Orangemen of New Brunswick, that we have not received that support which we think by our exertions in the cause we are entitled. It is well known that we are in the "hot-bed of Orangeism," or as Paddy Bennett once remarked, "on the devil's half-acre," and from this fact it may be supposed that we are well supported by Members of the Order. In this County we have nothing to complain of; and in York, Sanbury, and Queen's, we have many friends; but they are few compared to those who still hold back, and whose duty we think it is to render us all the assistance in their power. We believe the Institution to be a good one, and that it is beyond the power of man to put it down, until it has accomplished those ends for which it was designed; but its Members must not be careless or lukewarm if they wish to see good results in their day, they must work with energy and in the spirit of the Order. We have a bright example set us in Canada, where Orangeism is rapidly on the increase, and which we would much like to see followed in the Province.

Our space will not permit us to say more at present; but we will endeavor next week, to lay before our readers the proceedings of the Semi-Annual Meeting of the Grand Orange Lodge of British America, held at London, C. W., on the 1st of October.

We have received, what we suppose is called, an authentic List of Prizes, awarded at the late Exhibition at Fredericton; but to judge from appearances, it is not much more correct than the first. The prize on Boots and Shoes is given to Stephen Porteous, Carleton. This may mean Stephen Parsons, and may be a typographical error. But honorable mention is made of a pair of 3 year old Fillies, the property of John Dibblee, Carleton. Now that gentleman had no fillies at the Exhibition.—There are doubtless other errors, but we have not conversed with any of the other parties on the subject, and cannot say what they are. We, however, subjoin a List of the Prizes—Honorary Diplomas, and honorable mention—awarded to parties in this County. We have not room for the whole list—

**THE ANGLO AMERICAN.**—The fifth number of this interesting work is before us, and is still an improvement on the last. The *Anglo American* is not surpassed by any magazine in America, and to make it doubly attractive, the publisher announces that a General History of the American War of 1812, '13 & '14, is in a forward state of preparation, and that introductory observations will appear in the December number. The History will be continued in succeeding numbers of the magazine till completed.—

Such a work is much required, as nothing satisfactory of a similar nature has yet been given to the world. The publisher calls upon parties in the possession of information that would serve to enhance the value of such a History, to contribute their quota towards what may fairly be called a national undertaking. This History will doubtless be the means of procuring a number of subscribers to the magazine in this Province, as there are many of old 104th yet alive, who could not fail to be interested in this work. Address Thomas Maclear, 45 Yonge Street, Toronto, C. W.

**THE MAILS.**—We are without any late news from St. John, in consequence of the irregularity in the arrival of the mails. The one due on Monday morning did not arrive until Thursday, and Thursday's mail is not here yet—(Friday evening.) It appears to us that the mail should not leave Fredericton, until the arrival of that from St. John; it is scarcely worth while to send a team all the way from Fredericton to Quebec, with the Fredericton and Woodstock mails, and allow those from St. John, Halifax, England, &c., to lay over, when by waiting perhaps an hour, the whole could be sent thro' on the regular days.

**RAILWAY SPEECHES.**—These speeches, with a majority of the Press are, like the handle of a jug, all on one side; in many cases where the opposition speeches are given, they are so mutilated that those who made them did not know them: in fact, so far has this one-sided business been carried on, that H. H. Beardsley, Esq. requested us not to publish his remarks as reported—he would rather be represented to his constituents as having said nothing, than to be shown up as the author of unmeaning trash.

**STEAM BOAT ACCIDENTS.**—The Steamers brought from the Kennebec this Summer, to ply on our waters, have been rather unfortunate lately. A short time ago the J. D. Pierce went ashore in the Falls, and was for two or three days in great danger, but was got off without injury. Last week the Woodstock broke her crank, and was laid up; and on Tuesday, the J. D. Pierce broke one of her engines, and will not probably run again this Fall.

We learn by Telegraph from St. John, that a Boat containing twelve men was run down on Thursday evening, by the Ferry steamer, when crossing the harbor, and that five of the men were drowned. Their names were John M'Donald, John Slimey, Samuel M'Masters, John Kilmarten and James Kirk.

**CONSUMPTION**

Every body knows is a flattering disease. It commences and progresses so insidiously, that before one is aware of it, the lungs are a mass of ulcers, then a sudden exposure or change from heat to cold, produces an inflammation, and in a few days or weeks it is said, he or she died of hasty CONSUMPTION. For a troubled with cough or lung complaint, we refer to the advertisement in another column of Judson's Chemical Extract of "Cherry and Lungwort," which is said to be a certain cure for this awful disease.

**JUDSON'S  
CHEMICAL EXTRACT OF****CHERRY & LUNGWORT,**

FOR THE CURE OF

**Coughs, Colds, Hoarseness, Spitting of  
Blood, Night Sweats, Asthma,  
Liver Complaints, and  
CONSUMPTION.  
DEATH**

Can be and has been prevented by this nature's own remedy.

