

DR. TOWNSEND'S
COMPOUND EXTRACT OF
SARSAPARILLA.

Wonder and Blessing of the Age!!!

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD!!!

This Extract is put up in Quart Bottles—it is six times
Cheaper, Pleasanter, and warranted superior to any
sold. It cures without vomiting, purging,
sickening, or debilitating the Patient.

THE great beauty and superiority of this Sarsaparilla over all
other medicine is, while it eradicates diseases it invigorates the
body. It is one of the very best.

SPRING AND SUMMER MEDICINES
ever known: it not only purifies the whole system and strengthens
the person, but it creates new, pure and rich blood; a power pos-
sessed by no other medicine. And in this lies the grand secret of
its wonderful success. It has performed within the last five years
more than 100,000 cures of severe cases of disease; at least 15,000
of which were considered incurable. It has saved the lives of
more than 5,000 children during the past two seasons.

**10,000 CASES OF GENERAL DEBILITY AND
WANT OF NERVOUS ENERGY.**

Dr. Townsend's Sarsaparilla invigorates the whole system per-
manently. To those who have lost their muscular energy by the
effect of medicine or indiscretion committed in youth, or the ex-
cessive indulgence of the passions, and brought on a general phy-
sical prostration of the nervous system, lassitude, want of ambi-
tion, fainting sensations, premature decay and decline, hastening
toward that fatal disease, Consumption, can be entirely restored
by this pleasant remedy. This Sarsaparilla is far superior to any

Invigorating Cordial.

As it renews and invigorates the system, gives activity to the
limbs, and strength to the muscular system, in a most extraordi-
nary degree.

Consumption Cured.

Cleanse and strengthen. Consumption can be cured. Bron-
chitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs,
Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush,
Night Sweats, Difficult or profuse expectoration, Pain in the Side
&c. have been, and can be cured.

Spitting Blood.

DR. TOWNSEND—I verily believe that your Sarsaparilla has
been the means, through Providence, of saving my life. I have
for several years had a bad cough. It became worse and worse.
At last I raised large quantities of blood, had night sweats, and
was greatly debilitated and reduced, and did not expect to live. I
have only used your Sarsaparilla a short time, and there has
been a wonderful change wrought in me. I am now able to walk all
over the city. I raise no blood, and my cough has left me. You
can well imagine that I am thankful for these results.

Your obedient servant,

WM. RUSSELL, 65 Catherine St.

Rheumatism.

This is only one of more than four thousand cases of Rheuma-
tism that Dr. Townsend's Sarsaparilla has cured. The most se-
vere and chronic cases are weekly eradicated by its extraordinary
virtues.

James Cummings, Esq., one of the assistants in the Lunatic
Asylum, Blackwell's Island, is the gentleman spoken of in the fol-
lowing letter.

Blackwell's Island, Sept. 14, 1847.

Dr. Townsend—Dear Sir: I have suffered terribly for nine years
with the Rheumatism; considerable of the time I could not eat,
sleep or walk. I had the utmost distressing pains, and my limbs
were terribly swollen. I have used four bottles of your Sarsaparil-
la, and they have done me more than one thousand dollars worth
of good. I am so much better—indeed, I am entirely relieved.—
You are at liberty to use this for the benefit of the afflicted.—
Yours, respectfully, JAMES CUMMINGS.

FITS! FITS! FITS!!!

Dr. Townsend, not having tested his Sarsaparilla in cases of
Fits, of course never recommended it, and was surprised to re-
ceive the following from an intelligent and respectable Farmer in
Worcester County.

Fordham, August 13, 1848.

Dr. Townsend—Dear Sir: I have a little girl seven years of age,
who has been afflicted with Fits; we tried almost every thing for
her, but without success; at last although we could find no recom-
mendation in your circulars for cases like hers, we thought, as
she was in very delicate health, we would give her some of your
Sarsaparilla, and are very glad we did, for it not only restored her
strength, but she has had no return of the Fit, to our great plea-
sure and surprise. She is fast becoming rugged and hearty, for
which we feel grateful. Yours, respectfully, JOHN BUTLER, Jr.

FEMALE MEDICINE.

Nothing can be more surprising, than its effects on the human
frame. Persons all weakness from taking it, at once become robust
and full of energy under its influence. It immediately counteracts
the nervousness of the female frame, which is the great cause of
Barrenness. It will not be expected of us, in cases of so delicate
a nature, to exhibit certificates of cures performed, but we can as-
sure the afflicted, that hundreds of cures have been reported to
us. Thousands of cases where families have been without chil-
dren, after using a few bottles of this invaluable medicine, have
been blessed with fine healthy offspring.

