Any of the above named lots will be sold at a very low figure for cash. Also

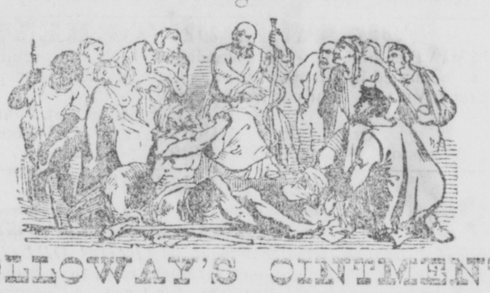

500 FRUIT TREES,

from 5 to 8 feet high, grafted with the following varieties of fruit, viz:—Famuese, Peabody Greening, Roxberry Russett, Early Sweet Bough and Bell's Early or Sops of Wine; all warranted perfectly hardy and suited to the climate. These trees were grafted and trained with great care, for the subscriber's own orchards. Trees of the same quality cannot be obtained in the Province for less than 2s. 6d. each, yet as he expects to be absent from Woodstock for a few years, and cannot make use of them himself, he offers them at the extremely low price of one shilling each. Any person taking 100 or upwards, may, if requested, have a credit of three years for one half the amount. Persons wishing to make orchards of superior fruit, (which will bear immediately) will not probably have a better opportunity for years.

HOLLOWAY'S OINTMENT.

CURE OF FISTULOUS SORES AND PLEURISY.

Extract of a Letter from Mr. Robert Calvert, Chemist, Stokesly dated September 3rd, 1847.

To rofessor HOLLOWAY.

SIR.—Mr. Thompson, National Schoolmaster, of this town desires me to send you the particulars of his son, who has been bad for three years and a half, and has received the greatest benefit by the use of your pills and ointment. He is of a scrofulous constitution: a pleurisy had left a large collection of matter in the chest, this eventually formed a passage through the wales of the chest, and ended in three fistulous sores, which discharged large quantites of pus, when he was induced to try your Pills and Ointment; at this date he was apparently in a dying condition; the sto mach rejected everything it took. Your Pills had the effect of completely curing both the cough and stomach affections, his strength and flesh also are restored, his appetite keen, and digestion good. There is every prospect that a little further continuance of your medicines will finish the cure.

(Signed) ROBERT CALVERT.

The Mofussulite *Newspaper, published at Merrut, has, on the 5th October,* 1847, *copied an article from the* Benares Recorder, *of which the following is an extract:—*

"The Prince of NAHARAJAH BISSONATH SINGH, who was temporaily residing at Chittercote, was suddenly taken ill with Spasmodic Colic, and during his illness, his Highness frequently asked for Holloways Pills and Ointment, as he had heard much of their virtues, but none could be obtained in the neighborhood, and Professor Holloway, no doubt, unfortunately loses a certificate which would have graced and dignified his list of cures."

The native princes are now using Holloways celebrated Pills and Ointment in preference to every other medicines, they being so wonderfully efficacious in the cure of diseases in India.

CURE OF A BAD LEG OF 30 YEARS STANDING.

June 7th, 1847.

"I, George Burne, Butcher, of Stocton upon Tees, do hereby certify that my wife had a bad leg for thirty years by the bursting of a vein, her sufierings were intense, she had been under the care of most of the eminent medical men in this neighborhood, but to no purpose, and was afterwards perfectly cured in eight weeks by Holloways Pills and Ointment." (Signed) GEORGE BOURNE.

ULCERS CURED WHERE THERE WAS DISEASED BONE.

Extract of a Letter from Mr. James Wetmore, Hampton, New Brunswick, dated February 10th, 1847.

To Messrs. PETERS & TILLEY.

GENTLEMEN.—I feel it is but due to Professor Holloway to inform you, as his agents for this Province, of a remarkable cure performed upon my son. He had been afflicted with ulcers upon his limbs and body for more than three years, from which small pieces of bone had been removed. I tried several medical men in St. John, but to no purpose, I was then induced to try Holloway's Pills and Ointment, which made a complete cure, several months have since elapsed, but there is not the slightest appearance of the cure not being the most complete.

(Signed) JAMES WETMORE.

To Professor Holloway.

SIR.—For some years I had labored dreadfully with bleeding piles, by divine blessing, together with the use of your pills and ointment, I have been perfectly cured, and never was a greater with piles than myself. (Signed) JOSEPH MEDCALF.

DR. TOWNSEND'S
COMPOUND XTRACT OF
SARSAPARILLA.
Wonder and Blessing of the Age!!!
THE MOST EXTRAORDINARY MEDICINE IN THE WORLD!!!!

