LIFE IN THE BOX.

It Was a Box of Dodd's Kidney Pills.

And they Cured Mr. J. H. Ireland of Kidney Disease—He could stand His Sufferings no Longer—Then he Resorted to Dodd's Kidney Pills.

HALIFAX, N. S., Mar. 6.—Mr. J. H. Ireland the well-known and popular "Commercial traveller" was reported dead. His friends, and the newspapers said he had died far from home. And all who had known him mourned sincerely for him, for he was a man who had many true friends.

But Mr. Ireland wasn't dead. Not by a good deal. And the newspapers were wrong. He had been ill—very ill. He had suffered for years with Kidney Disease, and had not been successful in finding either a doctor or a medicine that could cure him. He became very ill, on one of his long trips away from home. Another man, with an exactly similar name, died and was buried.

But the traveller from Halifax was getting better. He continued to do so, till he was entirely well again, with not the suspicion of a shadow of Kidney Disease in his system. One day he amazed one of his friends by walking into his office and asking: "How are you, Jim?"

Jim gasped, "I thought you were dead!"

"But you see I'm not?"

"Yes I see. But the papers said you were. How did you get better?"

"Dodd's Kidney Pills made me better, put me on my feet, made a new man of me. I tell you, my friend, if you ever have any Kidney Disease, let it be Bright's Disease, Rheumatism, Diabetes, Dropsy, Lumbago, or any other Kidney Complaint—use Dodd's Kidney Pills. They'll cure you." Anyone who doubts the truth of this story should write to Mr. Ireland who will corroborate it fully. Anyone who needs Dodd's Kidney Pills can get them at all drugstores, for fifty cents a box, six boxes \$2.50, or by sending price to The Dodd's Medicine Co., Limited, Toronto, Ont.

Kept His Throat To Kill a Man.

PARIS, Feb. 27.—News of a strange crime comes from Nancy. A wealthy merchant by the name of Mathias received some days ago an anonymous letter, demanding the sum of 50,000 francs, on the pain of death. The writer said that in order to show the genuineness of his threat and how little he cared for human life, he would kill a man at nightfall on a certain street in Nancy three days later.

Mathias was not much disturbed over the matter, believing it to be a joke or an empty threat. On the morning after the day named, however, he received another note saying:

"Your victim has fallen. Forty minutes ago a man, apparently of the working class, was killed by a bullet through his body, in the Rue St. Max. This is simply to show you that we are in no fear of sacrificing life."

That morning the newspapers described the mysterious murder of a gardener at the spot named in the letter, and Mathias lost no time in consulting the police, but there is no clue to the murderer. The merchant is constantly guarded, and is still alive, but he is half dead with terror.

Labrador Wrecked.

ST. JOHN, March 2.—A despatch received last evening by S. Schofield & Co. agents of the Dominion line, announced the loss off the west coast of Scotland of the mail steamer Labrador, Capt. Erskine which sailed from St. John Feb. 9th for Liverpool via Halifax. The ship went ashore at 7 o'clock yesterday morning on Skerryvore rock, which is about twelve miles southwest of Tiree Island. The crew and passengers were saved, but the vessel, according to last advices, will be a total loss. The Labrador is a steel steamer of 9998 tons net register and hails from Liverpool. She is owned by the Mississippi and Dominion Steamship Co., Ltd. She is 410 feet long and the Canadian record for the westward passage from Liverpool to Halifax, seven and a half days. F. Agonillo, the agent of the Philippine Junta, was among the passengers. The balance of the cargo taken from this port was \$130,549.

HALIFAX, March 1.—Pickford & Black have received a cable stating that the steamer Beta is ashore in Salt River, Jamaica. The Beta had landed all her Halifax cargo at Bermuda, Turk's Island and Kingston, and had gone to Salt River for a return cargo. Salt River is about thirty miles from Kingston, where there are a number of coral reefs.

Troops to Meet Khalifa.

CAIRO, Feb. 26.—The War Office has issued a statement indicating that the Khalifa's recent movements have been made for the purpose of raiding cattle and grain. It is believed that the dervish force is still in the country south west of Abbas Island 160 miles from Omdurman. It is not proposed to send reinforcements to Khartoum at present.

LONDON, Feb. 26.—The news that the Khalifa is gathering a host, varying in number from 15,000 to 30,000 men, and is marching on Khartoum, came with a rude shock to the people of Great Britain, who were under the impression that he was almost a solitary wanderer in the desert. Official circles, however, express satisfaction at the fact that the Khalifa is apparently determined to make another onslaught on the Anglo-Egyptian forces, as they are confident that he will easily be defeated. Major-General Sir Archibald Hunter, the Governor of Omdurman, is quoted as saying in an interview: "I regard the Khalifa as a nuisance. He is no longer dangerous, and it will greatly simplify matters if he comes out and fights." In the meanwhile detachments of British troops have been ordered to get ready to return to Omdurman from Lower Egypt, and a strong expedition will be formed and advance to meet the Khalifa.

Affairs at Manila.

MANILA, March 2.—It is reported that Aguinaldo will only release the Spanish clerical prisoners upon condition that all landed and other properties that they own shall be transferred to the rebels, and also that the native priests shall be recognized.

Last night twelve rebels in two canoes were discovered paddling out from Paranaque. When the Buffalo's search light was turned on the rebels they used a calcium light signal arranged with the picket boats. The search light was taken off and the rebels attempted to cross the bay, but a patrol boat overhauled them after a chase and took them prisoners to Manila.

5.30 p. m.—This was the hottest day of the season, and, fortunately, all was quiet inside and outside our lines, so the majority of the men were kept in the shade. The United States transport Morgan City has arrived here, but the wives of the officers and other women passengers, were not allowed to land, the authorities considering the condition ashore to be too unsettled.

