

Desultory.

WHY IS FRANCE ARMING.—It may be that the peculiar form of government in which France has seen fit to indulge necessitates some increase of the army for purposes of domestic repression, and we would much rather believe it so than suppose she is marshaling her forces for some foreign war; but, if we grant that the army is increased for the purpose of insuring domestic tranquility, on what ground are we to account for the corresponding and contemporaneous augmentation of her fleet? The navy has always been a favorite force in England, because among other reasons it is a force which cannot readily be used for the purpose of coercing the people. In France the same principle must apply, and we are at a loss to know for what pacific purpose a large steam navy is being prepared. France has but few colonies, and those of inconsiderable extent. She has no large foreign commerce to protect, no refractory India to reconquer and recognize. She has nothing to fear from a descent on her coasts from any foreign power—Why, then, is France augmenting her navy? We have a right to ask the question; for, whatever be the enemy against whom the thunderbolt is forged, there is no doubt that these warlike preparations in a time of profound peace tend to inflict upon us, in common with the rest of our neighbors, many of the calamities and miseries of war. If France will insist on increasing her armies and her navies, she forces us, her neighbors and her allies, to do the same. We have too much at stake within this little island of ours to be content to exist by the permission and on the sufferance of any ally, however faithful—of any foreign Prince however magnanimous. History warns us against incurring the fate of these nations who have trusted the power of the sword in other hands than those in which they were content to trust their freedom. If France is determined to arm, we must either be content to lie at her mercy or prepare to arm too. If she increases her regular army, we can hardly do less than call out and embody our militia. If she insists upon increasing her navy, she forces us most unwillingly, from the barest considerations of prudence, to undergo the expense of a Channel fleet. This expenditure, which is not required for domestic purposes, nor for the defence of our colonies, nor for the reduction of India rebellion, is purely of the nature of a war expenditure in self-defence, forced upon us by the threatening attitude of a power which tells us in the same breath that it is our cordial friend and sure ally. We should prefer other proofs of cordiality, friendship and alliance, than are to be found in an attitude which compels us either to trust ourselves blindly and entirely to the professions of a powerful neighboring State, or to hamper our commerce, embarass our finances, and retard necessary improvements, for the purpose of keeping up a barren and unprofitable force to defend us against attacks which may certainly never have been contemplated, but which it is our bounden duty to render impossible. The time has arrived we ought to speak plainly on this matter. We have had somewhat too much of compliment and grimace of late, and a little openness and sincerity on the part of England would be refreshing were it only for their novelty. We would, then, take the liberty respectfully to submit to the Emperor Napoleon that it is the sincere wish of the country to be his good friend and ally; that to this end we have made many sacrifices, and are prepared to make many more; but he asks too much of us if he expects that he is at once to enjoy whatever power, support, or influence, his alliance with England may give him, and at the same time to inflict upon us by his vast military and naval preparations a war expenditure which we are most unwilling to incur, and which casts upon us many of the evils of a state of actual hostilities. In politics many things apparently discordant may be made compatible, but it is impossible that two powerful and neighboring nations can at the same time be arming against each other and united in close alliance and cordial friendship.—*London Times.*

ALARM IN ENGLAND.—The following circular, or handbill, has been extensively distributed in England:—

"INVASION INVITED BY THE DEFENCELESS STATE OF ENGLAND.—The bulk of our veteran soldiers is already in India. This day's paper informs us that '25,000 men, including 4 cavalry regiments, are to be sent out without an hour's delay.' 2. Of the few regiments of militia that have been enrolled many have been already disbanded. 3. The late First Lord of the Admiralty stated in Parliament that to forty-two English steam line-of battle ships built and building, the French had forty built and building. 4. The French fleet is of recent and excellent build. 5. The English Government made known their intention to have this summer a channel steam fleet. The *two* ships *Marlborough and Renown*, put into commission for this purpose several months back, are only now obtaining their full crews; so complete is the failure to get sailors. 6. The French, by their 'Inscription Maritime,' called out 70,000 sailors some weeks ago. 7. Those sailors are said to be generally armed with revolvers, collected by one of those energetic efforts which point to a special purpose. 8. The French army consists of not less than 400,000 men—some say 600,000 men; and an addition of 42,000 is now taking place. 9. *A part of the French army now in Algiers has within these few days, been summoned home.* And force can be carried from the interior by the new railway to Cherbourg, which is just completed, a (month before the time specified) *A considerable army is in the old camp at Boulogne* 10. Cherbourg is now a fortress of the first order, both on the sea and land sides, and has basins so built that troops can at once walk from the quay on board a ship of the first magnitude. 11 Thus, by her well laid plans, France is now mistress of the channel. 12. The distance from Cherbourg to Portland, with its new but undefended harbor, is seventy miles; that is an affair of some ten hours. The distance from Boulogne to the open beach of Pevensey bay is but fifty miles. 13. The same fleet may land one army after another. 14 On the present state of feeling in the French army towards England not a word need be said. 15. The Emperor is one who does not speak, but acts. 16. What, then, is to be done? 17. England performs a sacred duty in sending out large reinforcements to India, to support her brave soldiers in that country; but their place must be at once filled by a general embodiment of the militia, and by raising all other available forces. 18. Above all, an efficient fleet must at once be equipped. 19. Sailors are also wanted, and that because the market price is not offered. Let the price at once be paid, and the shores of England be again protected. 20. Let the country be at once aroused to a sense of the imminent danger, which cannot be warded off by any but the most strenuous and immediate exertions."

