

the Government on the "Want of Confidence" question would have joined the opposition if this line had not been included in their scheme; for it is now the general opinion that no line in the Province will be more beneficial, nor pay better; although the local feelings of some will not permit them to avow it. It is a fortunate circumstance for the Province that the Government came to the conclusion which they did respecting this line, for had they not done so, their Railroad Bill would have been defeated, and a dissolution of the House would have been the consequence.

I have not time at present to say more; but I am in hopes this will meet a more favourable reception than my former letter did, as I have said nothing in this about money having gone to a bad end. I am, &c.

A LOBBY MEMBER.

Fredericton, April 12th, 1856.

WESTERN EMIGRATION.—We understand that a number of young men, natives of this County, will leave shortly for the Western States and others are preparing to leave the Province, at this rate the county, and indeed we may add the Province will be depleted of its best population. No inducement seems to be sufficient to retain our population.—The same disposition is evinced in the State of Maine, people are leaving every week for the far West. It must be there is some very strong magnetic attraction at a distance. It may turn out to many of them a deception and a snare.—St. Andrews Standard.

NOBLE MAGNANIMITY ON THE PART OF A BRITISH NOBLEMAN.—It is said that Lord John, the moment he heard the earliest rumor of the probability of a peace congress, rushed in the greatest haste to Lord Palmerston, and, in the most generous spirit offered his services to the government as England's representative.

EVERY READER Will please notice the advertisement headed to "To Persons out of Employment," and send for a full description of all our Illustrated Works. To the uninitiated in the great art of selling books, we would say that we present a scheme for money making which is far better than all the gold mines of California and Australia.

PREVENTATIVE IS BETTER THAN A CURE.—Extraordinary case.—Dropsical swellings.—Turn of life. Mrs. Morgan, of Windsor, Nova Scotia, aged 45, was suddenly thrown on a bed of sickness; her feet, legs, and ankles, began to swell, strongly indicating Dropsy; weeks passed away and she became worse instead of better, medical aid was called in, and her life was endangered owing to a wrong treatment being adopted. Mr. Morgan, therefore, dismissed his medical attendant, and resolved to commence the Hollowayian system of medicine, this quickly produced the desired effect, and by a continuance with this infallible remedy, the husband had the satisfaction of again seeing his wife restored to the blessings of health.

M-LANE'S WORM SPECIFIC.—The following, from a customer, shows the demand which this great medicine has created wherever it has been introduced:—

BLOSSBURG, Tioga Co., Pa. March 30, 1856. Gentlemen—In consequence of the great consumption of your "Worm Specific" in this place and vicinity, we have entirely exhausted our stock. We should feel obliged by your forwarding, via Corning, N. Y., 20 dozen, with your bill, on the reception of which we will remit you the money. From the wonderful effects of said "Specific" in this neighborhood, there could be sold annually a large quantity, if to be had, (wholesale and retail) from some local agent. If you would compensate a person for trouble and expense of sending, I think I could make it to your advantage to do so. Yours, respectfully, WM. M. MALLORY, Per W. E. PORTER.

Pills, can now be had at all respectable Drug Stores in the United States and British Provinces.

Purchasers will please be careful to ask for and take none but Dr. M-Lane's Vermifuge. All others, in comparison, are worthless. W. T. BAIRD, Agent for Woodstock.
