WINTER GOODS

still unsold he will dispose of them upon as good terms and at as low rates, as any other establishment within 50 miles of Woodstock.

PROSPECTUS.

A Weekly Paper Entitled

"THE REFORMER,"

will immediately be published in

WOODSTOCK.

It will be chiefly devoted to our AGRICULTURAL, EDUCATIONAL, and COMMERCIAL interests. To some extent it is intended also that "THE REFORMER" shall be a

LITERARY and SCIENTIFIC

JOURNAL.

it will from time to time contain notices of the first literary productions of the age, and of improvements and discoveries in

SCIENCE and ART.

Special attention will be given in this paper to all topics and questions more immediately affecting this County. During the sitting of the Legislature, "THE REFORMER" will contain abstracts of the debates in both Houses.

"THE REFORMER" will not be the advocate of any (if such there be) existing Provincial political party. It will treat political questions without any partisan spirit.

The necessity of some radical change in the Law regulating the election of Representatives in General Assembly, will be strongly urged in "THE REFORMER." The bribery, corruption, and tyranny which have prevailed at recent elections are disgraceful to the Country. The adoption of the system of voting by ballot may in some degree obviate these evils. The extension of the Electoral Franchise is justly called for by large numbers of persons not inferior in intelligence and respectability to those now entitled to vote at the election of Representatives in the General Assembly in a Country where land is comparatively cheap, the land-holder does not necessarily possess a greater stake or is more interested in the prosperity of the Country than the possessor of any considerable amount of personal property. The right of rate payers on personal property, with certain restrictions, to enjoy the privilege now confined to land-holders, will be maintained in "THE REFORMER."

If our Country is rapidly and securely to advance, it must be by an improved system of Agriculture; by a thorough reformation in the Common School system; by placing our commercial relations with foreign countries on a proper footing, and by inculcating habits of reliance on ourselves and resources. By such means will "THE REFORMER" endeavor to lead new Brunswickers to improve their condition, and make for themselves a Country of which they need not be ashamed.
