A SERIOUS TIME.

**A QUEBEC FARMER SUFFERED
FOR NEARLY TEN YEARS.**

Had the Best of Medical Treatment,
Tried Hot Springs Without Re-
ceiving Benefit—Dr. Williams'
Pink Pills Cured Him.

Mr. John Story, of Maryland, Pontiac
Co., Que., is well known to all the resi-
dents of that section, and his cure from
an unusually severe attack of rheumatism,
by the use of Dr. Williams' Pink Pills,
after all other remedies had failed, has, if
possible, added to the popularity of this
favorite medicine. Mr. Story gives the
following statement of his suffering and
cure. He says:—"Some ten years ago I
was engaged in railroading on the Lake
Superior section of the C. P. R. I was
exposed to all kinds of weather, and as
a result sustained a severe attack of rheu-
matism, which all but crippled me, and
from which I suffered much agony. I
spent more than a hundred dollars on
doctors and for medicine, but was gradu-
ally getting worse and finally had to quit
work. At this juncture the doctor told
me that he did not think medicine could
cure me, and advised me to go to some
hot springs. I took his advice and went
to the Harrison Hot Springs, in British
Columbia, where I remained for eight
weeks, under the care of the house physi-
cian, but experienced no benefit. I then
went over to Tacoma, and took a course
at the Green River Hot Springs, but
with no better result. Completely dis-
couraged I returned to my home in Que-
bec, and went to farming, but the rheu-
matism bothered me so much that I could
scarcely do my work. Dr. Williams'
Pink Pills were recommended to me and
I decided to give them a trial. After
taking a few boxes I found they were
helping me and I continued their use un-
til I had taken sixteen boxes, by which
time every vestige of the trouble which
had bothered me for years, and had cost
me so much money, had disappeared. It
is now more than a year and a half since
I discontinued the use of the pills and
during that time I have not had the
slightest symptom of the trouble, which I
regard as the very best evidence that the
cure is permanent.

Dr. Williams' Pink Pills are a
specific for all diseases arising from an
impoverished condition of the blood or a
shattered condition of the nervous forces,
such as St. Vitus' dance, locomotor ataxia,
rheumatism, paralysis, sciatica, the
after effects of lagrippe, loss of appetite,
headache, dizziness, chronic erysipelas,
scrofula, etc. They are also a specific
for the troubles peculiar to the female
system, correcting irregularities, suppres-
sions and all forms of female weakness,
building anew the blood and restoring the
glow of health to pale and sallow cheeks.
In the case of men they effect a radical
cure in all cases arising from mental wor-
ry, overwork or excesses of any nature.

Protect yourself against imitations by
insisting that every box you purchase
bears the full name Dr. Williams' Pink
Pills for Pale People. If your dealer
does not have them they will be sent,
post paid at 50 cents a box or six boxes
for \$2.50, by addressing the Dr. Will-
iams' Medicine Co., Brockville, Ont.

Nobleman Dead.

LONDON, May 16.—The Earl of Straf-
ford, who married Mrs. Samuel J. Col-
gate, in Grace church, New York City,
last December, was instantly killed this
evening at Potter's Bar by the Cambridge
express.

The Earl was seen standing upon the
platform awaiting a train from London.
When the express approached at a high
rate of speed, he suddenly fell forward
upon the rails. The body, decapitated
and mangled, was taken to the nearest
hotel, where it awaits the coroner's in-
quest.

Lord Strafford left London this morn-
ing for his country seat, Wrotham Park,
Barnet Herts. He was then apparently
in good health.

The Countess of Strafford left this
evening for Potter's Bar, having given
instructions that her daughter should be
informed of the cause of her absence.

While on duty at Windsor Castle last
February, as an equerry to the Queen,
the Earl was seized with a fit and his con-
dition has ever since been a source of
anxiety. He was in the sixty-eight year
of his age.

A Thousand Tongues

Could not express the rapture of
Annie E. Springer, of 1125 Howard st.,
Philadelphia when she found that Dr.
King's New Discovery for Consumption
had completely cured her of a hacking
cough that for many years had made life
a burden. All other remedies and doc-
tors could give her no help, but she says
of this Royal Cure—"it soon removed the
pain in my chest and I can now sleep
soundly, something I can scarcely re-
member doing before. I feel like sound-
ing its praise throughout the Universe."

