Best Ploughman,	£1 0 0
2nd do do do	17 6
3rd do do do	15 0
4th do do do	12 6
5th do do do	10 0
6th do do do	7 6

DIMENSIONS OF FURROW.

Depth—Not less than 5 inches.
Width—Not less than 8 inches.
One-eighth of an acre to be ploughed by each competitor.

A Special Premium of one penny per lb., will be paid upon all Northern Clover Seed grown

within the County the present year, under the regulations attached to the offer of the same premium for Clover Seed grown in 1854.

Rules for Guidance of Competitors.

- 1.—None but Members will be allowed to compete.
- 2.—Any article exhibited must be the property of the person in whose name it is exhibited.
- 3.—All Grain, Root Crops, and Manufactures exhibited, must be the production of this County the present year. All Stock except Breeding Animals, must have been raised in this County.—Animals for the purpose of breeding must have been owned and kept within the County at least four months previous to the Show.
- 4.—No Animal that has taken a Premium at any previous Show of the Society will be allowed to compete in the same character. No animal will be allowed to compete in more than one character.
- 5.—Applicants for Premiums upon Farm Crops must exhibit an average sample of one bushel at the Show; and must on or before the first day of December, furnish the Secretary with a statement of the amount raised upon the specified quantity of land; which statement must be sworn to by himself and another credible person. In order to insure perfect fairness in ascertaining these points with respect to Root Crops, the Society will appoint an Agent who will, when called upon by a Competitor, join him in measuring the land and ascertaining the amount of the crop.
- 6.—No Competitor will be allowed to receive more than one Premium upon articles of the same kind or character.
- 7.—Articles for Exhibition must be entered with the Secretary not later than the Thursday next previous to the day of the Show, who will present each Competitor with a numbered Card corresponding to the entry in his Book, which must be attached to the article exhibited, and the premiums will be awarded to the respective numbers.
- 8.—Cattle Pens and other arrangements suitable for the purpose, will be prepared previous to the day of Exhibition, and halters or ropes must be furnished by the owners of Horses and Neat Stock, that they may be securely tied; a Committee will be present to assign their respective positions, as well as other articles for competition, wherein they must be placed by the parties in charge, and remain until the close of the exhibition. Stock must be on the ground by 9 o'clock, A. M.
- 9.—Competitors will not be allowed the custody of any article exhibited, after being placed in the position assigned it by the Committee, until the close of the Exhibition, nor be present, or to interfere in any way with the judges while occupied with their examinations. Any violation of this rule will exclude the owner of such articles from receiving the Premiums.
- 10.—Competent and impartial Judges will be selected, who will commence their examination at 10 1-2 o'clock, and their decision will be final, with respect to the merits of the article.
- 11.—The Judges will be at liberty to withhold any premium, if they consider the animal or article offered deficient in merit.
- 12.—Special Premiums will be awarded upon any article not provided for in the above list, if such are offered as the Judges shall consider worthy of encouragement.

Hay will be furnished by the Society for Stock exhibited for Premiums, and owned by Members residing at such a distance as to render it inconvenient to drive in the same on the morning of the Show.

Further regulations for the government of the Show on the day of Exhibition, as the law provides, will be published in due time.

By Order

H. E. DIBBLEE,
Secretary.
