TVT UCH might be said in favor of this invalua-preciate the idea of recommending them as possessing any ble Compound, but it is deemed unnecessary, as the proprietor feels that one trial will convince the most incredulous of its rare and manifold virtues. Therefore If you have lost your hair and wish to restore it, If you are losing your hair and wish to preserve it, If you are troubled with Dandruff and wish to remove it, If you have any Humor of the Scalp, & wish to cure ti If you are troubled with Nervons Headache, and wish to, cure it,

THE Proprietor is quite aware of the prevalent distrust existing in this Province of every medicine which professes any general remedial efficacy, and he is not ignorant that even among those who believe in the efficacy. of one or other of the many forms of Proprietory Medi-cines, now offered to the public in Europe and the United States, the introduction of a new one may be considered unnecessary. He therefore feels it due, alike to himself and the public, frankly to state his reasons for offering this medicine, and the grounds of his conviction that it will be found serviceable in the large class of cases for the treatment of which it is recommended.

The practitioners of medicine in every country, have found it desirable and necessary to possess a safe and ef-fectual CATHARTIC, available at all times, and applicable in all the extensive and constantly recurring diseases in which a specific action upon the Stomach and Bowels is required, and the proprietor is perfectly familiar with the formula of all the most famous medicines employed for this purpose in the Colleges and Hospitals of Europe and America and adopted in the medical practice of this Province.

DR. Dow has been convinced by a close observation of the effects of the medicines just referred to, that such a cathartic as he has designated is still a desideratum, and he has bestowed the most careful attention and extensive experiments in order that he might furnish to his profession and the world, a Remedial Agent at once sale and efficacious.

It has not escaped the attention of the proprietor of these Pills, in the extensive professional patronage which he has now enjoyed for some time pastin New Brunswick, that the effects of particular medicines on particular diseases, are very seriously modified by the climate, and habits of the people of the country, and he is convinced from personal observation that medical treatment to be safe and effectual, must be accommodated to these preculiarities. His original formula for these pills although justified by science and experiments, has been modified from time to time by the proprietor to suit the peculiarities to which he has alluded, and he now offers them to the people of North America as the best and safest

ANTI-BILIOUS & FAMILY APERIENT !

DR. Dow no more hesitates, [after the testimony which has been afforded in his own practice,] to claim for these niraculous power or life giving virtue. He would as particularly and emphatically warn the public that it is in a special class of diseases, and only in a special class that his Pills will be found specific, as he will confidently assert. that their perfect efficacy in the class of diseases has been demonstrated by an extensive administration and a uniform success.
