Great Blessing to Mothers and Children. It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child birth ever discovered. It strengthens both the mother and child, prevents pain and diseas, increases and enriches the food-those who have used it think it indispensable. It is is highly useful both before and after confinement, as it prevents diseases attendat upon chlidbirth—in Costiveness, Cramps, Swelling of the feet. Despondency, Heartburn, Vomiting, Pain in the Back, and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful. Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement,

Beauty and Health. Cosmetics, Chalk, and a variety of preparations generally ir use, when applied to the face, very soon spoil it of its beauty.-They close the pores of the skin, and check the circulation, which when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifies its own production

the "human face divine." as well as in the garden of rich and and variegated flowers. A free, active and healthy, circulation of the fluids or the coursing of the pure, rich blood to he extremities, is that which imparts the indescribable shades and flashes of loveliness that all admire, but none can describe. This s the offspring of nature-not of powder or soap. If there is not i free and healty circulation, there is no beauty. If the lady is fair as driven snow, if she paint and use cosmetics, and the blood s thick, cold, and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating.

This is the reason why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes, and beautiful complexions, they should use Dr. Townsend's Sarsaparill Thousands who have tried it. are more than satisfied, are delighted. Ladies of every station crowd our office daily.

Notice to the Ladies. Those that imitate Dr. Townsend's Sarsaparilla have invariably called their stuff a great remedy for females, &c. &c., and have women, word for word-other men who put up medidine have, since the great success of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not. A number of these Mixtures, Pills, &c., are ininrious to females, as they aggravate disease, and undermine the constitution.

Scrofula Cured. This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood. Three persons cured in one house is unprecedented.

Three Children. DR. TOWNSEND: Dear Sir.-I have the pleasure to Inform you that three of my children have been cured of the Scrofula by the for which I feel myself under great obligation. Yours respectfully ISAAC W. CRAIN, 106 Wooster st.

Opinions of Physicians. Dr. Townsend is almost daily receiving orders from physician,

In different parts of the Union. This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable prepara tions of the Sarsaparilla in the market.

H, P. PULLING M. D, J. WILSON M. D. R. B. BRIGGS, M. D. P. E. ELMENDORF, M. D. Albany, April 1, 46.

CAUTION.

Owing to the great success and immense sale of Dr. Townsend's Sarsaparilla, a number of men who were formerly our agents, have commenced making Sarsaparilla Extracts, Elixers, Bitters, Extracts of Yellow dock &c. They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements,-They are worthless imitations, and should be avoided. Principal office. No. 126, Fulton St., New York.
