Saint John and Liverpool LINE OF PACKET SHIPS.

APPOINTED TO SAIL FROM LIVERPOOL AS UNDER:

Table with columns: Ship, Master, Tons, To Sail. Includes entries for Liberia, Middleton, John Barbour, David Fleming, John Bannerman, Joseph Tarratt, Imperial, Liberia, Eudocia.

Orders for Shipment of Goods by this Line are Respe. Affly Solicited.

Apply to FERNIE, BROTHERS & CO., Orange Court, Castle Street, Liverpool, or to J & R. REED, Saint John, New Brunswick.

THE ST. JOHN AND LIVERPOOL LINE OF PACKET SHIPS have, now been in successful operation since February, 1853; during which time they have landed at this Port, thirteen cargoes of Goods and a large number of Passengers, without accident, and free from disease. They have also established a character for punctuality, which the Owners trust, has been satisfactory to their Patrons.

While tendering thanks for past favors, the Owners beg leave to announce that the Packets will sail from Liverpool twice each month during the current year, and would respectfully solicit from importers a continuance of their confidence. In conformity with the onward spirit of the age, two first class Screw Steam Ships have been contracted for and are now in course of construction by the celebrated builder, John Laird, Esq., of Birkenhead, to be of about 1600 tons each, in speed and every other respect equal to any Screw Steamers now traversing the Atlantic; one to be launched in April, the other in May next. These Boats are being built specially to ply between Liverpool and this port, under the impression that New Brunswick will extend to this enterprise such encouragement as is granted to like undertakings by other countries. It is intended to make application at the next meeting of the Legislature for a grant of £10,000 per annum, for ten years, for carrying the Mails, and if it is considered that the establishment of the proposed Line would be of advantage to the Province, and the desired aid be secured by a grant of the sum specified yearly for ten years, the Boats will be placed upon the route, but it not they must seek employment in some other trade, where they would be more likely to pay
