GRAND SUCCESS OF

DR. HAMPTON'S VEGETABLE TINCTURE, IN THE SOUTH AND WEST.

Over Two Millions Bottles Sold! Read the following case of Rheumatism, Cough and Vertigo of 15 years standing.

From the Pallmallre Sun.)

Stronger! Still Stronger!!

Can any unprejudiced mind in the world ask stronger testimony, or more convincing proof of the great restorative and curative powers of Hampton's Vegetable Tincture than given below. The writer is one of our most highly esteemed citizens, a man of integrity, and it is extensively known, has been for a long time suffering under disease; his altered appearance now is a subject of remark, and gives additional testimony and weight to the certificate below. He is also the son of Dr. Dunar, whose great skill as a physician is well known to most of the oldest inhabitants of this city.

BALTIMORE, February 9th, 1853.

Messrs. MORTIMER & MOWBRAY: Gentlemen.—It is with real pleasure that I am able to attend to the general healing and curative powers of Doctor Hampton's Vegetable Tincture. Some time during last November I was taken with a very bad and serious Cough. I was advised to take Cod Liver Oil, and did so, but getting no better. I was induced to try your Tincture. I got one bottle, and before I had used it all my cough left me. Permit me also to state, that for the last fifteen years I have suffered very much from Acute Rheumatism and Vertigo, confining me at times to my bed. I am truly convinced that I owe my present good health to the use of the Tincture and a kind Providence. You are, my friends, at liberty to use this as you think proper, and believe me Yours, very respectfully, G. DUNAN.

N. B.—I can be seen at any time at the Mayor's Office. MORTIMER & MOWBRAY, Proprietors, Baltimore. D. TAYLOR, JR., & Co., 25 Hanover street, Boston. General Agent, to whom all orders must be addressed. W. L. FERGUSON, Agent for Woodstock

The Life and Times of the Late DUKE OF WELLINGTON, BY LIEUT. COL. WILLIAMS, (A COMPANION-IN-ARMS OF HIS GRACE.)

Comprising the Campaigns and Battle-Fields of Wellington and his Comrades, the Political Life of the Duke and his Contemporaries, and a detailed account of England's Battles by Sea and Land, from the commencement of the Great French Revolution to the present time, interspersed with Anecdotes, Personal Incidents, and Adventures, &c ADDRESS.

THE earthly career of Arthur Duke of Wellington has closed; one of the greatest men of the nineteenth century, the foremost military commander of any age, has paid the debt of nature. The time has now arrived for giving to the world a History of the Great Captain—of the Events of his Life and Time—a life marked by patriotism, probity, honor, and events the greatest which have ever agitated the civilized world, and whose influence will be felt upon society till the end of time. Such a work must appeal to the best and proudest feelings in the heart of every Briton—the glory of his country, the honor of its name and position among the nations—nay his own existence as a freeman among the nations—engraved in the annals of "the well-fought fields," and the "deadly imminent breaches" of the Duke and his glorious seiges in which Wellington and his Companions-in-arms gathered unfading laurels, placed their country's honor and renown on the highest pinnacle of fame and glory, and tore the victor's wreath from the brows of heroes decorated with the trophies of Italy, Egypt, and Germany. To supply such a desideratum in English literature the publishers of The Life and Times of the Duke of Wellington have determined to produce a book which shall present to the reader, not only the dry details which a mere biographical sketch would afford, but a comprehensive work, embracing the contemporaneous history of the period; exhibiting the circumstances which brought about the great events in which the Duke and his contemporaries were engaged, and giving to the reader a connected narrative of the lives and actions of the Warriors and Statesmen of the nineteenth century, and this from the pen of one who was a companion-in-arms of the great hero, and participated with him in many a well-fought field.

In order to carry out their views, the Publishers have determined that the work shall be profusely illustrated by Portraits of the Warriors and Statesmen of the last half century who have shed a lustre upon the history of their country, also representations of the most important engagements by sea and land, from the period of 1790 till 1852, so that the work, when finished, shall form an Illustrated Gallery of the Naval and Military Exploits of England.

It has been well said, "Character is the true strength of nations, true glory their best inheritance. When the time shall come that the British heart no longer thrills as the names of Cressy, Poitiers, Agincourt, Blenheim, Ramilies, Oudenarde, Malplaquet, of Talavera, Salamanca, Toulouse, Waterloo,—the last hour of the British Empire will have struck." The promotion and elevation of national spirit and feeling is therefore the duty and interest of every true and loyal son of England. May Heaven inspire the hearts of every one of us with that spirit and feeling.

Conditions of Publication.—The work will be issued on the 1st and 15th of every month in Parts at 1s. 3d., and Divisions handsomely bound at 9s. 4d. Printed on Imperial 8vo. double columns, each part will be embellished by two highly finished steel engravings, and will contain 32 pages of letter-press. A beautiful steel Engraving, 13 by 19 inches, the Storming of Seringapatam, the first victory in which the late Duke of Wellington was engaged in India, to be given to every subscriber to the work.
