The Life and Times of the Late DUKE OF WELLINGTON.

BY LIEUT. COL. WILLIAMS, (A COMPANION-IN-ARMS OF HIS GRACE.)

Comprising the Campaigns and Battle-Fields of Wellington and his Comrades, the Political Life of the Duke and his Contemporaries, and a detailed account of England's Battles by Sea and Land, from the commencement of the Great French Revolution to the present time, interspersed with Anecdotes, Personal Incidents, and Adventures, &c.

ADDRESS.

THE earthly career of Arthur Duke of Welling ton has closed; one of the greatest men of the nineteenth century, the foremost military commander of lany age, has paid the debt of nature. The time has now arrived for giving to the world a History of the Great Cap-tain—of the Events of his Life and Time—a life marked by patriotism, probity, honor, and events the greatest which have ever agitated the civilized world, and whose influence will be felt upon society till the end of time .--Such a work must appeal to the best and proudest feelings in the heart of every Briton-the glory of his country, the honor of its name and position among the pationsnay his own existence as a freeman, are recorded and engraven in the annals of "the well-fought fields," and the " deadly imminent breaches," the immortal battles and the glorious seiges in which Wellington and his Companionsin-arms gathered unfading laurels, placed their country's honor and renoun on the highest pinnacle of fame and glo. ry, and tore the victor's wreath from the brows of heroes decorated with the trophies of Itaty, Egypt, and Germany. To supply auch a desiratum in English literature the publishers of The Life and Times of the Duke of Wellington have determined to produce a book which shall present to the reader, not only the dry details which a mere biographical sketch would afford, but a comprehensive work, embracing the contemporaneous history of the period; exhibiting the circumstances which brought about the great events in which the Duke and his contemporaries were engaged, and giving to the reader a connected narrative of the lives and actions o the Warriors and Statesmen of the nineteenth century, and this from the pen of one who was a companion-inarms of the great hero, and participated with him in many a well-fought field. In order to carry out their views, the Publishers have determined that the work shall be profusely illustrated by Portraits of the Warriors and Statesmen of the last half century who have shed a lustre upon the history of their country, slso representations of the most important engagements by sea and land, from the period of 1780 till 1852, so that the work, when finished, shall form an Illustrated Gallery of the Naval and Military Exploits of England. It has been well said, "Character is the true strength of nations, true glory their best inheritance. When the time shall come that the British heart no longer thrills as the names of Cressy, Poictiers, Agincourt, Blenhem, Ramilies, Oudenarde, Malplaquet, of Talavera, Salamanca, Toulouse, Waterloo,-the last hour of the May Heaven inspire the hearts of every one of us with village that spirit and feel ng. Conditions of Publication - The work will be issued on the 1st and 15th of every month in Parts at 1s. 3d, and Divisions handsomely bound at 9s. 41-2d., Printed on Imperial 8 vo. double columns, each part will be embellished by two highly finished steel engravings, and will contain 32 pages of letter-press. A beautiful steel Engraving. 13 GROCERIES, GROCERIES, by 19 inches, the Storming of Seringaptam, the first victory in which the late Duke of Wellington was engaged in India, to be given to every subscriber to the work.

Fo Professor HOLLOWAY:

Dear Sir,-Mrs. Sarah Dixon of Liquorpond Street, Boston, has this day deposed before me that, for a considerable period she was severely afficted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body; and although the first of medical advice was obtained, at the cost of a large sum of money, she obtain-

A DREADFULLY DISEASED ANCLE CURED AF-TER BEING GIVEN UP BY THE FACULTY, AT MALTA AND PORTSMOUTH HOSPITALS.

The following important communication has been forward ed to Professor Holloway for publication, by Mr. B. Dixon, Chemist, King-street, Norwich.

Copy of a Letter from Captain. Smith, of Great Yarmouth dated Jan. 19th, 1853

To Mr. DIXON,

Dear Sir,—I send you the particulars of a cure effected by Professor Holloway's invaluable medicines :—Mr. John Walton, late in Her Majesty's Service, in the British Fleet at Malta, had a very bad ulcerated ancle, and after having been in the Malta Hospital for six months, was sent to England as an invalid to Portsmouth Hospital, where he remained an inmate four months, there, as at Malta, refusing to have the limb amputated, he was turned out incurable. He then came to Yarmouth, and was under a medical gentleman for about three months, but his ancle became so much worse that all hope was lost. At this period, by. my advice, he tried Holloway's Ointment and Pills, which by unremitted application, healed all the ulcers, and restored him to perfect health and strength.

I remain, Dear Sir, yours very truly, (Signed) JOHN JOHN SMITH. Albert Hotel, Great Yarmouth.
