"Words are but silver silence is gold."
The correspondent of this place evidently
is a firm believer in the old saw above.

At present the engrossing topic here as
in other places is the war. It is aston-
ishing to listen to the profound plans
that are being drawn by our village strate-
gists for the relief of Ladysmith; which,
doubtless will be relieved before this ap-
pears in print. Every man has his fa-
vorite general. Here it might not be
amiss to state that Gen. Sir R. Buller
has paid a visit to this section of the
country. Accompanied by other gentle-
men he spent a few days hunting on the
Gaspereaux plains. He spent two nights
in Mr. Dorsey's log cabin about thirty
years past. The above old gentleman
aptly described him as being "silent and
as dark as midnight."

A wave of prosperity passing over the
country must in a measure be responsible
for the present increase in population.
Messrs. James Drost, James Biddescombe
James Campbell and others are wearing
paternal looks—to each an heir.

Wm. Marley, sr., and Wm. Marley, jr.
have arrived home after sojourning some
months in the Tobique lumber woods.
They report the snow as being of great
depth.

Daniel Duffy the well known lumber-
man reports everything favorable for the
lumber man. He took more men back
with him.

Somers Fidler has had his hand injur-
ed in the lumber woods.

Holly Brown has recovered from a seri-
ous cut on the patella or knee cap.

Hugh McNeil of North Forks is recover-
ing from the effects of a broken leg.

John R. Kadey is confined to his home
with influenza.

Mr. Andrew Miller has had the mis-
fortune to break three of his ribs.

Samuel Betts has purchased the beau-
tiful grey trotting mare, formerly owned
by Samuel Drost. It is a pleasure to see
the high action of the flyer while going at
full speed.

The school is progressing well under
our present teacher.

The Hall committee are talking of be-
ginning the hall in the near future.

We are glad to note the stand taken by
some of the St. John people in regard to
compulsory education and commented on
some time since by the Chipman cor-
respondent. Nothing would be of such
vast importance to our province, nothing
in the way of legislation is needed more.
It is shocking to find, even in our best
districts, more or less children who are
growing to the state of manhood and wo-
manhood, without any education what-
ever. And it is a curious fact that these
need it most; since coming as they do
from ignorant and unthrifty parents, they
possess nothing in the way of hereditary
endowments, except perhaps those per-
verse traits which are sure to be strength-
ened by parental example. Now the
only remedy for this is some form of com-
pulsion. We boast of our school system,
but there is not an European country
save one, which is not superior to ours
in this and other respects. We judge a
country from an educational standpoint
by its system and its intellectual pro-
ductions. Now with this as a criterion we
find that Germany produces 27,000 new
books every year; France 3,000; Italy,
9,500; Great Britain, 7,300; United States
5,300. England leads in novels, Germany
educational and scientific works, France
in history, Italy in political economy.

Now these countries are in the van-
guard of education, which has been com-
pulsory for years; at least in Germany
and France.

Perhaps some statistics in regard to
the cost of education in New Brunswick
will not be amiss. We find in "Report"
for 1899, that there were 13 Grammar
schools in operation with 794 pupils in
Grammar school grades. The grant to
Grammar schools \$6,127, thus gives the
cost to government of \$7.70 per pupil, on
the basis of salaries to teachers \$22.00
per pupil.

Superior Schools: Pupils in required
grades about 730; there being 45 such
schools in operation at cost of \$608.00
per teacher gives closely \$35.00 per pupil
to the country and about \$15.00 to the
government.

Common schools: The cost per pupil
is approximately \$2.20 to government
and \$5.50 to the country. Now
the question is this: Are the secondary
schools producing results commensurate
with their cost compared with the pri-
mary? And are not the poor districts ne-
glected in their efforts to obtain a good
rudimentary education for their children?
We think they are; as judging by a re-
cent order of the Board of Education
poor districts employing 1 class teachers
can only get aid based upon allowance to
11 class. This is not fair as out of 558
pupil districts in the province many are
very poor and contain a goodly number
of children.

By the above order an indirect insult
has been given to the poorer class of peo-
ple. You are poor! Your children there-
fore are not supposed to be taught by a
1 class teacher.

By the above order the best stone in
our educational system has been re-
moved; since it does not give the poor
man the same chance as the rich, which

was the primary aim of our system of
Poor Aid, and the maintaining of the
common schools on a level with one an-
other must be more difficult hereafter.

What we want is state control of edu-
cation and a uniform rate of taxation.

Month of Jemseg.

Feb. 26.—Owing to the storm there
was no service in either the Episcopal or
Baptist churches on Sunday evening at
this place.

John Bennett Anderson, the singing
evangelist preached to a large and atten-
tive congregation on Saturday evening at
this place.

