To Professor HOLLOWAY.

SIR,—I before informed you that my wife had been tapped three times for the Dropsy, but by the blessing of God upon your Pills, and her perseverance in taking them, the water has now been kept off 13 months by their means, which is a great mercy.

**DISORDER OF THE LIVER AND KIDNEYS.**

Extract of a Letter from Mr. J. K. Heydon, dated 78 King Street, Sydney, New South Wales, the 30th September, 1848

To Professor HOLLOWAY.

SIR,—I have the pleasure to inform you that, Stuart A. Donaldson, Esq., an eminent Merchant and Agriculturalist, and also a Magistrate of this Town, called on me on the 13th instant, and purchased your medicines to the amount of FOURTEEN POUNDS to be forwarded to his Sheep Stations in New England. He stated that one of his Overseers had come to Sydney some time previously for medical aid, his disorder being an affection of the Liver and Kidneys—That he had placed the man for three months under the care of one of the best Surgeons, without any good resulting from the treatment; the man then in despair used your Pills and Ointment, and much to his own and Mr. Donaldson's astonishment, was completely restored to his health by their means. Now this surprising cure was effected in about ten days.

**THE EARL OF ALDBOROUGH CURED OF A LIVER AND STOMACH COMPLAINT.**

Extract of a Letter from His Lordship, dated Villa Messina Leghorn, 21st February, 1845.

To Professor HOLLOWAY.

SIR,—Various circumstances prevented the possibility of my thanking you before this time for your politeness in sending me your Pills as you did. I now take this opportunity of sending you an order for the amount, and, at the same time, to add that your Pills have effected a cure of a disorder in my Liver and Stomach, which all the most eminent of the Faculty at home, and all over the Continent, had not been able to effect; nay, not even the waters of Carlsbad and Marienbad. I wish to have another Box and a Pot of the Ointment, in case any of my family should ever require either. Your most obliged and obedient Servant.

**DR. TOWNSEND'S**

COMPOUND EXTRACT OF

**SARSAPARILLA.**

Wonder and Blessing of the Age!!!

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD!!!!

This Extract is put up in Quart Bottles—it is six times Cheaper, Purer, and warranted superior to any sold. It cures without vomiting, purging, sickening, or debilitating the Patient.

THE great beauty and superiority of this Sarsaparilla over all other medicine is, while it eradicates diseases it invigorates the body. It is one of the very best

**SPRING AND SUMMER MEDICINES**

ever known; it not only purifies the whole system and strengthens the person, but it creates new, pure and rich blood; a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed with the last five years more than 100,000 cures of severe cases of disease; at least 15,000 of which were considered incurable. It has saved the lives of more than 5,000 children during the past two seasons.

**10,000 CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY.**

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effect of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of amission, fainting sensations, premature decay and decline, hastening toward that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

**Invigorating Cordial.**

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree.

**Consumption Cured.**

Cleanse and strengthen. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Diligent or profuse expectoration, Pain in the Side &c. have been, and can be cured.

**Spitting Blood.**

New York, April 23, 1847.

DR. TOWNSEND—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad cough. It became worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant,

WM. RUSSELL, 65 Catherine St.

**Rheumatism.**

This is only one of more than four thousand cases of Rheumatism that Dr. Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly eradicated by its extraordinary virtues.

James Cummings, Esq., one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter.

Blackwell's Island, Sept. 4, 1847.

DR. TOWNSEND—Dear Sir: I have suffered terribly for nine years with the Rheumatism; considerable of the time I could not eat, sleep or walk. I had the utmost distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good. I am so much better—indeed, I am entirely relieved. You are at liberty to use this for the benefit of the afflicted. Yours, respectfully, JAMES CUMMINGS.

**FITS! FITS!! FITS!!!**

Dr. Townsend, not having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Worcester County.

Fordham, August 13 1843.

DR. TOWNSEND—Dear Sir: I have a little girl seven years of age, who has been afflicted with Fits; we tried almost every thing for her, but without success; at last although we could find no recommendation in your circulars for cases like hers, we thought, as she was in a very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength, but she has had no return of the Fit, to our great pleasure and surprise. She is fast becoming rugged and hearty, for which we feel grateful. Yours, respectfully, JOHN BUTLER, Jr.

**FEMALE MEDICINE.**

Nothing can be more surprising, than its effects on the human frame. Persons all weakness, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervousness of the female frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine healthy offspring.

**To Mothers and Married Ladies.**

This extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "The turn of life," should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years, by using this medicine. Nor is it less valuable for those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed this medicine is invaluable for all the delicate diseases to which women are subject.

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation—which is the case of

best medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

**Great Blessing to Mothers and Children.**

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child birth ever discovered. It strengthens both the mother and child, prevents pain and disease, increases and enriches the food—those who have used it think it indispensable. It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—in Costiveness, Cramps, Swelling of the feet, Despondency, Heartburn, Vomiting, Pain in the Back, and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful. Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement.

**Beauty and Health.**

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which when nature is not thwarted by disease or powder, or the skin inflamed by the alkalis used in soaps, beautifies its own production in the "human face divine," as well as in the garden of rich and delicately tinted and variegated flowers. A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities, is that which imparts the indescribable shades and flashes of loveliness that all admire, but none can describe. This is the offspring of nature—not of powder or soap. If there is not a free and healthy circulation, there is no beauty. If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating.

This is the reason why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes, and beautiful complexions, they should use Dr. Townsend's Sarsaparilla. Thousands who have tried it, are more than satisfied, are delighted Ladies of every station crowd our office daily.

**Notice to the Ladies.**

Those that imitate Dr. Townsend's Sarsaparilla have invariably called their stuff a great remedy for females, &c. &c., and have copied our bills and circulars which relate to the complaints of women, word for word—other men who put up medicine have, since the great success of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not. A number of these Mixtures, Pills, &c., are injurious to females, as they aggravate disease, and undermine the constitution.

**Scrofula Cured.**

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood.—Three persons cured in one house is unprecedented.

**Three Children.**

DR. TOWNSEND: Dear Sir,—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores; have taken only four bottles; it took them away, for which I feel myself under great obligation. Yours respectfully ISAAC W. CRAIN, 106 Wooster st.

**Opinions of Physicians.**

Dr. Townsend is almost daily receiving orders from physicians in different parts of the Union.

This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations of the Sarsaparilla in the market.

Owing to the great success and immense sale of Dr. Townsend's Sarsaparilla, a number of men who were formerly our agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow dock &c. They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements.—They are worthless imitations, and should be avoided.
