

A NEW EMPIRE.—The advices from Mexico all point to the fact that Santa Anna is contemplating a *coup d'état* in imitation of Louis Napoleon. He has reestablished an order of nobility or knight-hood, the members of which are to be addressed as your Lordships, and he has caused portraits of the late Emperor Iturbide, with the title of Liberator, to be everywhere displayed. While he has taken these measures to accustom the public mind to the Imperial style, he is said to be preparing warlike stores and troops for any eventuality that may occur.

France has warned Austria to avoid interference in the Russo-Turkish difficulty, and has formally announced that if she gives refuge to the armed Russians retreating from the Turks, France will regard it as a declaration of war.

We perceive by the last *Canada Gazette* that Mr. Torney, of this city, has been appointed a Magistrate for all the Districts of Canada East. He is already in the commission of the Peace for Canada West.—*Quebec Chronicle*.

CUBA.—A letter from Havana, in the *Star*, intimates that England had a hand in the appointment of the Consul General, and states that he is an aristocrat, and opposed to slavery.

PROVINCIAL APPOINTMENT.

John Shea to be Commissioner to receive subscriptions, select a site, and to build a Public Wharf at Woodstock.

By His Excellency's Command,
J. R. PARTELOW,
Secretary's Office, December 6, 1853.

A MOST EXTRAORDINARY CURE EFFECTED BY Dr. M'Lane's Celebrated Vermifuge.

NEW YORK, March 19th, 1853.

This is to certify that I have been troubled for almost four years with a choking sensation, sometimes so bad as almost to suffocate me; I employed two regular physicians, but to no purpose. I was then persuaded to try a bottle of Dr. M'Lane's Celebrated Vermifuge. I took two tea spoonfuls at one dose. It soon began to operate, when it made thorough work. (I had a regular worm factory within me.) I should judge it brought away from me some two quarts of worms; they had the appearance of having burst. I took the remainder of the bottle at two doses. The effect was, it brought away about one quart more, all chopped to pieces. I now feel a different person.

The above is from a widow lady, forty-six years of age, resident of this city. For further particulars, the public are referred to Mrs. Hardie, No. 3 Manhattan place, or to E. L. Theall, Druggist, corner of Rutgers and Monroe streets.

P. S. The above valuable medicine, also Dr. M'Lane's Celebrated Liver Pills, can now be had at all respectable Drug Stores in this city.

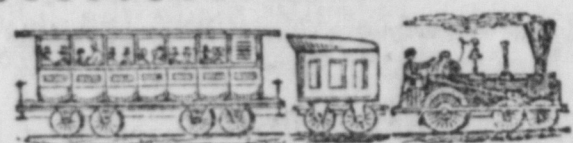

Purchasers will please be careful to ask for, and take none but Dr. M'Lane's Vermifuge. All others in comparison are worthless.

Deaths.

On Saturday, the 19th ult., at the Grand Lake after a long illness, of consumption, Mr. Benjamin Tibbits, aged 35. Mr. Tibbits was celebrated as an Engineer, having constructed the engine of the *Reindeer*, on the combined high and low pressure principle, and obtained a patent from the Canadian Government for this useful invention. Mr. T. was highly respected by all who had the pleasure of his acquaintance. The early death of such a man may be considered as a public loss.
