

LARGE OXEN.—Mr. Driscoll, 'Senior, bought a yoke of fat oxen a few days ago, from the Hon. Thomas Lee, for which he paid the handsome sum of ninety pounds. They weigh as they stand 55 cwt. Mr. D. will kill one of them on Friday next, and the meat will be exhibited for sale at his stand, in Regent street, on Saturday. Those who are fond of good fat beef had better give him a call.—*Head Quarters.*

CHILD DROWNED.—Last evening a fine lad about nine or ten years old, son of Mr. Stentford, Carriage Maker, fell off Pickard's wharf, and was drowned. We deeply sympathize with the afflicted parents.—*Id.*

We have to record the death of Mr. CHRISTOPHER SMILER, publisher of the *Temperance Telegraph*, in this City. He died at his residence on Sunday morning last, after an illness of a few days. Mr. Smiler was a sincere advocate of the temperance cause—was kind and courteous in his manner and deportment, and respected by all who knew him. His death will be much regretted by his friends in this community.—*Freeman.*

MELANCHOLY ACCIDENT.—Yesterday morning, a boat containing six men, working, we understand, at Lingley's Mills, near Indian Town, was upset while coming through the Falls, and, melancholy to relate, five of them were lost. Their names were—Robert Collins, Michael Carlin and John Kelly, of Portland; Henry McCue of Indian Town, and Alfred Belyea, of Musquit Cove.

Archibald Brown, the man who was saved, succeeded in holding on to a pair of sculls which were in the boat, and was picked up almost exhausted in the eddy at Blind Island.

We learn that they were industrious men, and some of them have left families to deplore their loss. It is said that the boat started before the proper time for passing through, and approaching too near the Falls, she was drawn into the vortex, and upset in the whirlpools.—*New Brunswick.*

ST. JOHN MARKETS, June 20.—The prices of West India goods have receded, alike owing to the arrivals of several cargoes from the West Indies and Halifax. We quote molasses at 2s. 8d. to 3s. 1d. per gallon, duty paid, and Muscovado sugars 57s. 6d. to 60s. per cwt. in bond. There is little alteration in Teas or Breadstuffs; the latter is firm at from 38s. 9d. to 41s. 3d. per barrel for common State and Southern Flour, and 23s. 9d. per barrel for Corn Meal. The Timber Market is unusually dull, owing to the stringency of money and dullness of the British market. Logs are nominally held at 28s. 9d. per M superficial feet, and Deals £6 10s. to £7 per M., deal measured.—*Courier.*

ARRIVAL OF THE PERSIA.

New York, June 23.

Royal Mail Steamship Persia, from Liverpool, arrived this morning.

Political news unimportant. Parliament engaged in local matters.

Evans, Hoar & Co., of London, England, Australian trade, have failed. Liabilities, £200,000.

Cotton active, and advanced one-eighth of a penny. Sales for the week, 74,000 bales.

Breadstuffs firm, and generally unchanged.

Wheat had advanced 4d., Flour and Corn Meal had remained at previous quotations.

Provisions quiet.

Tea Market excited, and large sales, at small advance, for export to America.

Sugars and Coffee dearer. Advance on Rio Sugar, 1s. 6d.

Consols 93½ to 93¼.

The projected Railway towards India, is to enter the Holy Land at Joppa, passing through Damascus and Aleppo, and so on through the ancient Assyrian Empire! A branch will ultimately unite this line with Alexandria in Egypt, passing through Jerusalem. And remembering that there are no formed roads in that region, we shall thus have accomplished, literally for the first time in history, the prediction of Isaiah: "In that time there shall be an highway out of Egypt to Assyria, and the Assyrian shall come into Egypt, and the Egyptian into Assyria. In that day shall Israel be third with Egypt and Assyria."

DESPERATE POLICE BATTLE IN NEW YORK.—SEVERAL MEN MORTALLY WOUNDED.—*New York, June 16.*—Another serious riot between the two Police forces occurred in the Park to-day, in consequence of an attempt made by a body of the Metropolitan Police to arrest Mayor Wood and Sheriff Willett, on a warrant, granted by Judge Hoffman, for assault on Mr. Conover, the Metropolitan Commissioner of Streets. The Metropolitan Police, while ascending in a body the steps of the City Hall, were beaten back with clubs by the Mayor's Police, and many of them badly hurt.

Captain Dilkes is reported to be mortally wounded.