JUDSON'S CHEMICAL EXTRACT OF

**CHERRY AND LUNGWORT.**

This Medicine unlike most of the patent remedies of the day is the result of the careful study and experiments of a scientific and experienced physician. The two principal ingredients have long been known and celebrated.

**WILD CHERRY BARK.**

When the strength of this is properly extracted is the best Medicine known for curing the worst Coughs and other Pulmonary diseases, it loosens the phlegm and enables the sufferer to expectorate easily, and alone will cure the worst cold or cough, which if neglected always leads to Consumption.

**LUNGWORT.**

This is a plant the virtues of which are known to but few. It has been said by the most learned men of all times, that "Nature has provided a remedy for each and every disease," and the discoveries that are daily made go to prove its truth. Lungwort is doubtless the remedy designed by Nature for Consumption. Its healing properties are truly wonderful, and the rapidity with which it cures the worst cases of Ulcerated Lungs, soothing and subduing all irritation almost immediately, is a proof of its adaption to this disease.

These two articles combined with other purely vegetable ingredients, form a medicine that is certain to cure the worst cases of Consumption if taken before the sufferer is entirely prostrated. Do not be discouraged, a trial can do no harm, but will convince the most sceptical of its real worth.

**THOUSANDS OF CONSUMPTIVE**

persons have been deceived repeatedly in buying medicines which were said to be infallible cures, but which have proved only palliatives, but this medicine is not only palliative, but a cure for ulcerated lungs. It contains no deleterious Drugs, and one trial will prove its astonishing efficacy better than any assertions or certificates in curing Consumption and all diseases of the Lungs, such as Spitting of Blood, Coughs, Pains in the Side and Chest, Night Sweats, &c. &c.

**CAUTION.**—To protect our own as well as the interest of the consumptive sufferer, we are obliged to Caution all to find the signature of Comstock & Brother on the wrapper, without this it is a worthless counterfeit. Remember this.

**CARLTON'S LINIMENT FOR THE PILES.** &c.—It is now used in the principal hospitals, and in the private practice in our country by an immense number of individuals and families, first and most certainly for the cure of the PILES, and also extensively and effectually as a baffle credulity, unless where its effects are witnessed externally in the following complaints:—Dropsy Swellings, Rheumatism—acute or chronic—giving immediate ease, Sore Throat, Bruises, Sprains, Burns &c.

**Sores and Ulcers.**—Whether fresh or of long standing, and fever sores.

Its operation upon adults and children in reducing rheumatic swellings, and loosening coughs and tightness of the chest by relaxation of the parts, has been surprising beyond conception. The common remark of those who have used it in the Piles, is "It acts like a charm." It is warranted to please any person that will try it.

**CAUTION.**—Never buy it unless you find the fac simile signature of Comstock & Brother, Proprietors, on the wrapper.

**AZOR'S TURKISH BALM,  
THE ONLY CERTAIN REMEDY FOR BALD-  
NESS, AND FOR PREVENTING AND  
STOPPING THE FALLING OUT  
OF THE HAIR.**

As a toilet article for beautifying and keeping the hair soft, glossy, and in a healthy condition, it is unequalled. Its positive qualities are as follows:

1st.—It frees the head from dandruff, strengthens the roots, imparts health and vigor to the circulation, and prevents the hair changing color or getting gray.

2d.—It causes the hair to curl beautifully when done up in it over night.

This Balm is made from the original receipt procured from the original Turkish Hakim (physician) of Constantinople, where it is universally used. The Turks have always been celebrated for their wonderful skill in compounding the richest perfumes and all other toilet articles. In Turkey the Aromatic Herbs, &c., of which this Balm is composed, are almost universally known and used for the hair. Hence a case of baldness or thin head of hair is almost entirely unknown in that country. We wish but one trial to be made of it; that will do more to convince you of its virtues than all the advertisements that can be published, and that all may be able to test its virtues it is put up in Large Bottles at the low price of 50 cents per bottle.

Remember the genuine has the signature of Comstock & Brother on the wrapper.

**FOR THE MARRIED.****"BE YE BEAUTIFUL AND MULTIPLY,"**

Is a command that should be cheerfully obeyed by the children of Men. Dr. Larzette's JUNO CORDIAL or Procreative Elixir, prescribed as an effectual restorative in cases of Debility, Impotency, or Barrenness, and all irregularities of nature. It is all that it professes to be, viz: Nature's Great Restorative, and remedy for those in the married state without offspring. It is a certain remedy for Seminal emissions, General Debility, Gleet, Weakness of the Genital Organs, Nervous Affections, Leucorrhoea or Whites. As an invigorating medicine it is unequalled. Also, a certain remedy for Incipient Consumption, Indigestion, Loss of Muscular Energy, Physical Lassitude, Female Weakness, Debility, &c. It is warranted to please the user in any of the above complaints, and is of priceless value to those without offspring.

**CAUTION EXTRA.**—Find the name of Comstock &

Brother on the wrapper, and never buy it unless you find the above name, as it has been extensively counterfeited of late. Avoid the counterfeit as you would poison.