So will every one who tries Dr. King's
New Discovery for any trouble of the
Throat, Chest or Lungs. Price 50 cents
and \$1.00 at any Drug Store; every bottle
guaranteed.

He Did Not Tell All.

From further information gleaned by
the police today regarding the mysterious
drowning of the young man supposed to
have been Thomas Morris of North Street
on Thursday, Allan Nosworthy the New-
foundlander who was the only eye-wit-
ness of the tragedy, may be taken into
custody.

Nosworthy in his talk with Sergeant
Ross yesterday did not tell all he knew
and while he may be innocent of any
criminal connection with the young man's
death, yet he may be asked why he with-
held actual occurrences connected there-
with.

A Gazette reporter in an interview
with Mr. L. A. McAlpine today learned
much more of what occurred just previous
to the young man's jumping from the
bridge, than Nosworthy told the police.

Mrs. McAlpine, who was with her
father, Rev. Job Shenton, drove across
the Suspension bridge on Thursday after-
noon, saw Allan Nosworthy and another
together on the bridge. Nosworthy, Mrs.
McAlpine recognized from having seen
him at her door asking alms, the other
man she did not know, but paid much at-
tention to him as both he and Nosworthy
were acting strangely.

When asked by the reporter as to what
was meant by strange actions, Mrs. Mc-
Alpine said she noticed and became ner-
vous at the two because they had gone to
the side of the bridge and thrust their
bodies almost through the bars and to an
extent that was dangerous. This they
did more than once.

Another thing Nosworthy did not tell
and which Mrs. McAlpine noticed, was
that Nosworthy had hold of the other
man and was apparently going through
his pockets as the victim was holding a
small black pocket book and a couple of
matches in his hand.

The reporter remarked that perhaps
Nosworthy, was at that time looking for
the others pipe, to which the lady remark-
ed "perhaps so but it looked different."

Mrs. McAlpine is a lady of very keen
perception and is very positive of all she
saw.

There seems to be no doubt that the
unfortunate man was other than the
young man Thomas Morris, who left his
home on Thursday morning and has not
since been heard of.

Chief Clark today detailed Sergeant
Ross to keep an eye on Nosworthy and if
necessary to hold him impending an in-
quiry.—Gazette.

Still They Come.

LONDON, May 17.—Two thousand and
seventy-eight more Doukhobors left Ba-
toun on the steamer Lake Huron on
May 12 for Quebec, under arrangements
made by the Canadian Pacific Railway.

This makes over 7000 of these people set-
tling in the Canadian Northwest in the
past few months.

A thousand Galicians are on the way to
Canada on the S. S. Phoenicia, and an-
other thousand are on the point of sail-
ing. The tide of European emigration
seems turned strongly towards the Do-
minion; in fact, some authorities profess
to think that it may prove embarrass-
ingly large.

Murdered by Indians.

BELLEVEILLE, May 18.—Early in April,
twelve Prince Edward County young men
left Belleville for the Atlin gold regions.
Two of them were compelled to turn back
by illness. From information now to
hand it would appear that the remaining
ten were ambuscaded and murdered by
Indians in search of loot. No further
particulars are yet available.

Hard and Fast.

QUEBEC, May 16.—The steamer Callia
has been unloaded, but lies in about the
same position. The full force of five
powerful tug boats pulling together was
unable to move her an inch. The water is
lower by 28 inches since Sunday, and
if it continues at such a rate the Callia
may be compelled to pass the summer
where she is. They are beginning to re-
move machinery to further lighten her.

The Penalty Paid.

LONDON, Ont., May 17.—Marion
Brown, the peg legged tramp, who, on
the night of June 24th, 1898, shot and
killed Policeman Michael Tooke, who
was attempting to arrest him for an un-
provoked attack upon a Grand Trunk
night watchman, expiated his crime upon
the scaffold at eight o'clock this morn-
ing.

Brown succeeded in getting away after
committing the crime and was not appre-
hended for two months, when he was ar-
rested in the Western States and brought
back here for trial. He was coaxed over
the Canadian border from Yakima,
Washington; subsequently efforts were
made to have him returned to the United
States territory. His trial commenced
on March 21st, and lasted six days. No
witnesses were called for the defence.
The insanity plea had no effect on the
jury or the Government.