To Mothers and Married Ladies.

This extract of Sarsaparilla has been expressly prepared in re-
ference to female complaints. No female who has reason to sup-
pose she is approaching that critical period, "The turn of life,"
should neglect to take it, as it is a certain preventative for any of
the numerous and horrible diseases to which females are subject
at this time of life. This period may be delayed for several years,
by using this medicine. Nor is it less valuable for those who are
approaching womanhood, as it is calculated to assist nature by
quickening the blood and invigorating the system. Indeed this me-
dicine is invaluable for all the delicate diseases to which women
are subject.

It traces the whole system, renews permanently the natural en-
ergies—by removing the impurities of the body, not so far stimu-
lating as to produce subsequent relaxation—which is the case of
most medicines taken for female weakness and disease. By using
a few bottles of this medicine, many severe and painful surgical
operations may be prevented.

Great Blessing to Mothers and Children.

It is the safest and most effectual medicine for purifying the sys-
tem, and relieving the sufferings attendant upon child birth ever
discovered. It strengthens both the mother and child, pre-
vents pain and disease, increases and enriches the food—those who
have used it think it indispensable. It is highly useful both before
and after confinement, as it prevents diseases attendant upon child-
birth—in Costiveness, Cramps, Swelling of the feet, Desponden-
cy, Heartburn, Vomiting, Pain in the Back, and Loins, False
Pains, Hemorrhage, and in regulating the secretions and equal-
izing the circulation it has no equal. The great beauty of this me-
dicine is, it is always safe, and the most delicate use it most success-
fully, very few cases require any other medicine—in some a little
Castor Oil or Magnesia is useful. Exercise in the open air, and
light food with this medicine, will always ensure a safe and easy
confinement.

Beauty and Health.

Cosmetics, Chalk, and a variety of preparations generally in
use, when applied to the face, very soon spoil it of its beauty.—
They close the pores of the skin, and check the circulation, which
when nature is not thwarted by disease or powder, or the skin in-
flamed by the alkalis used in soaps, beautifies its own production
in the "human face divine," as well as in the garden of rich and
delicately tinted and variegated flowers. A free, active and healthy
circulation of the fluids of the coursing of the pure, rich blood to
the surface of the face, is what imparts the indescribable shades and
glazes of loveliness that all admire, but none can describe. This
is the offspring of nature—not of powder or soap. If there is not
a free and healthy circulation, there is no beauty. If the lady is
fair as driven snow, if she paint and use cosmetics, and the blood
is thick, cold, and impure, she is not beautiful. If she be brown
or yellow, and there is pure and active blood, it gives a rich bloom
to the cheeks, and a brilliancy to their eyes, that is a fascinating

This is the reason why the southern, and especially the Spanish
ladies, are so much admired. Ladies in the north who take but
little exercise or are confined in close rooms, or have spoiled their
complexion by the application of deleterious mixtures, if they wish
to regain elasticity of step, buoyant spirits, sparkling eyes, and
beautiful complexions, they should use Dr. Townsend's Sarsaparilla.
Thousands who have tried it, are more than satisfied, are delighted.
Ladies of every station crowd our office daily.

Notice to the Ladies.

Those that imitate Dr. Townsend's Sarsaparilla have invariably
called their stuff a great remedy for females, &c. &c., and have
copied our bills and circulars which relate to the complaints of
women, word for word—other men who put up medicine have,
since the great success of Dr. Townsend's Sarsaparilla in com-
plaints incident to females, recommended theirs, although previous-
ly they did not. A number of these Mixtures, Pills, &c., are in-
jurious to females, as they aggravate disease, and undermine the
constitution.

Scrofula Cured.

This Certificate conclusively proves that this Sarsaparilla has
perfect control over the most obstinate diseases of the blood.—
Three persons cured in one house is unprecedented.

Three Children.

DR. TOWNSEND: Dear Sir,—I have the pleasure to inform you
that three of my children have been cured of the Scrofula by the
use of your excellent medicine. They were afflicted very severely
with bad sores; have taken only four bottles; it took them away,
for which I feel myself under great obligation. Yours respectfully
ISAAC W. CRAIN, 106 Wooster st.

Opinions of Physicians.

