To Professor HOLLOWAY :

DEAR SIR .- I am requested by a Lady named Thom as, just arrived from the West Indies, to acquaint you that for a period of eight years, herself and family suffered from continual bad health, arising from disorders of the Liver and Stomach, Indigestion, loss of Appetite, violent Head aches, pains in the side, weakness and general debility, for which she consulted the most eminent men in the colony, but without any beneficial result! at last she had recourse to your invaluable Pills which in a very short time effected so great a change for the better, that she continued them, and the whole family were restored to health and strength. Further she desires me to say, that she has witnessed their extraordinary virtues in those complaints incidental to children, particularly in cases of Measles and Scarlatina, having effected positive cures of these diseases with no other remedy.

At length he heard of the salutary effects of your invaluable Pills, and was induced to give them a trial. The first dose gave him considerable relief, and by following them up in accordance with your directions, they have acted so wonderfully in cleansing the liver and stomach, and strengthening the digestive organs, that he has been restored to the enjoyment of I remain, dear Sir, yours faithfully, good health.
