

DEATH FROM THE BITE OF A SNAKE.—On Tuesday last, a little girl, aged some 8 or 9 years, named Livingston, in Bradford township Penn., died very suddenly from the bite of a snake, as is conjectured. The men were cutting grain, and the little girl was heard to cry in a distant part of the field. No further attention was paid to her for some ten minutes; but when found, she was in convulsions, and the blood oozing from her nose, mouth, &c. After being carried to the house, she revived enough to tell that she had been bitten by a snake, but could give no description of it, and ceased to breathe in about two hours after she was supposed to have received the wound. The bite was on the top of the foot, and supposed to have been inflicted by a hoop or horn snake.—*Clearfield Rep.*

EXECUTION OF A LOWELL IMMIGRANT IN CALIFORNIA.—We hear that the account of a lynching at the mines in California, was received last mail, in which Mr. Jonathan Pillsbury, formerly employed on the Massachusetts and Appleton in this city, and two others lost their lives. The three were charged with having murdered and robbed a man, and were summarily hung. Mr. P. was on the point of taking the steamer at San Francisco for home, when an officer arrested him and took him back to the mines.—*Lowell Courier.*

BROCK'S MONUMENT.—The *Toronto Globe* states that a plan for the re-erection of Brock's monument has been adopted. It is a very beautiful fluted column, measuring from the base to the head of the statue, 185 feet—only eight feet less than the Nelson monument in London. The base will contain a vault for the reception of the remains of General Brock and Colonel McDonald. The statue at the summit will be of stone, sixteen feet in height. A staircase of two hundred and fifty steps will run from the base to the opening of the capital.

TWENTY HORSES BURNED.—Last week, the stables attached to the Hamilton House, Canada, was destroyed by fire and twenty valuable horses burnt to death, a number of which were destined for the American Market, we understand.

LETTER DELIVERY IN ENGLAND.—Before the penny postage in England; the number of letters delivered weekly was less than half a million. Now the delivery is one million daily.

A controversy is going on between the Roman Catholic journals in the United States, as to whether tallow candles may be used instead of wax, in the Church ritual.

DIMENSIONS OF FURROW.

Depth from 5 to 7 inches. Width from 8 to 12 inches. One-eighth of an acre to be ploughed by each competitor.

Rules for the Guidance of Competitors.

No person shall be allowed to compete unless he becomes a Member and pays in his Subscription of Five Shillings or upwards, on or before Tuesday the 21st September, and in no case will a member be allowed to offer, as his own, the property of another.

All Grain, Root Crops and Manufactures entered for competition must be the productions of this County, the present year; and all Stock so entered must have been raised in this County, (Stallions, Bulls, Boars and Rams excepted, and which must have been owned by the Competitors, not less than one year prior to the day of Exhibition.)

No Competitor will be allowed to exhibit any animal in a two-fold capacity, nor receive more than one premium upon Samples of Grain, or other articles of the same kind or class.

No animal that has taken a premium at any previous Show of this Society will be allowed to compete again in the same character.

Persons competing for Root Crops grown upon a given quantity of land, must exhibit a sample of one bushel at the Show, and an affidavit by himself and another credible person of the quantity must also be furnished the Secretary on that day, or as soon thereafter as the quantity can be ascertained.

Articles for Exhibition must be entered with the Secretary not later than the Thursday next previous to the day of the Show, who will present each Competitor with a numbered Card corresponding to the entry in his book, which must be attached to the article exhibited, and the premiums will be awarded to the respective numbers.

Cattle Pens and other arrangements suitable for the purpose will be prepared previous to the day of Exhibition, and halters or ropes must be furnished by the Owners of Horses and Neat Stock, that they may be securely tied: a Committee will be present to assign their respective positions, as well as other articles for competition, wherein they must be placed by the parties in charge, and remain until the close of the exhibition. Stock must be on the ground by nine o'clock, A. M.

Competitors will not be allowed the custody of any article exhibited, after being placed in the position assigned to it by the Committee, until the close of the Exhibition, nor be present, or to interfere in any way with the Judges while occupied with their examinations. Any violation of this rule will exclude the owner of such articles from receiving the premiums.

Competent and impartial Judges will be selected, who will commence their examination at 10 1-2 o'clock, and their decision will be final.

The Judges will be at liberty to withhold any premium, if they consider the animal or article offered deficient in merit.

Special premiums will be awarded upon any articles not provided for in the above list, if such are offered as the Judges shall consider worthy of encouragement. This will apply to Flax, which was overlooked by the Directors.

Hay will be furnished by the Society for Stock exhibited for Premiums, and owned by Members residing at such a distance as to render it inconvenient to drive in the same on the morning of the Show.

Further regulations for the government of the Show on the day of Exhibition, as the law provides, will be published in due time.

By Order,

H. E. DIBBLEE,
Secretary.

Woodstock, Aug. 20, 1852.

A CARD.

THOMAS F. STREET, Esq., Barrister, will have charge of the subscriber's office and business during his temporary absence from this Province, and will be prepared to attend to all professional calls with the same promptness and care as the subscriber could were he personally present.

H. H. BEARDSLEY.
