THE RENOWNED REMEDY!

HOLLOWAY'S OINTMENT.

A MOST ASTONISHING CURE OF SCROFULOUS ULCERS.—A CASE CERTIFIED BY THE MAYOR OF BOSTON.

Copy of a Letter from J. Noble, Esq., Mayor of Boston, Lincolnshire.

To Professor HOLLOWAY:

Dear Sir,—Mrs. Sarah Dixon of Liquorpond Street, Boston, has this day deposed before me that for a considerable period she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body; and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment she procured a small pot and a box of the Pills, and before that was all used, symptoms of amendment appeared. By persevering with the medicines for a short time longer according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health.

I remain, Dear Sir, yours truly, Dated August 12th, 1852. (Signed) J. NOBLE. AN EXTRAORDINARY AND RAPID CURE OF ERYSIPELAS IN THE LEG, AFTER MEDICAL AID HAD FAILED.

Copy of a Letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near Bognor, Sussex, dated Jan. 12th, 1853.

To Professor HOLLOWAY:

Sir,—I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great, and I quite despaired of any permanent amendment, when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighborhood similarly afflicted, who derived equal benefit.

I am, Sir, your obliged and faithful Servant, (Signed) ELIZABETH YATES. A DREADFULLY DISEASED ANGLE CURED AFTER BEING GIVEN UP BY THE FACULTY, AT MALTA AND PORTSMOUTH HOSPITALS.

The following important communication has been forwarded to Professor Holloway for publication, by Mr. B. Dixon, Chemist, King-street, Norwich.

Copy of a Letter from Captain Smith, of Great Yarmouth dated Jan. 19th, 1853.

To Mr. DIXON,

Dear Sir,—I send you the particulars of a cure effected by Professor Holloway's invaluable medicines.—Mr. John Walton, late in Her Majesty's Service, in the British Fleet at Malta, had a very bad ulcerated ankle, and after having been in the Malta Hospital for six months, was sent to England as an invalid to Portsmouth Hospital, where he remained an inmate four months, there, as at Malta, refusing to have the limb amputated, he was turned out incurable. He then came to Yarmouth, and was under a medical gentleman for about three months, but his ankle became so much worse that all hope was lost. At this period, by my advice, he tried Holloway's Ointment and Pills, which by unremitting application, healed all the ulcers, and restored him to perfect health and strength.

I remain, Dear Sir, yours very truly, (Signed) JOHN SMITH. Albert Hotel, Great Yarmouth.

SURPRISING CURE OF A BAD BREAST, NERVOUS DEBILITY, AND GENERAL ILL HEALTH.

Copy of a Letter from Mr. T. F. Ker, Chemist, &c., Lower Moss-lane, Manchester, dated Feb. 12th, 1853.

To Professor HOLLOWAY,

Dear Sir,—I have great pleasure in forwarding to you the particulars of a very extraordinary cure of a bad breast, effected solely by use of your celebrated Ointment and Pills. Mrs. Martha Bell, of Pitt-street, in this Town, had been for a considerable time laboring under nervous debility, loss of appetite, and general ill health, occasioned by lacerated wounds in the breast. She had had much experience in the use of all the known remedies for the cure of ulcers, but without any beneficial result, in fact she had nearly lost all faith and hope of a cure being effected. In this distressing and painful condition of body and mind, she was persuaded to have recourse to your invaluable Ointment and Pills, which she immediately did, and in the course of a very short time the effect produced was most astonishing; her appetite was speedily improved the sores and ulcers in the breast gradually healed, and the nervous excitement of her system was wholly removed.

I remain, Dear Sir, yours faithfully, (Signed) T. FORSTER KER. These Pills should be used conjointly with the Ointment in most of the following cases:—

Bad Legs	Chilblains	Glandular	Scurvy
Bad Breasts	Chapped hands	Swellings	Scrofulous
Burns	Corns (Soft)	Lumbago	Tumors
Bunions	Cancers	Piles	Ulcers
Bite of Mos.	Contracted & Rheumatism	Wounds	
Chetoes and	Stiff Joints	Scalds	Yaws
Sand Flies,	Elephantiasis	Sore Nipples

The Life and Times of the Late

Duke of Wellington,

BY LIEUT. COL. WILLIAMS, (A COMPANION-IN-ARMS OF HIS GRACE.)

Comprising the Campaigns and Battle-Fields of Wellington and his Comrades, the Political Life of the Duke and his Contemporaries, and a detailed account of England's Battles by Sea and Land, from the commencement of the Great French Revolution to the present time, interspersed with Anecdotes, Personal Incidents, and Adventures, &c.

ADDRESS.

THE earthly career of Arthur Duke of Wellington has closed; one of the greatest men of the nineteenth century, the foremost military commander of any age, has paid the debt of nature. The time has now arrived for giving to the world a History of the Great Captain—of the Events of his Life and Time—a life marked by patriotism, probity, honor, and events the greatest which have ever agitated the civilized world, and whose influence will be felt upon society till the end of time. Such a work must appeal to the best and proudest feelings in the heart of every Briton—the glory of his country, the honor of its name and position among the nations—nay his own existence as a freeman, are recorded and engraven in the annals of "the well-fought fields," and the "deadly imminent breaches," the immortal battles and the glorious sieges in which Wellington and his Companions-in-arms gathered unfading laurels, placed their country's honor and renown on the highest pinnacle of fame and glory, and tore the victor's wreath from the brows of heroes decorated with the trophies of Italy, Egypt, and Germany.

To supply such a desideratum in English literature, the publishers of The Life and Times of the Duke of Wellington have determined to produce a book which shall present to the reader, not only the dry details which a mere biographical sketch would afford, but a comprehensive work, embracing the contemporaneous history of the period; exhibiting the circumstances which brought about the great events in which the Duke and his contemporaries were engaged, and giving to the reader a connected narrative of the lives and actions of the Warriors and Statesmen of the nineteenth century, and this from the pen of one who was a companion-in-arms of the great hero, and participated with him in many a well-fought field.

In order to carry out their views, the Publishers have determined that the work shall be profusely illustrated by Portraits of the Warriors and Statesmen of the last half century who have shed a lustre upon the history of their country, also representations of the most important engagements by sea and land, from the period of 1780 till 1852, so that the work, when finished, shall form an Illustrated Gallery of the Naval and Military Exploits of England.

It has been well said, "Character is the true strength of nations, true glory their best inheritance. When the time shall come that the British heart no longer thrills as the names of Cressy, Poitiers, Agincourt, Blenheim, Ramilies, Oudenarde, Malplaquet, of Talavera, Salamanca, Toulouse, Waterloo,—the last hour of the British Empire will have struck." The promotion and elevation of national spirit and feeling is therefore the duty and interest of every true and loyal son of England. May Heaven inspire the hearts of every one of us with that spirit and feeling.

Conditions of Publication.—The work will be issued on the 1st and 15th of every month in Parts at 1s. 3d., and Divisions handsomely bound at 9s. 4d. 1-2d. Printed on Imperial 8 vo. double columns, each part will be embellished by two highly finished steel engravings, and will contain 32 pages of letter-press. A beautiful steel Engraving, 13 by 19 inches, the Storming of Seringapatam, the first victory in which the late Duke of Wellington was engaged in India, to be given to every subscriber to the work.
