

**DEFEAT OF THE RUSSIANS AT KARS.**—*The details.*—**ERZEROUH, Oct. 5.**—Yesterday evening there arrived here an express with letters of the 30th September from Kars. The letters were written in the evening, and contained the intelligence that on the morning of that day the Russians invested Kars on all sides in full force. The batteries at Kars opened a murderous fire on the besiegers. Three times did the Russians gain a footing in the Turkish intrenchments—and three times were they driven out by the Turks at the point of the bayonet. Colonel Lake distinguished himself in the contest, not only by his courage, but by his skill. Eight hundred Russians were slain before a redoubt defended by four hundred Turks. The firing lasted seven hours and a half, when the Russians took to flight. The Turks performed prodigies of valour, and the European officers—Colonel Lake and Captains Teesdale and Thompson—distinguished themselves. Mr. Churchill, formerly attache of our embassy from Persia, and now secretary to General Williams, commanded at one of the redoubts, and showed himself a thorough Englishman. A postscript of a letter of the 1st instant adds, that the loss of the Russians is estimated at about eight or nine thousand killed or wounded. About four thousand corpses lie under the walls of Kars. The Turks are busied now in burying them. The enemy lost besides this a great quantity of stores; and about three hundred prisoners were taken, amongst whom were many officers. Four guns are said to have been taken. The loss of Turks is reckoned at about seven hundred and fifty killed and wounded.

This great battle, which had so fortunate a termination—thanks to the skill of the commander, General Williams—shows clearly enough that the Turkish soldier, when well led, is not only brave, but able to distinguish himself like the soldier of any other nation. At the same time it must convince Europe in general, and the Turkish government in particular, that the latter has no good native officers, since, from the commencement of hostilities in Asia until the present moment, this is the only victory the Turks have gained, and this is owing to General Williams. When the Turks were under native commanders they experienced nothing but defeat.

This evening I saw a letter written by a Bey of Livana (Turkish Georgia). He says that Omar Pasha having concentrated his troops in Churaksu had marched on Urughet, and that he had made himself master of the place without much difficulty. He received there a deputation from the Georgia nobility, who made their submission to the Porte in the name of the inhabitants of the district. According to this letter Omar Pasha was marching towards Akaltziok, for the purpose of making a diversion in favour of Kars, and of ultimately coming to the assistance of that city. The last news tallies with that contained in letters received the day before yesterday, which say that Omar Pasha has communicated with the Muahir in Kars, telling him to maintain his position for twenty days, at the expiration of which he would be at Kars with his army. He must be near there by this time; and it would be most fortunate if he should arrive in time to cut off the retreat of General Mouravieff, and be able to invest Alexandropol.

P. S. Not one of the European officers at Kars was killed or wounded.

**THE DEFENCES OF NICOLAIEFF.**—A Nicolaieff letter of the 19th, addressed to the Military Zeitung, states that the Grand Duke Constantine has ordered the entrenchments to be demolished, the directors of the works have abused the confidence placed in them. They are to be severely punished. General Todleben has been summoned to Nicolaieff, thousands of hands were at work, and the greatest activity existed in constructing the works of defence.

In Toronto a paid Fire Brigade has just been organized, which will cost about £3,728 per annum, each man to receive £10 per annum; Chief Engineer £200; two Assistants £160; Lieutenants £120; Secretaries £95; Branchmen to receive £2 extra over their pay of £10.

**LIVER COMPLAINT OF TEN YEARS' STANDING CURED BY THE USE OF ONLY TWO BOXES OF DR. M'LANE'S CELEBRATED LIVER PILLS.**—New York, August 2, 1855. This is to certify, that having been afflicted with liver complaint for ten years, and after having tried nearly every known remedy without finding relief, I was at last induced to try Dr. M'LANE'S celebrated Liver Pills, and after using only two boxes was perfectly cured. I now take pleasure in recommending them to the public, as the best Liver or Antibilious Pills ever offered to the public.

MRS. ANN MALONA,  
No. 17 Rivington street.

P. S.—Dr. M'LANE'S celebrated Liver Pills, also his great Vermifuge or Worm Destroyer can now be had at all respectable Drug Stores in the United States and British Provinces.

Purchasers will please be careful to ask for, and take none but DR. M'LANE'S LIVER PILLS. There are other Pills, purporting to be Liver Pills, now before the public.

**HOLLOWAY'S OINTMENT AND PILLS,** an unfailing Remedy for Scrofulous Sores.—The eldest son of Anthony Barnett, aged 14, of Montreal, was an awful sufferer, with scrofulous sores on his limbs, the parents took him to several doctors, and did all in their power to alleviate him, but he only became worse. A sister of Mr. Barnett, who had been cured of a bad leg by Holloway's Ointment and Pills, took the child under her protection, stating she would try what effect a few weeks residence with her would do, no sooner had she got him at her own house, than she tried Holloway's Ointment and Pills, they soon caused an improved appearance in the child, and after using them about ten weeks, every symptom of his disorder had vanished like snow before the sun,—such is the power of these wonderful remedies!! They will also cure all disorders of the skin.
