

ARRIVAL OF REAR ADMIRAL FANSHAW.—Her Majesty's steamer Argus, Com. Purvis, arrived in our harbor on Thursday evening, in 29 hours from Halifax, having on board Rear Admiral Fanshawe, the Naval Commander on the North American station, who will proceed to Fredericton, on a visit to His Excellency, this morning.—N. Bkr.

The Bangor Courier says—Offers have already been made by farmers to contract to deliver potatoes in this city, at harvest time, at 37½ cents per bushel.—lb.

From a summary in a California paper we learn that the work of blood in that State was as follows—Killed from January to May, inclusive, in street fights and others, 199; hung by the sheriff, 2; hung by the mob, 24; convicted of murder, 9.—Quebec Chronicle.

RELIQS OF THE PAST.—Yesterday, as the labourers were excavating for the Water Works opposite the jail door, some interesting relics were discovered in the shape of a portion of a shell, a round shot, some bullets, which had never been used, a portion of a large scull and various other bones belonging to the human frame, together with a bayonet, a cutlass and a long ramrod, the flint of a gun, with lock and sling, buckle, a pair of creepers, and the soles of a pair of boots (in good preservation.) The iron articles were much reduced by rust. The probability is that in the war of 1759 the deceased had been struck with a shell and buried where he stood.—Quebec Mercury.

OPERATIONS OF THE FLEET.—The Gazette of Tuesday evening publishes extracts from despatches from Admiral Dundas, dated July 7, with a report from Captain Yelverton, of the Arrogant, respecting operations at Lovisa, and one from Commander Storey, of the Harrier, relating to proceedings at Nystadt.

Captain Yelverton reached Lovisa on the 4th.—He destroyed Fort Svartholm and the Barracks.—The fort was of great strength, mounted 120 guns, and contained barrack accommodation for about 1000 men. The Russians had removed the guns and ammunition. On the 5th, he made a reconnaissance of Lovisa, accompanied by the boats of the Arrogant and Magicienne. A strong detachment of Cossacks was dispersed in great confusion. On landing some demur was made by the authorities about Capt. Yelverton not bearing a flag of truce. He told them they had no right to such a guarantee, as the respect due it had been grossly violated at Hango. He then destroyed the barracks and Government stores, but did not set fire to them; but during the night an accidental fire in another part of the town reduced the whole place to ashes.

Commander Storey, with the boats of the Harrier, on the nights of the 23d and 24th, destroyed 47 ships, varying from 200 to 200 tons; one barque of 450 tons was brought off by them. As the weather prevented them from bringing away any vessels on the second night, the men were on their oars 22 hours, and destroyed the whole of the Nystadt shipping (probably upwards of 20,000 tons), without a casualty.

THE BALTIC.—Bombardment of Lovisa.—A despatch dated Stockholm, Friday, says, "We have authentic intelligence that a detachment of British ships bombarded Lovisa, on the afternoon of the 17th inst. The whole town has been destroyed."—Lovisa (says the Journal des Debats) is a town of about 6000 inhabitants, situated on the coast of the Gulf of Finland. It was built in 1745, under the name of Dogesby, which name it exchanged for Lovisa in 1852."

DAMAGE DONE IN SEBASTOPOL.—The dissenters and prisoners report that the Russian Line-of-battle ships anchored in the roads lead opposite Fort St. Nicholas begin to suffer from the fire of the mortar battery on the side of the Quarantine Bay. On the 27th a shell passed through the three decks of the Tchisme, killing and wounding several men, and bursting in the hold, set fire to her for a short time. Some days before a projectile fired by a French vessel, bursting in a workshop near the Artillery Bay, caused the explosion of a number of loaded shells, killed several artillerymen, and caused such damage that the Russians have not since dared to collect together such a quantity of combustibles in one place. The shells from the allied vessels occasion much damage to the place and severe losses to the garrison. Their effect are more feared than those of the rockets. The number of naval artillerymen in the place has been reduced from 16,000 to 3,500 and there are now only three men for each gun.—The rations of vegetables and brandy have diminished one-half on board the Russian vessels, and the captains of them have received orders to eco-

nomise their consumption of salt pork as much as possible. The Commander-in-Chief has ordered the inhabitants to quit the town. The opinion that the place must infallibly fall into the hands of the allied armies is more and more general among the besieged, and that feeling has greatly increased their discouragement, particularly during the last few days.

PANORAMA OF THE RUSSIAN WAR.

But seldom has a work of art visited our city that has produced such an excitement as the Panorama of the Russian War now on exhibition at Temperance Hall. Since it has opened the Hall has been crowded with large and fashionable audience. This magnificent work of art is well worthy of the patronage bestowed upon it, and we but endorse the views of all the provincial journals (where it has been exhibited,) when we say that it is the most correct and faithful work of art that that has ever visited this city. Commencing on the Danube the beholder sees the different towns cities and fortifications of the Turks, from the town of Widden down to the mouth of the Danube a splendid view of Constantinople, the destruction of the Turkish fleet at Sinope. The departure of English, French, and Turkish fleets for the Baltic and Crimea. Bombardment of Sinope, Odessa, and Sebastopol. Following the course of the war to the Crimea, we have a magnificent view of Sebastopol and its present scene of action, most truthfully given, showing the forts, batteries, and fortifications of the enemy. The entrenchments, redoubts, and fortifications of the allied army, on the heights and before Sebastopol. The great battles of Alma, Balaclava, and Inkerman. The gallant charge of the Scotch Greys and Light Cavalry. The sketches, some two hundred in number have all been taken upon the spot, and may be relied upon as perfectly and true.