Mrs. Geo. B. Novers had a quilting
party Saturday afternoon. She got two
quilts quilted. This shows that the Jem-
seg girls are smart, does it not? The
boys were invited for the evening and a
very pleasant time was spent playing
games, etc. Cake and coffee were served
about ten. The party broke up about
eleven leaving their best wishes to the
host and hostess who had done everything
possible to make the time pass pleasant-
ly.

Quite a number around here are get-
ting out logs among whom may be men-
tioned F. C. Novers, R. Mason, Heustis
Bros., and Reece Bros.

Mr. James DeWitt is registered at the
Elm Grove Hotel.

We have some very fast horses around
here. E. C. Favers drove from McDon-
ald's Corner through, a distance of five
miles, in twenty minutes, one night last
week. Arthur Wright came down from
Youngs Cove in one hour and twenty
minutes last Wednesday.

Miss Doris Gilmor had a birthday
party last Thursday evening. A very
pleasant time was spent playing dominoes
and other games.

The people of Jemseg are pleased to
see the smiling face of H. W. Titus
around again.

Mr. B. Case has been doing this place
and Lower Cambridge with his steam
sawing machine which gives general satis-
faction as it saws faster and does better
work than the horse power machine.

Mr. James Reece is pushing the work
rapidly forward on his new schooner.

Miss Sarah Wright has returned home
to spend the rest of the winter with her
parents.

W. Reece intends making a trip across
the Atlantic in the spring on important
business.

Wickham.

Feb. 23.—The young people of this
place are succeeding well with their En-
deavoring society. Several members
have joined lately and we hope and pray
it will increase.

The weather for the past few days has
been fine and the people of this vicinity
are improving the time.

Mr. John McCrae of this place has
been very ill but under the careful treat-
ment of Dr. Somerville he is now as well
as usual. His many friends are pleased
to see him around again.

We are pleased to say that our teacher
here, is much liked.

Mrs. W. S. Golding of this place is
very ill.

Mr. Wm. Golding has returned from
Golden Grove after having a very enjoy-
able visit. His young friends welcome
him back.

Miss Agnes Logue has returned from
St. John very sick and is remaining with
her brother, R. B. Logue.

Mr. Amos Sharp is very ill at present.

Miss Rilla Riecker of this place has
been spending a few days with her sister
Mrs. George Bates at Long Pt.

Miss Sadie McCrae is going to spend
a few weeks with her friends at Spring-
field.

Mr. Wm. Foster is busily engaged in
lumbering.

Harley Road.

Feb. 24.—An old man living on the
Stevenson Road having lost both his eyes
some years ago took frantic for the want
of tobacco, his people refusing to supply
him with that luxury, turned his wife out
of doors and then groped his way to a
neighbors house a mile's distance. Find-
ing his way to the door he asked for the
man of the house swearing he would have
tobacco or a life. The women made their
escape and spread the alarm that the
blind man was running the roads crazy.
The news was quickly carried to Mr.
Clark a well known lumberman of this
place who was working with his men in
the woods quite near. He soon arrived
with six or seven men each having an axe
to capture the blind man. Mat stood his
ground and confronted his antagonist,
brandishing a large cane he carried to
guide him in his darkness. Our hero
flunked out and retreated to the woods
leaving the old man still craving for to-
bacco, some of the more generous gave
him tobacco and he returned home and
is living once more in peace with his fam-
ily.

Mr. John Clark who has returned from
St. John where he had been on business
was suddenly attacked with pleuro-pneu-
monia. Dr. H. B. Hay of Chipman is in
attendance.

Mrs. James McInnis under the skillful
treatment of H. B. Hay is rapidly recover-
ing from a severe attack of appendi-
citis.

Drowned in Dyspeptic Despair.

Are Thousands of Suffering Canadians.
Like the stab of a knife it catches you
in the side, or sends agonizing pangs
through the pit of your stomach after
eating. It worries and wears you till
your nerves give out, and, like a drown-
ing man, you feel you are sinking day by
day and help can not reach you. In this
you are mistaken. No matter how deep
your trouble, PETTY'S will reach you.
As the fabled mermaid is said to seek and
soothe the drowned, so will the real
PETTY'S seek your trouble and soothe
your pain. Indigestion, biliousness,
headache, and that dependent feeling
that makes so many lives miserable, de-
part when PETTY'S are called in. No
other medicine is compounded with such
care, no other is so pure, so effective as
DR. PETTY'S PILLS.

D. J. Jones, Esq., B.A., Esq. (London) the well-known
chemist, analyst and scientist, writes as follows: "I
have analyzed DR. PETTY'S PILLS, and find that they
contain only PURELY ACTIVE PRINCIPLES
ONLY of the various elements of the prescription from
which they are compounded, ensuring the best results
from the smallest possible dose."

Given in a bottle, 6 bottles for \$2.50, all drug-
stores or from The Dr. Petty Medicine Company,
Quebec, Canada.