Woman Burned To Death.

ANTIGONISH, Feb. 10.—The residence of David Fraser was destroyed by fire last night and Miss McPherson, Mrs. Fraser's sister, aged 86, perished in the flames, while Mr. and Mrs. Fraser barely escaped. The firemen fought their way through the smoke and fire to Miss McPherson's apartment, but she was nearly dead when they reached her. The fire originated next to the room where Miss McPherson slept. She attempted to escape but was overcome by smoke and fell back. When the firemen arrived they found her crouched in a corner breathing her last.

WASHINGTON, March 1.—The Senate has passed the bill appropriating \$20,000,000 for payment to Spain without a dissenting vote or voice.

Swallowed His False Teeth.

COLUMBUS, O., March 1.—Swallowing his false teeth has made Frank M. Nolt, a prominent merchant of this city, violently insane. He was taken to the county jail in order that he might be more effectually restrained. Mental strain caused by the worry over his accident is believed to have unbalanced his mind.

Scurvy in Dawson.

SEATTLE, Wash., Feb. 28.—Advices from Dawson say that men are dying of scurvy in the suburbs of that city. Recently John McPhail was found almost dead in a tent on Victoria Gulch. His food was gone and he was waiting for death, unable to do anything to help himself. His partner had taken care of him, but was stricken with scurvy and hastened to Dawson for medical aid.

The Gold Commissioner at Dawson has just made the important ruling that a person locating a claim and after prospecting it finds it a blank or unprofitable, he can make an affidavit to that effect and regain his right to locate again on unoccupied grounds in that district.

COOK'S SURE COUGH CURE.

PAINS IN THE BACK

Are Usually the Result of Imperfect Working of the Kidneys—These can Only be Restored to Their Normal Condition by a Fair Use of Dr. Williams' Pink Pills.

Mr. Albert Mintie, of Woodstock, Ont., now engaged in the insurance business, is well known in that city and surrounding country. Some three years ago Mr. Mintie was living at South River, Parry Sound District, and while there was attacked with severe pains in the back. At first he paid but little attention to them, thinking that the trouble would pass away, but as it did not he consulted a local physician, and was told that his kidneys were affected. Medicine was prescribed but beyond a trifling alleviation of the pain it had no effect. In addition to the pain in the back Mr. Mintie was troubled with headaches and a feeling of lassitude. He was forced to quit work, and while in this condition, weak and despondent he decided to try Dr. Williams' Pink Pills. He purchased a half dozen boxes and was not disappointed with the result. Before they were all used Mr. Mintie was feeling almost as well as ever he had done. The pain in his back had almost disappeared, the headaches were gone, and he felt greatly improved in strength. Two more boxes completed the cure, and he returned to work hale and hearty as ever. Mr. Mintie asserts that his return to health is due entirely to Dr. Williams' Pink Pills, and he still occasionally uses a box if he feels in any way "out of sorts."

The kidneys, like other organs of the body are dependent upon rich, red blood and strong nerves for healthy action, and it is because Dr. Williams' Pink Pills supply these conditions that they cure kidney troubles, as well as other ills which have their origin in watery blood, or a shattered nervous system. Sold by all dealers or sent postpaid at 50c. a box or six boxes for \$2.50 by addressing the Dr. Williams Medicine Co., Brockville, Ont. If you value your health do not take a substitute.

Tobacco Combine.

NEW YORK, Feb. 28.—The Tribune publishes the following:

It was learned yesterday that arrangements have been practically completed for the syndicate to control a large share of the Havana tobacco output. The new corporation is to be known as the Consolidated Tobacco Company of Cuba. It will be capitalized at \$12,000,000, of which two-thirds is to be preferred and one-third common stock.

Among the persons interested in the new concern are Garcia Bros. & Co., J. C. Tomlinson and Rafael R. Garin. The company has secured options on 23 factories and plants, with tobacco lands attached. The factories include all but half a dozen in Cuba, which have been secured by an English company.

The Consolidated Tobacco Company of Cuba will endeavor to obtain control of the English company. This would enable it to control the entire output of Cuban tobacco. It is also proposed to control factories and lands of companies making a grade of cigars inferior to those of the better known Havana brands. This part of the business will be operated by a distinct company to be known as the Key West Tobacco Association.

Lord Herschell's Death.

OTTAWA, March 1.—The news of Lord Herschell's death came with startling suddenness to his brother commissioners at Ottawa. It produced a shock at the Government House and on Parliament Hill, the more so because of its entire unexpectedness, the latest intelligence from Washington being that he was recovering. Joseph Pope, under secretary of state, saw Lord Herschell two days later than the Canadian commissioners and found His Lordship resting comfortably in his apartments and in excellent spirits. F. C. T. O'Hara, Sir Richard Cartwright's secretary received a telegram yesterday from Mr. Cartwright, Lord Herschell's secretary, saying that he was progressing favorably. Sir Wilfred Laurier shortly after receiving news was summoned to the Government House by Lord Minto and had only a moment in which to express his profound regret at the sad occurrence. Lord Herschell's death, he declared, was a distinct loss to Canada and to the empire. Sir Richard J. Cartwright, speaking of the occurrence, said: "I regard it as a misfortune to Canada. Not only were our relations with him most cordial but in all respects we found him disposed to render us valuable assistance. Both personally and politically I extremely regret his loss."

Lord Herschell was the second of the commissioners to die, Hon. Nelson Dingley being the first.

Remarkable Rescue.

Mrs. Michael Curtain, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking six bottles, found herself sound and well; now does her own housework, and is as well as she ever was. Sold by all Druggists, large bottles 50 cents and \$1.00.