**To Owners of and Dealers in Horses**

**CARLTON'S FOUNDER OINTMENT.**—For the cure of Founder, Split Hoof, Hoof-bound Horses, and Contracted and Feverish Feet. Wounds, Bruises in the Flesh, Galled Backs, Cracked Heels, Scratches, Cuts, Kicks, &c., on Horses.

**CARLTON'S RING-BONE CURE.**—For the cure of Ring-Bone, Blood Spavin, Bone Spavin, Windgalls, and Splint—a certain remedy.

**CARLTON'S CONDITION POWDERS FOR HORSES AND CATTLE.**—The changes of weather and season, with the change of use and feed, have a very great effect upon the blood and sinuous fluids of Horses. It is at these changes that they require an assistant to nature to throw off any disorder of the fluids of the body that may have been imbibed, and which, if not attended to, will result in the Yellow Water, Heaves, Worms, Botts, &c. All of which will be prevented by giving one of these powders, and will at any time, cure when any symptoms of disease appears, if used in time. They purify the blood, remove all inflammation and fever, loosen the skin, cleanse the water, and invigorate the whole body, enabling them to do more work with the same feed. The action of these powders is direct upon all the secretory glands, and therefore have the same effect upon the Horse, the Ox, the Ass, and all Herbivorous animals—all diseases arising from or producing a bad state of the blood, are speedily cured by them. Remember and ask for *Carlton's Condition Powders*, and take no others.

**CARLTON'S NERVE AND BONE LINIMENT FOR HORSES.**—And for the cure of all diseases of man or beast that require external application, and for contracted cords and muscles, strengthens weak limbs, and is also used for Sprains, Bruises, Saddle Galls, Swelled Legs, and sores of all kinds on Horses.

**CARLTON'S articles for Horses and Cattle** are prepared from the recipe of a very celebrated English Farrier, and will cure in ninety-nine cases out of one hundred any of the above complaints. They have been used by Farmers, Livery-men, Stage Proprietors and others, with the most marked and decided success.

**CAUTION.**—None can be genuine unless you find the name of J. Carlton Comstock on the wrapper of each article. Remember this, as their articles have been extensively counterfeited of late. Look and find the proprietor's name, J. Carlton Comstock, and never buy without.

**CAUTION.**—All of the above named articles are sold only by Comstock & Brother, 2 St. Peter's Place, directly in rear of the Astor House, between Barclay and Vesey streets, one door from Barclay, and one block from Broadway, New York, to whom all orders must be directed.

For sale by W. L. FERGUSON, and A. PAYSON, Woodstock; and J. W. BRALEY, and J. T. SMITH, Fredericton; and by one agent in every town in New Brunswick.

**GEORGE'S****Honduras Sarsaparilla Extract.**

For the cure of those diseases arising from an impure state of the Blood, such as Scrofula, Stubborn Ulcers, Skin Diseases, Pimples on the face, Female Irregularities and Complaints, &c. As a general Tonic and invigorator of the system it is unequalled.

This Medicine is not offered as a cure for all diseases, but merely for those arising from impure blood. It is composed of the

**PURE HONDURAS SARSAPARILLA.**

combined with other purely vegetable substances of acknowledged efficacy, and is manufactured with the greatest care, every pound of the Sarsaparilla being subjected to the strictest chemical tests, and its genuineness ascertained before being used; and it contains ten times as much Pure Honduras Sarsaparilla as any other ever offered for sale.

We have endeavored, in George's Honduras Sarsaparilla, to give to the public a Medicine which can be depended upon to do for them (in the class of diseases to which it is adapted) all that Medicine can do; and confident that we have done so, we leave it to the good common sense of the people to decide between an extract of the PURE HONDURAS SARSAPARILLA and the many worthless extracts of a Common Sarsaparilla now sold.

Then be not deceived. Resort to George's Honduras Sarsaparilla, and you will be rewarded by a quick and easy cure.

**TO THE LADIES.**

You who wish a beautiful clear skin, free from all Pimples, Blotches, and Impurities, we say, abandon the use of paints and mixtures, and use the Genuine George's Honduras Sarsaparilla.

It beautifies the complexion by removing every particle of morbid or diseased matter from the Blood, making it pure, healthy, and vigorous, and changing the yellow and dark countenance to the bloom and freshness of youth.

This Medicine is put up in large bottles, one of which, in virtue is equal to six of any other ever made.

**CAUTION.**—Find the name of Comstock & Brother, on the wrapper, and you will get the Genuine George's Honduras Sarsaparilla.

\* All orders must be directed to COMSTOCK & BROTHER, No. 2, St. Peter's Place, (rear of Astor House) New York.

Price, \$1 per Bottle, or six Bottles for \$5.  
For sale by W. L. FERGUSON, and A. PAYSON, Woodstock; and J. W. BRALEY, and J. T. SMITH, Fredericton.