Dr. Townsend is almost daily receiving orders from physician
in different parts of the Union.

This is to certify that we, the undersigned, Physicians of the
City of Albany, have in numerous cases prescribed Dr. Townsend's
Sarsaparilla, and believe it to be one of the most valuable prepara-
tions of the Sarsaparilla in the market.

CAUTION.

Owing to the great success and immense sale of Dr. Townsend's
Sarsaparilla, a number of men who were formerly our agents, have
commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts
of Yellow dock &c. They generally put it up in the same shaped
bottles, and some of them have stole and copied our advertise-
ments.—They are worthless imitations, and should be avoided.

HOLLOWAY'S OINTMENT.
CURE OF FISTULOUS SORES AND PLEURISY.

Extract of a Letter from Mr. Robert Calvert, Chemist, Stokely,
dated September 3rd, 1847.

To Professor Holloway.

SIR.—Mr. Thompson, National Schoolmaster, of this town
desires me to send you the particulars of his son, who has been
bad for three years and a half, and has received the greatest bene-
fit by the use of your pills and ointment. He is of a scrofulous
constitution; a pleurisy had left a large collection of matter in the
chest, this eventually formed a passage through the walls of the
chest, and ended in three fistulous sores, which discharged large
quantities of pus, when he was induced to try your Pills and Oint-
ment; at this date he was apparently in a dying condition; the sto-
mach rejected everything it took. Your Pills had the effect of
completely curing both the cough and stomach affections, his
strength and flesh also are restored, his appetite keen, and digestion
good. There is every prospect that a little further continuance of
your medicines will finish the cure.

(Signed)

ROBERT CALVERT.

The Mofussilite Newspaper, published at Merrut, has, on the
5th October, 1847, copied an article from the Benares Recorder, of
which the following is an extract:—

"The Prince of NAHARAJAH BISSONATH SINGH, who was
temporarily residing at Chittercote, was suddenly taken ill with
S. asmodic Colic, and during his illness, his Highness frequently
asked for Holloway's Pills and Ointment, as he had heard much of
their virtues, but none could be obtained in the neighborhood, and
Professor Holloway, no doubt, unfortunately loses a certificate
which would have graced and dignified his list of cures."

The native princes are now using Holloway's celebrated Pills
and Ointment in preference to every other medicines, they being
so wonderfully efficacious in the cure of diseases in India.

CURE OF A BAD LEG OF 30 YEARS STANDING.

June 7th, 1847.

"I, George Burne, Butcher, of Stockton upon Tees, do hereby
certify that my wife had a bad leg for thirty years by the bursting
of a vein, her sufferings were intense, she had been under the care
of most of the eminent medical men in this neighborhood, but to
no purpose, and was afterwards perfectly cured in eight weeks by
Holloway's Pills and Ointment." (Signed) GEORGE BOURNE.

ULCERS CURED WHERE THERE WAS DISEASED BONE.
Extract of a Letter from Mr. James Wetmore, Hampton, New
Brunswick, dated February 10th, 1847.

To Messrs. PETERS & TILLEY.

GENTLEMEN—I feel it is but due to Professor Holloway to
inform you, as his agents for this Province, of a remarkable cure
performed upon my son. He had been afflicted with ulcers upon
his limbs and body for more than three years, from which small
pieces of bone had been removed. I tried several medical men in
St. John, but to no purpose, I was then induced to try Holloway's
Pills and Ointment, which made a complete cure, several months
have since elapsed, but there is not the slightest appearance of the
cure not being the most complete.

(Signed)

JAMES WETMORE.

CURE OF THE PILLS.

Extract of a Letter from Joseph Medcalf, Beverley, dated June,
17th, 1847.

To Professor Holloway.

SIR.—For some years I had labored dreadfully with bleeding
piles, by divine blessing, together with the use of your pills and
ointment, I have been perfectly cured, and never was a greater
with piles than myself. (Signed) JOSEPH MEDCALK.

**THE TESTIMONY OF A PHYSICIAN IN THE CURE OF
SKIN DISEASES.**

Copy of a Letter, from W. E. POWELL, M. D. 16 Blessington
Street Dublin, dated February 24th, 1847.

To Professor Holloway.

DEAR SIR.—Having devoted my attention for some years to
cutaneous or skin diseases, I think it but right to inform you that I
have, in various cases recommended the use of your pills and oint-
ment, and invariably found them to have the most perfect
effect in removing those diseases.
