#### Mexican Mustang Liniment.

Trits article has been thoroughly introduced, and is now universally used throughout the entire Union; British Provinces, Canada, Bernndas, and West India Islands; and its power and influence is fast becoming felt wherever civilization has obtained a foothold. Its mild and soothing nfluence upon diseased parts-effectually curing in all cases-vrtues so diametrically opposed to all other medicines of the kind used-has obtained for it its world wide eputatiion. A brief summary of its power is given in the following beautiful

FOR THE CURE OF | The Secret Infirmities of Youth and Maturity. Just Published, Price 2s. stg., free by post from the Author only for 30 Stamps.

TERVOUS DEBILITY: its Causes, Symptoms, and Cure : an Essay on Spermatorrhæ, with Practical Observations on a safer and more successful mode of treatment of the Diseases of the Generative Sys tem, obtained by the use of the Microscope in detecting and distinguishing, by Urinary Examination, the real cause and effect of every variety of Complaint, whether arising from solitary habits, excesses, accident, or climate—to which are added Commentaries on the Physiology of Marriage, with precautionary hints on the evils emanating from empirical practice, and on the dangerous remedies advocated by various writers on these important disorders. BY S. LA'MERT, M.D.,

37 BEDFORD SQUARE LONDON, Matriculated Member of the University of Edinburgh, Honorary Member of the London Hospital Medical Society, Licentiate of Apothecaries' Hall, London, &c., &c.

The essential object of this treatisee is to point out the fearful consequences resulting from certain habits, irregularities and excesses, which have produced more misery in Youth, degradation in Manhood, and premature decay at all stages of Life, than, perhaps, any other class of disease known to modern pathologists. Its perusal is particularly recommended to persons entertaining secret doubts of their physical condition, and who are conscious of having hazarded the health, happiness, and privileges to which every human being is entitled.

It is absolutely necessary that all men should know that there are principles of personal management which cannot be violated without incurring grievous penalties, and when wisdom and regret succeed the heydey of inconsiderate self-indulgence, how these penaltles may be mitigated, how the sting of their bitterness may be removed, and how the evil and its consequences may be avoided, and, above all, that there is scarcely any degree of physical infirmity or functional derangement to which the

timely aid of science cannot apply a cure.
