The Great Medical Necessity of the Age Supplied  
—BY—  
**DOW'S Anti-Bilious and Family Aperient PILLS!!**  
A SAFE MEDICINE AND A SURE REMEDY IN ALL DISEASES OCCASIONED BY DERANGEMENT OF THE STOMACH, LIVER OR BOWELS.

THE Proprietor is quite aware of the prevalent distrust existing in this Province of every medicine which professes any general remedial efficacy, and he is not ignorant that even among those who believe in the efficacy of one or other of the many forms of Proprietary Medicines, now offered to the public in Europe and the United States, the introduction of a new one may be considered unnecessary. He therefore feels it due, alike to himself and the public, frankly to state his reasons for offering this medicine, and the grounds of his conviction that it will be found serviceable in the large class of cases for the treatment of which it is recommended.  
The practitioners of medicine in every country, have found it desirable and necessary to possess a safe and effectual CATHARTIC, available at all times, and applicable in all the extensive and constantly recurring diseases in which a specific action upon the Stomach and Bowels is required, and the proprietor is perfectly familiar with the formula of all the most famous medicines employed for this purpose in the Colleges and Hospitals of Europe and America and adopted in the medical practice of this Province.

Dr. Dow has been convinced by a close observation of the effects of the medicines just referred to, that such a cathartic as he has designated is still a desideratum, and he has bestowed the most careful attention and extensive experiments in order that he might furnish to his profession and the world, a Remedial Agent at once safe and efficacious.  
It has not escaped the attention of the proprietor of these Pills, in the extensive professional patronage which he has now enjoyed for some time past in New Brunswick, that the effects of particular medicines on particular diseases, are very seriously modified by the climate, and habits of the people of the country, and he is convinced from personal observation that medical treatment to be safe and effectual, must be accommodated to these peculiarities.  
His original formula for these pills although justified by science and experiments, has been modified from time to time by the proprietor to suit the peculiarities to which he has alluded, and he now offers them to the people of North America as the best and safest.

**ANTI-BILIOUS & FAMILY APERIENT!**  
Dr. Dow no more hesitates, [after the testimony which has been afforded in his own practice] to claim for these pills an entire superiority over all now in use, than to depreciate the idea of recommending them as possessing any miraculous power or life giving virtue. He would as particularly and emphatically warn the public that it is in a special class of diseases, and only in a special class that his Pills will be found specific, as he will confidently assert that their perfect efficacy in the class of diseases has been demonstrated by an extensive administration and a uniform success.  
Dr. Dow therefore unhesitatingly presents these Pills to the public as a reliable

**FAMILY PHYSIC,**  
well and carefully tested, and appealing to the general confidence by its past effects in a course of practice, in which for the last year from 200 to 300 have been administered daily!  
These Pills will be found safe in their operation, sure in their effects, and beneficial in all the diseases to which they profess to be adapted, viz:  
Dyspepsia, Indigestion, Sick or Nervous Headache, Palpitation of the Heart, Heart Burn, Sickness or Weakness at the Pit of the Stomach, Jaundice, Impurity of the Blood, Pain in the side, Derangement of the Liver, disordered state of the Bowels, Costiveness, Piles, &c. &c.

As a preventative of Sea sickness, these Pills will be found invaluable.  
None genuine without the Fac-Simile signature of H. DOW, M. D.  
Full directions accompany each Box.