Without a Rival!

**Paine's Celery Compound as a
Blood Purifier and Health
Giver Ranks First in Every
Civilized Land.**

Professional men, members of parlia-
ment, bankers, business men, mechanics
and our farmers, after happy results and
experiences with Paine's Celery Com-
pound, emphatically assert the great
medicine has no rival.

As a blood purifier, disease banisher
and health giver, it has won the admira-
tion and praise of those in position and
affluence, and people in humbler cir-
cumstances have largely added to its extend-
ed reputation.

The vast army of sick and weekly peo-
ple restored to health and vigor by Paine's
Celery Compound have done more for the
present world-wide sale of the great
health-builder than all the press notices
ever published.

Under such happy auspices, the pro-
prietors of Paine's Celery Compound
with full and honest confidence urge the
use of this noblest and best of medicines
at this present season.

The work of purifying the blood, clean-
ing the system, regulating the nerves, is
an imperative one, and should not be de-
layed a moment, if ailing people would
have perfect health.

Men and women distressed by head-
ache, nervousness, sleeplessness, dyspep-
sia, neuralgia, rheumatism and liver and
kidney complaints, cannot afford to treat
their troubles with indifference. Serious
and fatal results follow delays. This is
time for the taking on of new strength
and true vitality, and Paine's Celery Com-
pound will never disappoint the sick and
afflicted.

The old motto of Paine's Celery Com-
pound "Makes sick people well," is as
true today as it was years ago.

Death of Rev. Dr. Carey.

OTTAWA, May 16.—This evening the
sad intelligence was circulated that Rev.
Dr. Carey, recently pastor of Brussels
street Baptist Church, St. John, was
dead. His death took place this fore-
noon, but it was not known to his family
for some hours afterward.

Dr. Carey had been suffering from
acute indigestion and was lying down.
He was staying with his daughter, Mrs.
Tyrell, whose husband is now in the Yukon.
This morning he was lying down, and
when some members of the house-
hold went to see how he was, he was sup-
posed to be asleep. Mrs. Tyrell had the
same impression when she went to his
room afterward. She discovered later
that he was dead, and it appears he had
died some hours before the fact was
known. Strange to say, he had arranged
to conduct the funeral service for the
late Mr. Cameron, a prominent member
of Dr. Carey's former congregation in this
city.

The deceased clergyman had a host of
friends in this city, as he was several
years pastor of the First Baptist church
here. This was immediately before his
last St. John pastorate.

A few days ago the marriage of Dr.
Carey's daughter to Dr. Gibson took
place here. Dr. Carey has been in Otta-
wa since then, renewing old friendships,
and was a frequent visitor to the press gal-
lery in the house of commons.

The Big Victoria Fire.

VICTORIA, B. C., May 10.—The fire
which completely destroyed Carry Castle,
the official residence of the Lieut-Governor,
on Thursday morning, was the fourth
which has occurred during Mr. McInnes
occupancy, all from the same cause, a de-
fective flue. Attempts to remedy the de-
fect have been made but without success
the age of the chimneys no doubt causing
many weak spots. The fire was discover-
ed by the private secretary who heard the
crackling of flames in the attic and tele-
phoned for the brigade, but the old house
burned like tinder and the fireman could
do little. Lieut-Governor McInnes had
time only to get out with the clothes he
had on.

The amount of insurance is \$12,000.
\$4,000 of which is on the furniture. The
value of the building and contents is
placed roughly at \$25,000. The building
was built in 1859 by G. H. Carey, the
then Attorney-General for the Crown Col-
ony of British Columbia at a cost of \$36,
000. It was first occupied as the Govern-
ment House by Lieut-Governor Kennedy
who succeeded Governor Douglas. He
lived at the Old Driard until the castle
was completed. It was designed and
built by Fred Walter Green. The ball-
room, the only saved portion of the build-
ing, was added to the main building by
Governor Seymour in the early sixties.

The Provincial executives met yester-
day afternoon to consider the question of
providing a residence for the Governor,
but no decision has yet been arrived at.
