even ridicule the declarations
of M. DeBeaurepaire, the former presi-
dent of the civil section of the Court
of Cassation, is regarded here as a fur-
ther example of the disposition outside
of France to belittle every incident and
all evidence unfavorable to the Dreyfus
case.

COOK'S ANODYNE LINIMENT.

SPOILED MATERIALS.

A Well Known Druggist Gives His
Experience.

A successful and well known Canadian
druggist said recently: "I know from
experience what it means to sell dyes
that have no standing or established re-
putation. Over a year ago, I put in a
small stock of ——— Dyes. I had
been asked by three or four persons for
these dyes which they saw advertised,
and I was under the impression the de-
mand would increase. In a year's time I
sold probably from twenty to twenty-five
packets, and had so many complaints
from disappointed women who had spoiled
good materials and garments with
these new dyes that I banished everyone
one of them to my back storehouse,
they now are. I find the Diamond
perfect satisfaction to all my
and will sell no other make
in business. What a tale could
women about spoiled goods
cheap and trashy dyes!"
statement from an old established
has its notes of warning. His
long and extended experience is in favor
of the Diamond Dyes. There are too,
hundreds of other druggists and dealers
and tens of thousands of women who
could give clear and convincing testimony
that Diamond Dyes are far ahead of all
other Dyes in purity, strength, fastness
of color, brilliancy and beauty.

As long as there are imitation and adul-
terated dyes sold, it is well that all should
be upon getting the "Diamond" when
buying dyes for home dyeing. See that
name is on each packet.

COOK'S NEW BLOOD PILLS.

La Bourgogne Was To Blame.

LONDON, Jan. 12.—The Admiralty
Court-to-day found that La Bourgogne,
of the Campaign, Generale Transatlan-
tique was alone to blame for the collision
with the British ship Cromartyshire, on
July 4 last, near Sable Island, off the
coast of Nova Scotia, resulting in the
sinking of the steamer and the loss of
five hundred lives.

Moonshiner's Revenge.

ROANOKE, Va., Jan. 12.—The report
reaches here from Floyd county that a
man named Underwood, suspected of be-
ing a United States internal revenue spy,
was decapitated by moonshiners. Under-
wood for some time had been causing the
moonshiners trouble with the govern-
ment. A few days ago a party of men
caught him and cut his throat, threw him
on a log and cut his head off with an axe.
No arrests have been made.
