

We confess that we went with high expectations of receiving such a treat as cannot always be looked for in such a small community. The favorable notice we received of the Concert given last week had perhaps some influence in leading us to look for something more than common; yet, high as our expectations were, they were far exceeded by the performance of the evening. We may be partial, and that partiality may have influenced our judgment, but some of the pieces sung on Thursday evening, to our taste at least, surpassed anything we ever heard from the far-famed Harmonions. It would be invidious and injudicious to single out any individual performer, when all sustained their parts with so much promptness and so much judgment. We can fully endorse all that our correspondent stated last week; and further, that we have seldom witnessed a more striking proof—particularly in the highly desirable acquirement of singing—of the utility of having an instructor fully master of his business, as Mr. Purce has proved himself to be. His arrangements were excellent, and his discipline all that could be desired. The repeated plaudits of an intelligent audience must have been gratifying to the performers, and afford sufficient proof that the talents of Mr. Purce have been fully appreciated by the people of Woodstock.

OPENING OF THE RIVER, AND ARRIVAL OF STEAMERS.—Woodstock was favoured by the arrival of the steamers *Richmond* on Monday and the *Bonnie Doon* on Tuesday last. They returned to Fredericton on the days following their arrival, and have made alternate trips during the week. The *Reindeer* arrived last evening.

Dr. M'Lane's Celebrated Vermifuge and Liver Pills.
A singular combination, but very effectual, as the following will show:

New York, November 20, 1852.
Knowing, from experience, the valuable qualities of Dr. M'Lane's Vermifuge and Liver Pills, I have for some time back considered it my duty, and make it my business, to make those articles known wherever I went among my friends. A short time ago I became acquainted with a case of a young girl, who seemed to be troubled with worms and liver complaint at the same time, and had been suffering for some two months. Through my persuasion she purchased one bottle of Dr. M'Lane's Vermifuge, and one box of Liver Pills, which she took according to directions. The result was, she passed a large quantity of worms, and thinks that one box more of the Pills will restore her to perfect health. Her name and residence can be learnt by calling on E. L. Theall, Druggist, corner of Rutger and Monroe streets.

P. S. Dr. M'Lane's celebrated Vermifuge and Liver Pills can both be obtained at any of the respectable Drug Stores in this city.

Purchasers will please be careful to ask for and take none but Dr. M'Lane's Vermifuge and Liver Pills. There are other Vermifuges and Pills now before the public, but all comparatively worthless.

FOR THE CURE OF Liver Complaints Jaundice Dyspepsia, Rheumatism, Indigestion, Gout, Dysentery, Diarrhea, Disorders of the Kidneys and Bladder, Erysipelas, and all Diseases of the Skin, Eruptive, Typhoid, and Inflammatory Fevers, Sick-Headache, Costiveness,

Pains in the Head, Breast, Side, Back, and Limbs, Palpitation of the Heart, Female Complaints, and all the Diseases arising from an Impure state of the Blood. These invaluable Pills have been used with unparalleled success in private practice, for more than thirty years, and are now offered to the public, with the fullest conviction that they will prove themselves a public benefit.

They possess the power of stimulating the depurative organs throughout the body to a healthy action, thus assisting nature to subvert disease after her own manner. Price 25 cents per box. Prepared only by D. TAYLOR, JR. & CO., No. 25 Hanover street, Boston.

Agent for Woodstock and vicinity W. L. Ferguson, who will supply the trade on the most reasonable terms

Mexican Mustang Liniment.
This article has been thoroughly introduced, and is now universally used throughout the entire Union; British Provinces, Canada, Bermuda, and West India Islands; and its power and influence is fast becoming felt wherever civilization has obtained a foothold. Its mild and soothing influence upon diseased parts—effectually curing in all cases—virtues so diametrically opposed to all other medicines of the kind used—has obtained for it its world wide reputation. A brief summary of its power is given in the following beautiful

ACROSTIC.
Mustang liniment! The mass hails with joy
Earth's healing treasure, whose virtues destroy
Xerosis, that foe to luxuriant hair;
Itch, that the finger nails hopelessly tear;
Cancers, whose gnawings so fearfully tell;
Acute Rheumatism and Chronic as well;
Neuralgia, Toothache, that agony swell!
Mustang—thy progress is upward and on!
Ulcers yield to thee like a dew to the sun.
Scrofulous sores that the doctors perplex;
Tumors of all kinds that bother and vex;
Aches, Cuts, and Bruises, and vile running sores,—
Nuisances—keeping us locked within doors,
Gout, palsied limbs and a host of such ills,
Lame stricken cripples are raised on their legs,
In joy, quaffing pleasure's bright cup to the dregs,
Nature's great remedy—on with thy work!
Inflammations expelling wherever they lurk,
Men, women, and cattle, like evils must bear,
Each one in like manner this blessing can share.
Next thing we say—though the truth may sound strange
That if we don't cure—we give back the change.

To Country Merchants.
Every store should be supplied with this valuable LINIMENT, as it pays a good profit, and sells rapidly. Sold in Woodstock by W. L. FERGUSON

Marriages.

At Richmond, on the 1st May, by the Rev. John Hunter, Mr. Charles F. Beardsley to Miss Haynes.

Deaths.

At his residence in Wakefield, April 20th, Mr. Benjamin Gallop, in the 86th year of his age, leaving a widow and a large circle of relatives to mourn their bereavement. The deceased exhibited in life peculiar indications of Christian deportment, and died in full assurance of the faith which consoles the heart of the Christian.

[The Religious Intelligencer will please copy.]
In this village, on Thursday, 3rd May, after a short illness, Mary Eliza, daughter of Mr. Nathaniel Fletcher, aged two months and six days.—Funeral will take place from her father's residence, at 4 o'clock this (Saturday) afternoon.

At St. John, on the 22nd ult., Mary Elizabeth, only daughter of John Balloch, Esq., of this place, aged seven years and four months.
