TERMS CASH W. SKILLEN, Proprietor Woodstock, Nov. 11, 1854.

The Secret Infirmities of Youth and Maturity. Just Published, Price 2s. stg., free by post from the Author only for 30 Stamps.

NERVOUS DEBILITY: its Causes, Symptoms, and Cure: an Essay on Spermatorrhoe, with Practical Observations on a safer and more successful mode of treatment of the Diseases of the Generative System, obtained by the use of the Microscope in detecting and distinguishing, by Urinary Examination, the real cause and effect of every variety of Complaint, whether arising from solitary habits, excesses, accident, or climate—to which are added Commentaries on the Physiology of Marriage, with precautionary hints on the evils emanating from empirical practice, and on the dangerous remedies advocated by various writers on these important disorders.

BY S. LAURENT, M.D., 37 BEDFORD SQUARE LONDON, Matriculated Member of the University of Edinburgh, Honorary Member of the London Hospital Medical Society, Licentiate of Apothecaries' Hall, London, &c., &c.

The essential object of this treatise is to point out the fearful consequences resulting from certain habits, irregularities and excesses, which have produced more misery in Youth, degradation in Manhood, and premature decay at all stages of Life, than, perhaps, any other class of disease known to modern pathologists. Its perusal is particularly recommended to persons entertaining secret doubts of their physical condition, and who are conscious of having hazarded the health, happiness, and privileges to which every human being is entitled.

It is absolutely necessary that all men should know that there are principles of personal management which cannot be violated without incurring grievous penalties, and when wisdom and regret succeed the heyday of inconsiderate self-indulgence, how these penalties may be mitigated. Now the sting of their bitterness may be removed, and the evil and its consequences may be avoided, above all, that there is scarcely any degree of physical infirmity or functional derangement to which the timely aid of science cannot apply a cure.

The work may be had in St. John, N. B., of Messrs. H. Chubb & Co. Price 2s. stg. Jan. 26, '55.