This Extract is put up in Quart Bottles—it is six times Cheaper, Pleasanter, and warranted superior to any sold. It cures without vomting, purging, sickening, or debilitating the Patient.

THE great beauty and superiority of this Sarsaparilla over al other medicine is, while it eradicates diseases it invigorates the body. It is one of the very best

SPRING AND SUMMER MEDICINES

ever known; it not only purifies the whole system and strengthens the person, but it *creates new, pure and rich blood*; a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed with'n the last five years more than 100,000 cures of severe cases of disease; at least 15,000 of which were considered incurable. It has saved the lives of more than 5,000 children during the past two seasons.

10,000 *CASES OF GENERAL DEBILITY AND WANT OF NRV OUS ENRGY.*

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effect of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening toward that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

Invigorating Cordial,

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree.

Consumption Cured.

Cleanse and strengthen. Consumption can be cured. Bronchites, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or profuse expectoration, Pain in the Side &c. have been, and can be cured.

Spitting Blood.

New York, April 20, 1847.

DR. TOWNSEND—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad cough. It became worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant,

Wm. RUSSELL, 65 Catherine St.

Rheumatism.

This is only one of more than four thousand cases of Rheumatism that Dr. Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly eradicated by its extraordinary virtues.

James Cummings, Esq., one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter.

Blackwell's Island, Sept. 14, 1847.

Dr. Townsend—Dear Sir: I have suffered terribly for nine years with the *Rheumatism*; considerable of the time I could not eat, sleep or walk. I had the utmost distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good. I am so much better—indeed, I am entirely relieved.—You are at liberty to use this for the benefit of the inflicted.—

Yours, respectfully, JAMES CUMMINGS.

FITS! FITS!! FITS!!!

Dr. Townsend, not having tested his Sarsaparilla in cases o Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Worcester County.

Fordham, August 13 1848.

Dr. Townsend—Dear Sir: I have a little girl seven years of age, who has been afflicted with Fits; we tried almost every thing for her, but without success; at last although we could find no recommendation in your circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength, but she has had no return of the Fit, to our great pleasure and surprise. She is fast becoming rugged and hearty, for which we feel grateful. Yours, respectfully,

JOHN BUTLER, Jr.

FMAL M DICIN.

Nothing can be more surprising, than its effects on the human frame. Persons all weakness, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervlessness of the female frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine healthy offspring.

To Mothers and Married Ladies.

This extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "*The turn of life,*" should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life. This period *may be delayed for several years, by using this medicine.* Nor is it less valuable for those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed this medicine is invaluable for all the delicate diseases to which women are subject.

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation—which is the case of best medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

Great Blessing to Mothers and Children.

It is the safest and most effectual medicine for purifying the system, and relieving the sufferingsattendant upon child birth ever discovered. It strengthens both the mother and child, prevents pain and diseas, increases and enriches the food—those who have used it think it indispensible. It is is highly useful both before and after confinement, as it prevents diseases attendat upon childbirth—as Costiveness, Cramps, Swelling of the feet, Despondency, Heartburn, Vomiting, Pain in the Back, and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful. *Exercise* in the open air, and light food with this medicine, will always ensure a safe and easy confinement,

Beauty and Health.

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty.—They close the pores of the skin, and check the circulation, which when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifies its own production in the "human face divine," as well as in the garden of rich and delicately tinted and variegated flowers. A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities, is that which imparts the indescribable shades and dashes of loveliness that all admire, but none can describe. This is the offspring of *nature*—not of *powder or soap.* If there is not a free and healty circulation, there is no beauty. If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating

This is the reason why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes, and beautiful complexions, they should use Dr. Townsend's Sarsaparilla. Thousands who have tried it, are more than satisfied, are delighted Ladies of every station crowd our office daily.

Notice to the Ladies.

Those that imitate Dr. Townsend's Sarsaparilla have invariably called their stuff *a great remedy for females, &c. &c.*, and have copied our bills and circulars which relate to the complaints of women, word for word—other men who put up medidine have, since the great success of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not. A number of these Mixtures, Pills, &c., are injurious to females, as they aggravate disease, and undermine the constitution.

Scrofula Cured.

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood.—Three persons cured in one house is unprecedented.

Three Children.

DR. TOWNSEND: *Dear Sir.*—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores; have taken only four bottles; it took them away, for which I feel myself under great obligation. Yours respectfully

ISAAC W. CRAIN, 106 Wooster st.

CAUTION.

Owing to the great success and immense sale of Dr. Townsend's Sarsaparilla, a number of men who were formerly our agents, have commenced making Sarsaparilla Extracts, Elixers, Bitters, Extracts of Yellow dock &c. They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements.—They are worthless imitations, and should be avoided.
