Mexican Mustang Liniment.

This article has been thoroughly introduced, and is now universally used throughout the entire Union; British provinces, Canada, Bermuda, and West India Islands; and its power and influence is fast becoming felt wherever civilization has obtained a foothold. Its mild and soothing influence upon diseased parts—effectually curing in all cases—virtues so diametrically opposed to all other medicines of the kind used—has obtained for it its world wide reputation. A brief summary of its power is given in the following beautiful

ACROSTIC.
Mustang liniment! The mass hails with joy
Earth's healing treasure, whose virtues destroy
Xerasta, that foe to luxuriant hair;
Rich, that the finger nails hopelessly tear;
Canfers, whose gnawings so fearfully tell;
Acute Rheumatism and Chronic as well;
Nervagria, Toothache, that agony swell!
Mustang—thy progress is upward and on!
Ueers yield to thee like a doctor to the sun,
Scrofula sore that the doctors perplex;
Tumors of all kinds that bother and vex;
Aches, Cuts, and Bruises, and vile running sores,
Numbness—keeping us locked within do, is;
Gout, pulsated limbs and a host of such ills,
Lane stricken cripples are raised on their legs,
In joy, quaffing pleasure's bright cup to the dregs,
Nature's great remedy—on with thy work!
Inflammations expelling wherever they lurk.
Men, women, and little, like evils must bear,
Each one in like manner this blessing can share
Next thing we say—though the truth was round strange
That if we don't cure—we give back the change.

TO FARMERS & LIVESTOCK KEEPERS AND all who have the care of Horses or other animals, this LINIMENT is of immense benefit. All the Express Companies of New York City are using it, and have unanimously certified in its favor. Proof documents at our office.

To Country Merchants.
Every store should be supplied with this valuable LINIMENT, as it pays a good profit, and sells rapidly.

The essential object of this treatise is to point out the fearful consequences resulting from certain habits, irregularities and excesses, which have produced more misery in Youth, degradation in Manhood, and premature decay at all stages of Life, than, perhaps, any other class of disease known to modern pathologists. Its perusal is particularly recommended to persons entertaining secret doubts of their physical condition, and who are conscious of having hazarded the health, happiness, and privileges to which every human being is entitled.

It is absolutely necessary that all men should know that there are principles of personal management which cannot be violated without incurring grievous penalties, and when wisdom and regret succeed the heyday of inconsiderate self indulgence, how these penalties may be mitigated, how the sting of their bitterness may be removed, and how the evil and its consequences may be avoided, and above all, that there is scarcely any degree of physical infirmity or functional derangement to which the timely aid of science cannot apply a cure.

The work may be had in St. John, N. B., of Messrs. H. Chubb & Co. Price 2s 6d
