## LIQUID CATHARTIC.

THE public do not require to be told that a mild, safe and reliable cathartic, in a liquid form, agreeable to the taste, and one which purges without violence, is a desideratum in medicine; this fact will be admitted by all. Such a discovery has been often attempted, but without success, until the introduction of the above-named remedy. No patent medicine ever met with such ready approval by physicians as this. Many regular practitioners are using it daily, all of whom have spoken of it in the highest terms of praise. Persons, for the use of these drastic, have been obliged to resort to the use of such drastic, as castor oil, salts, senna, rhubarb, jalap, aloes, gamboge, &c., all of which cause more or less debility, and fail to accomplish the object for which they are taken; on the contrary, they often increase the difficulty, and render patient less curable. None of these enter into the constitution of this invaluable remedy. It is composed of an extraction of this invaluable remedy, for which its roots and seeds, the medical properties for which it is adapted to the cure of those whose properties, most valuable is recommended. By a combination is not intended the public were put in possession of such is insignificant purgation ever produced. MEDICAL REVOLUTION!  
THE WORLD UNANIMOUS!HOLLOWAY'S OINTMENT.  
The Great Counter Irritant!

THE virus of disease often makes its way to the internal organs through the pores of the skin. This penetrating Ointment, melting under the hand as it is rubbed in, is absorbed through the same channels, and, reaching the seat of inflammation, promptly and invariably subdues it, whether located in the kidneys, the liver, the lungs, or any other important organ. It penetrates the surface to the interior, through the countless tubes that communicate with the skin, as summer rain passes into the fevered earth, diffusing its cool and regenerating influence.

**Skin Diseases and Glandular Swellings.**  
Every species of exterior irritation is quickly reduced by the anti-inflammatory action of this Ointment. Angry Eruptions, such as SALT RHEUM, ERYSIPELAS, TETTER, ETC., SCALD HEAD, NETTLE RASH, SCABIES (or ITCH), &c., die out to return no more, under its application. Hospital experience in all parts of the world proves its infallibility in diseases of the skin, the muscles, the joints and the glands.

**Ulcers, Sores and Tumours.**  
The effect of this unrivalled external remedy upon Scrophula, and other violent ulcers and sores, is almost miraculous. It first discharges the poison which produces suppuration and proud flesh, and thus the cures which its healing properties afterward complete are safe as well as permanent.

**Wounds, Bruises, Burns and Scalds.**  
In cases of the fracture of the bones, injuries caused by steam explosions, BRUISES, BURNS, SCALDS, RHEUMATISM, STIFFNESS OF THE JOINTS, and contraction of the sinews, it is employed and warmly recommended by the faculty. This marvellous remedy has been introduced by its inventor in person into all the leading hospitals of Europe, and no private household should be without it.

**UNDENIABLE TESTIMONY.**  
The Medical Staff of the French and English Armies in the Crimea have officially signed their approval of Holloway's Ointment, as the most reliable dressing for sabre cuts, stabs, and gun-shot wounds. It is also used by the surgeons of the allied navies.

Both the Ointment and Pills should be used in the following cases:

Banions,	Piles,	Sore Heads,
Burns,	Rheumatism,	Sore Throats,
Chapped Hands,	Ringworm,	Sores of all kinds,
Chilblains,	Salt Rheum,	Sprains,