Evening.—The warrant upon Mayor Wood was served this afternoon. He surrendered himself to the Sheriff, and gave bonds in \$5000 to appear and answer.

The Sheriff surrendered himself to the Coroner.

The National Guard were under arms for an hour in the Park, and were then released from duty.

The Twelfth Regiment is now under arms at the City Hall.

At the affray this afternoon, several of the Metropolitan Policemen, besides Captain Dilkes, were so badly beaten that their recovery is considered doubtful.

New York, June 17.—Gen. Walker arrived here this evening, and was received by his friends at the landing. A salute was fired. He then entered a barouche, and was escorted to the City Hall by a great throng of sympathizers. The great influx of people added new fire to the already great excitement in the Park. He was then escorted to the St. Nicholas Hotel, and will remain in New York for some time.

New York, June 18.—Our City remained quiet at sundown. All the special Metropolitan Police are discharged, and many of the Mayor's Police withdrawn from the City Hall. The Governor returned to Albany this afternoon.

Judge Russell closed the proceedings in the Habeas Corpus by discharging the Mayor from arrest. The Grand Jury have under consideration the complaints against the Mayor and Judge Russell. The Governor has ordered the calling of a special term of Oyer and Terminer in July, for the trial of the Mayor.

Mr. Crofut, one of the Metropolitan Police, who was beaten on Tuesday, died to-day.

GOLD DISCOVERED IN NEW SHARON, MAINE.—A correspondent at New Sharon, Me., says:

"The gold fever has broken out again in this town. An infirm man and his son obtained \$23,500 worth of the precious metal in five days. It is obtained only in the river among the rocks. I visited the place yesterday and examined the specimens obtained. It is richer than the best of California gold, the 'lumps' varying in size from the value of one cent to one dollar. Some have been found much heavier. Considerable excitement exists here, and explorations are being made in the surrounding region by returned Californians."

THE CROPS IN THE WEST.—The Chicago Press says:—"We might fill a large sheet with cheering accounts of the condition of the crops in all parts of the country. The abundant rains during the last few weeks have been worth millions of dollars to all descriptions of crops. If favourable weather continues from this time, the probability is, that the harvest will be greatly more abundant than has been gathered since the settlement of the country."

We copy the following from a New England Journal and commend it to the attention of those who are dissatisfied with their lot in New Brunswick, and are desirous of leaving it for the Western States of the American Union:—"Within the last two weeks a score or more of the citizens of this town, and vicinity, have returned from the West. A few had taken their families with them intending to settle there, others had gone to purchase land, with the view of removing there at some future period, and others to invest their funds, and wait the advance in the prices of real estate to make them rich. These men have returned, radically cured; not a symptom of the fever remaining, not a man having invested a dollar, beyond the not small amount permanently invested in expenses, such as a dollar per night for sleeping on the floor, two dollars per day for board—pork and poor corn; ten dollars hack fare for 14 miles' travel, &c. We are glad to hail these symptoms of returning reason, and heartily wish every man could listen, as we have done, to the truthful reports made by these eye witnesses from the western paradise. The land bubble is nearly ready to burst, and it is the part of wisdom for those who are beyond the reach of the explosion, to remain so.—*Church Witness.*"

Canada papers fear that the decision of the Committee sitting in London, to consider the propriety of renewing the Hudson's Bay Company's charter, will report in favor of the Company, and against the interests of Canada. The Montreal and Toronto journals do not suppress their annoyance at the possibility of such a result. The Montreal Pilot even contemplates resistance. It says: "Let us firmly, but temperately, inform the mother country, and all parties concerned, that we claim for Canada the whole of the lands within her ancient limits; let us point out what these limits are, and state that in future we shall regard the Territory thus defined as part and parcel of Canada, subject to her laws, and open for settlement to the inhabitants of the Province, or of those who may hereafter become such. It is our opinion that such a mode of proceeding will soon bring the Hudson's Bay Company to a sense of the true state of their position, and will make Mr. Labouchere to think twice before he upholds them in pretensions which have always been illegal and unjust, and which have now become absurd. We have appealed at once to the generosity of the British Government, and its sense of justice: should we be disappointed in our expectations, we must rely on the might of right, and insist on getting our own. This, at least, cannot long be refused to us."

The newspapers of Northern Mississippi are loudly complaining of the loss of negroes, large numbers of them having succeeded this spring in escaping from their masters.
