NOTICE.

IN consequence of declining health, the subscriber has been unable to attend to his business since the month of April last, and seeing no prospect of recovery, he feels the necessity of bringing his worldly affairs to a close as soon as practicable. He would therefore urge upon those having unsettled accounts with him the propriety of having them settled at an early day—while he may be consulted—as he feels assured that it would be more agreeable to his customers generally to arrange with himself than with strangers to the transactions, who may have the final adjustment of the same.
