MOST MIRACULOUS CURE OF BAD LEGS, AF-TER 43 YEARS SUFFERING. Botracl of a Letter from Mr William Galpin, of 10 St.

Mary's Street. Weymouth, dated May 15, 1851.

To Professor Hollo WAY. SIR.-At the age of 18, my wife (who is now 61) caught a violent cold, which settled in her tegs, and ever since that time they have been more or less sore. and greatly inflamed. Her agonies were districting and for months toge her she was deprived entirely of rest and sleep. Every remedy that medical men advised was tried, but without effect; her lealth suffered soverely, and the state of her legs was terrible. I had often read your Advertisements, and advised her to try your Pills and Ointment; and, as a last resource, after every other remedy had proved useless, she consented to do so. She commenced six weeks ago, and, strange to relate, is now in good health. Her legs are painless, without seam or scar, and her sleep sound and undisturbed. Could you have witnessed the sufferings of my wife during the fast 43 years, and contrast them with ber present enjoyment of health, you would indeed feel delighted in having been the means of so greatly a levi | always leads to Consumption.
