

## THE FISHERIES.

Our neighbors are jealous at the appearance of a fleet on the coast to protect the Fisheries. The "Devastation" is a particular "eye sore." Hear what some of their papers say:

The U.S. steamer Vixen, Lt. Swartworth, has been ordered from New York to Halifax, and probably for the purpose of observing the movements of Admiral Seymour, and informing the American fishermen of their danger, there being no doubt the British orders for their exclusion will be more rigidly executed at the present than at the last season.—*Washington Correspondent Baltimore Sun.*

Her Majesty's Government have sent not one ship of war, nor two, nor three, merely, but a strong and powerful fleet, to the fishing grounds to look after the "Yankee interlopers" there. That ship of ill-fame, the Devastation, was on the ground several days since; the war-steamer Argus has now joined her, we see, and "the cry is, still they come." If the summer pass away without mischief growing out of this concentration of force, we shall be glad; as things now stand, there is such a temptation for British officers to knock our fishermen about, as they did last season, "just for the fun of the thing," that we fear there is mischief ahead.—*New York Express.*

**THE FISHERY TROUBLES.**—From the temper on both sides there is too much reason to apprehend fresh troubles on the fishing grounds. The British have relaxed none of the regulations, and the fishermen are less than ever inclined to submit to some of them. Our government has ordered a vessel to the ground, to watch and report upon the state of things, and the British are about to send a considerable force there.—*Boston Chronicle.*

The *Miramichi Gleaner* copies our remarks on Municipal Corporations, and says:—

"Will our readers peruse attentively the remarks annexed, and after they have done so, ask themselves if we would not be benefitted by their introduction into this County."

**DEFEAT OF THE MINISTRY.**—Yesterday we received a special telegraph from our correspondent at Quebec, informing us that "The Ministry were defeated three times on Monday night, on the Bill of Mr. Smith of Frontenac, for securing the independence of Parliament."

"Mr. Morin requested time, before the third reading of the bill, for the Ministry to decide whether they should resign or not."

"Mr. Mackenzie, as usual, spoke against the Ministry, but went away to avoid voting."

"The Grits voted with the Ministry."

"The Young Canadian party joined the Conservatives."

"Divisions—thirty to twenty-seven."  
*Toronto Patriot, June 1.*

Wm. G. Sherwood, an Englishman, died on the 13th ult., in Frankfurt, from the effects of taking laudanum, as is supposed, instead of a tincture of rhubarb, through the mistake of an apothecary.

Boarding Houses in the city of New York were never so full as at present. Rents for this purpose from \$1,200 to \$2,000 are by no means uncommon where no extra style is aimed at.
