

LEGISLATIVE SUMMARY.

By Telegraph to the Sentinel News Room.

FREDERICTON, Monday, April 5, 1852.

House in Supply this morning and passed some very important grants; one of £537 to the Queen's Printer for reporting Debates, and one of £1100 for public buildings. The Supply Book is closed. An application from N. B. Secretary for the use of the Province Buildings next October for the Provincial Exhibition was carried 15 to 12. Earle moved address to the Governor for £2500 to be expended for opening a canal at Grimross neck—negated. On Gray's motion the Fish Bill was recommitted, and a clause added that when Government appoints Fish Wardens, the County is to be assessed for half of his salary. On Taylor's motion the House went into committee on a Bill to suspend the show-dust law in St. John another year. There was considerable discussion, and progress was reported.

Tuesday, March 6.—A Bill was passed suspending the St. John saw-dust law six months. A Bill was committed that the first applicant for a Timber Berth should get it without public auction, which was postponed to next Session. A Bill amending the Agricultural Society Act, was passed. Mr. English moved a clause that no officer of an Agricultural Society do receive a salary; this was lost. A resolution was passed for an address to the Governor, expressing the opinion of the House that the Governor's salary should not exceed £1500 a year. The Westmorland Scrutiny Committee vacating Chapman's seat, and a new election has been ordered. A Bill was committed to reduce the fees in the Clerk of the Pleas office. A large number of Bills were postponed. The Prorogation takes place to-morrow at two o'clock.

Wednesday, March 7.—This day His Excellency, the Lient. Governor, came in the usual state to the Council Chamber, and being seated on the Throne, commanded the attendance of the House of Assembly, who being come, His Excellency was pleased to close the Session with the following Speech:

Mr. President and Honorable Gentlemen of the Legislative Council,

Mr. Speaker and Gentlemen of the House of Assembly,

"I congratulate you on having brought to a close a Session of considerable length and considerable importance—a Session marked by the enactment of some measures which may in all probability exercise great influence on the future destinies of this Province, and of British North America generally.

"I allude more particularly to the Acts for the construction of a Railway from Halifax to Quebec. The moment your deliberations were over, the Executive Council to England, in order that co-operating with Delegates from Canada and Nova Scotia, he might object heartily for carrying out your wish the object of his mission that he may succeed of this Session has seemed to me to bring into conflict the interests of different portions of the Province; I venture however to hope that the time will come when all Her Majesty's Subjects in New Brunswick, wherever they may reside, will look back with satisfaction on the measures which you have passed, and enjoy the prosperity which we earnestly pray may spring from them.

"I conceive it to be of great moment that, as the interests of British North America are in reality one and the same, so the Legislative action of the several Provinces should, as far as possible, correspond. I think therefore, that besides the Railway, another step has been taken in the right direction, by the passing of the Act for regulating the currency of New Brunswick, and I trust that Canada and Nova Scotia may pursue a similar course.

"The School Bill which you have passed after full deliberation and discussion contains an element of success hitherto wanting in previous measures of the same kind.—I mean the provision for inspection and superintendance. I anticipate much benefit from this change.

"The Bill authorizing a Commission to be appointed for reporting on the amendment and consolidation of the Law, offers the best means for securing due care and deliberation in so important a matter.

Mr. Speaker, and Gentlemen of the House of Assembly,

"In addition to my thanks for the ordinary Supplies which you have voted for the Public Service, I feel that you especially are entitled to an acknowledgment for the confidence in the Executive Government, and the liberality shown in the Railway Acts to which I have already alluded. So far as I am concerned, you shall not find your confidence misplaced, or your liberality abused.

Mr. President, and Honorable Gentlemen of the Legislative Council,

Mr. Speaker, and Gentlemen of the House of Assembly,

"Again thanking you for the consideration which you have given to all matters submitted to you, and the diligence with which you have labored, I release you from your attendance here, and bid you heartily farewell."