We have neither time nor space to portray the many points of interest in this great work of art, but will merely say, go and see for yourselves.—We understand that Mr. Warren will shortly leave Halifax for England, for the purpose of obtaining new sketches of the late events that have taken place in the Crimea. Mr. E. H. Packard, as a lecturer, has but few equals, he seems to be thoroughly conversant with the history and position of Europe, who, together with Mr. Chandler, the eminent ballad singer, greatly enhances the interest of the exhibition.

NO FAMILY SHOULD BE WITHOUT THEM.

We speak of M'Lane's Liver Pills, which have become an indispensable Family Medicine. The frightful symptoms which arises from a diseased Liver manifest themselves, more or less in every family; dyspepsia, sick headache, obstruction of the menses, ague and fever, pains in the side, with dry, hacking cough, are all the results of hepatic derangement—and for these Dr. M'Lane's Pills are a sovereign remedy. They have never been known to fail, and they should be kept at all times by families.

DIRECTIONS.—Take two or three going to bed, every second or third night. If they do not purge two or three times by next morning, take one or two more. A slight breakfast should invariably follow their use.

The Liver Pills may also be used where purging is simply necessary. As anti-bilious purgative, they are inferior to none. And in doses of two or three, they give astonishing relief to sick headache also in slight derangements of the stomach.

Purchasers will be careful to ask for Dr. M'Lane's Celebrated Liver Pills, and take none else. There are other Pills, purporting to be Liver Pills, now before the public. Dr. M'Lane's Liver Pills, also his Celebrated Vermifuge, can now be had at all respectable Drug Stores in the United States and Canada.

Sold in Woodstock by W. T. Baird.

Holloway's Pills, an undoubted Remedy for Asthma.—Mr. Ellis Wilson, of Fredericton, N. B., had for five years very severe attacks of asthma which deprived him of bodily rest night and day the cough at times almost choked him, and caused him continually to spit blood, he was never safe either eating or drinking, and his family were distressed beyond measure to see him gradually reduced to almost a skeleton. Holloway's Pills in his case, were as usual efficacious. This gentleman used them for eleven weeks, and they effected a perfect cure; he feels himself stronger now than he has been for the last fifteen years.

The Boston atlas says that the prospect of work in the ship yard in that vicinity, and also the demand for vessels already built, is daily improving.

Marriages.

On the 7th inst., by the Rev. Wm. E. Pennington, Mr. George T. Heartley, Merchant, of Woodstock, to Miss Elizabeth Kimball, of Jackson-town.

FRIEND OF THE CANADIAN. HOLLOWAY'S PILLS.

EXTRAORDINARY CURE OF ASTHMA! OF AN OLD LADY SEVENTY-FIVE YEARS OF AGE. Copy of a Letter from Mr. Thomas Weston, (Book Store) Toronto, dated the 9th October, 1854.

To Professor HOLLOWAY, Sir,—Gratitude compels me to make known to you the extraordinary benefit an aged parent has derived from the use of your Pills. My mother was afflicted for upwards of four and twenty years with Asthma and spitting of blood, it was quite agony to see her suffer and hear her cough; I have often declared that I would give all I possessed to have cured her; but although I paid a large sum for medicine and advice, it was all to no purpose. About three months ago, I thought perhaps your Pills might benefit her, at all events I resolved to give them a trial, which I did; the result was marvellous: by slow degrees my mother became better, and after persevering with your remedies for nine weeks, she was perfectly cured, and now enjoys the best of health, although seventy five years old. I remain, Sir, your obliged

(Signed) THOMAS WESTON. REMARKABLE CURE OF DROPSY! AFTER BEING TAPPED THREE TIMES. Copy of a Letter from Anthony Smith, Esq., Halifax, Nova Scotia, dated the 25th August, 1854.

To Professor HOLLOWAY, Sir,—I desire to add my testimony to the value of your Pills, in cases of Dropsy. For nine months I suffered the greatest torture with this distressing complaint, was tapped three times, and finally given over by the doctors; having become in appearance as a skeleton, and with no more strength in me than a child just born. It was then that I thought of trying your Pills, and immediately sent for a quantity, and commenced using them. The result I can scarcely credit even now, although true it is. After using them for four weeks, I felt much better, and by persevering with them, at the expiration of two months I was completely cured. I have since enjoyed the best of health. I am, Sir, yours sincerely,

(Signed) ANTHONY SMITH. ASTONISHING CURE OF GENERAL DEBILITY AND LIVER COMPLAINT. Copy of a Letter from Mr. William Reeves, of Charlottetown, Prince Edwards Island, dated the 17th Nov., 1854.

To Professor HOLLOWAY, Sir,—I am happy to say that your Pills have restored me to health after suffering for nine years from the most intense general debility and languor, my liver and bowels were also much deranged for the whole of that time. I tried many medicines, but they were of no good to me, until I had recourse to your Pills, by taking which, and following the printed directions for seven weeks, I was cured, after every other means failed, to the astonishment of my neighbors, acquaintances and friends, I shall ever feel grateful to you for this astonishing restoration to health, and will recommend your Pills to all sufferers, feeling it my duty to do so. I remain, Sir, your humble servant. (Signed) WILLIAM REEVES. These celebrated Pills are wonderfully efficacious in the following Complaints.

- Ague Debility Jaundice Secondary Bilious Com. Dropsy Liver Com. Symptoms Bilious Com. Dysentery Diarrhoea The Choleraic Complaints Erysipelas Lumbago Rheumatism Ulcers Blotches on Female Irreg. Menstr. Tumors the Skin Itchiness Rheumatism Ulcers Bowel Com.