HALIFAX, April 7.—His Honor the administrator of the Government closed the Session this afternoon at 4 o'clock with the following Speech:

Mr. President and Honorable Gentlemen of the Legislative Council, Mr. Speaker and Gentlemen of the House of Assembly,

"In pursuance of the instructions contained in the Royal Commission to the Right Honorable the Governor in Chief of the North American Colonies, it has become my duty to close the present session as the officer appointed temporarily to administer the functions of the representation of our most Gracious Sovereign.—Under emotions of deep regret I have likewise to refer to the demise of our late lamented Lieutenant Governor, Lieutenant General Sir John Harvey, K. C. B., K. C. H. G., which mournful event took place on Monday the 22d of last month at Government House. This gallant and highly distinguished officer closed his zealous and arduous career after a succession of military services and in every quarter of the globe, which had earned various marks of Royal approbation; and of later years as Lieut. Governor in four of these Provinces, his eminent and conspicuous services have been acknowledged by the different colonies, and manifested by expressions and tokens of grateful recognition. Called by this emergency to the administration of great and important duties, my most strenuous endeavors shall be exerted righteously to fulfill the same, and it will prove to me a source of sincere gratification, if while carrying into effect the instructions of Her Majesty's Government, the occasion may present itself of enabling me essentially to promote the welfare, happiness, and best interests of the good and loyal people of Nova Scotia.

Mr. Speaker and Gentlemen of the House of Assembly,

"In the name of Her Majesty I thank you for the very liberal Grants you have made for the public service.

Mr. President and Honorable Gentlemen of the Legislative Council,

Mr. Speaker and Gentlemen of the House of Assembly,

"The ample provision made for the construction of a Rail Road from Halifax to Quebec evinces your liberality and enterprise. You may rely upon the necessary steps being taken by the Executive to give practical effect to your legislation by every exertion to secure the co-operation of Her Majesty's Government.

"Judicious care of the insane and such aid to the restoration of reason as have been sanctioned by experience can only be provided in an asylum dedicated to these objects. I rejoice that you have not lost sight of the claims of those whom it is to be afflicted, and I assure you that I shall be anxious to see the policy of the Government. The grants made to enable the Government to repel the too frequent interruptions on the Fisheries I shall take care as far as in me lies to appropriate so as to afford to that great interest the largest practical amount of protection. As you are on the eve of returning to your several homes, I beg to offer you the assurance that while intrusted with the important functions now submitted to my superintendance it will be my most anxious study to foster and improve those feelings of attachment and veneration for the parent state which has always heretofore distinguished this loyal and rising colony."

ST. JOHN, Monday, April 5.—Our city Elections came off to-day. The result is as follows:

KING'S WARD.—John M. Walker, Alderman, Vice Needham, by whom he was opposed.—Jas. S. Ballentine, Council, Vice Harding, opposed by Joseph Mercer, resigned.

QUEEN'S WARD.—Wm. O. Smith, Alderman, without opposition. G. V. Nowlan, Councillor, opposed by Mr. Hannah.

DUKE'S WARD.—John Johnston, Alderman, opposed by T. Harding, the mayor. Jas. Stevenson, Councillor, Vice Hagerty, by whom he was opposed.

SIDNEY WARD.—G. Vanborne. T. McAvity, Councillor, without opposition.

GUY'S WARD.—John C. Littlehall, Alderman, Vice J. O. Dunham. John Olive, 3d Councillor, vice James Thompson, opposed by T. Coster, Jr.

BROOK'S WARD.—Jas. Beattie, Alderman. Joseph Coram, Councillor, without opposition.

The principal excitement was in King's and Duke's Wards, but all passed off quietly. Mr. Walker's majority over Mr. Needham was about 90. Ballentine's over Mercer 45. Mr. Johnston's over Mr. Harding 26. Mr. Stevenson's over Hagerty 38. Olive over Coster 44.

BOLTIMORE, April 6, 7 P. M.—A snow and rain storm prevailed here yesterday, accompanied by thunder and lightning. Much damage was done by the tide, which was unusually high.