* * *

PAY THAT DEBT.—It is a small one, to be sure, and apparently not worth a single thought. Why not then pay it? why be compelled to suffer the mortification of a dun? why not take that little thorn out of your finger at once? It will fester if allowed to remain, and cause ten times the trouble. Why not relieve the conscience of a little load? You will feel the better of it by so doing. You contracted the debt knowingly and willingly.—Did you not mean to pay it? Certainly you did. Then why not do it at once? Every day's delay increases morally the amount of the obligation.—Remember, too, that your little debt, and another man's little debt, and a thousand other men's little debts, make a little fortune for your creditor; or they enable him to pay his larger debts, or feed his workmen and keep his machinery a going in times like these. Don't you see how it is? You do? Well, then, remit the amount at once, and to-night the ghost of that debt will not trouble your dreams.

COÖPERATION OF THE WIFE—There is much good sense and truth in the remark of a modern author, that no man ever prospered in the world without the coöperation of his wife. If she unites in mutual endeavors, or rewards his labor with an endearing smile, with what confidence will he resort to his merchandise or his farm, fly over lands, sail upon the seas, meet difficulty or encounter danger, if he knows he is not spending his strength in vain, but that his labor will be rewarded by the sweets of home!

UNION HOTEL,

Union-street, between Charlotte and Sydney streets, south side.

THE Proprietor of this Establishment, thankful for favors received during the period he occupied the New Brunswick Hotel, and convinced of the necessity of more and better accommodation for the public, has erected a large and substantial building in Union-street, capable of accommodating from seventy to eighty Boarders. This house is well ventilated; the sleeping rooms are large, and every flat is well supplied with water, and also lighted with gas. The proprietor is determined to leave no means untried to merit the patronage of the community. Travellers arriving late at night will find the house always open and ready to receive them; while the conveniences and moderate charges will render it emphatically the home of the stranger. The tables of this house will be supplied with the best the market affords, and the proprietor is determined to adhere strictly to the Total abstinence principle.

Two large stables have been erected on the premises, capable of accommodating from sixty to seventy Horses. Good Hostlers always in attendance.

ALARMING

Symptoms of a Sickly Summer.

THE Summer and Fall of 1858 will be marked in the records of time as the most sickly and unhealthy of seasons that have visited this continent for many years. Malarious diseases, in their most malignant and violent forms, will prevail as epidemics in sections of our country that have been deluged by the late overflowing of rivers, creeks and bayous, and drenched by the recent heavy rains.

YELLOW FEVER, TYPHOID FEVFR, BILIOUS FEVER AND AGUE, CONGESTIVE FEVER, INTERMITTENT AND REMITTENT FEVERS, CHOLERA, FLUX-DYSENTERIES, SUDDEN ATTACKS OF VOMITING, will rage with violence in the vicinities of low, marshy lands, and where the deluge of the waters and drenchings of the rains have been sufficiently violent to produce miasma, from decomposition of Vegetable or other decomposed matter.—In our Southern and Western States we may therefore expect the prevalence as epidemic of Malarious diseases in on ore other of the above named forms and in order that the Public may provide themselves with the proper means to protect their systems against sudden attacks of diseases of any kind, we notify the people of the approach of these maladies. In Radway's Ready Relief you have the preventive. With this Remedy, however violent and malignant, infectious and deathly may be the disease, it cannot harm you. A teaspoonful of this life-protecting Remedy, drank in a little water three or four times a day, will so fortify the stomach against the infectious gases of these fevers, that you are as safe from danger as though you were breathing the most wholesome and invigorating atmosphere under the sun. Radway's Ready Relief has been proved, in the Yellow Fever of 1853, to be the best disinfectant in use. If any of our readers are so unfortunate as to be afflicted with any *Fever, Cholera, Flux or Dysentery*—either *Yellow, Congestive, Intermittent or Remittent.* Radway's Ready Relief, aided with Radway's Regulators, will in a few hours arrest the violence and danger of the disease, and soon cure you.

COMMON DISEASES.

Diseases such as *Rheumatism, Gout, Sciatica, Neuralgia, Head Aches, Influenza, Rush of Blood to the Head, Biliousness, Cholics, Tooth Aches, Croup, Whooping Coughs Inflammation of the Bowels and Lungs, Sudden Attacks of Chills and Fevers, Sickness at the Stomach, Congestion of the Brain, Sun Stroke, Liver Difficulties* and other painful, debilitating and enfeebling maladies will run riot throughout the length and breadth of the land, attacking in their most violent forms the aged, middle aged, and youthful. But against these ills, which inflict so much pain upon their victims, Radway's Ready Relief will in a few moments remove the most fierce and torturing pains; and if used in connection with Radway's Regulators, speedily effect a cure.

CHRONIC DISEASES.

Those who are so unfortunate as to be afflicted with Chronic diseases, *Breaking Out, Running Sores, Humors, Fever Sores, Ulcers, Salt Rheum, Prickly Heat, Sore Head, Sore Eyes, Bad Legs, Sores in the Nose or Mouth, Cankers, Boils, Blotches, Erysipelas, Bad Coughs, Swollen Parts,* will suffer increased agonies from these diseases, during this sickly cycle, unless the blood is cleansed from its Humors, and the system renovated of its impurities, by Radway's Renovating Resolvent. This Remedy is a quick cure for the above named diseases; and it is the only known Remedy that will eradicate from the system diseases inherited by constitutional transmission. Persons afflicted with Scrofula, Fits, Syphilis, or any Chronic disease, will be cured, if Radway's Renovating Resolvent is used.

PREPARE TO RESIST THE PESTILENCE.

A great number of those who die from pestilential diseases are suddenly seized in the night, or when they least expect an attack, and are therefore unprepared to resist the first attacks of their deadly foe. It is, therefore, of the greatest importance to those who desire to live through an attack of this kind, whether Cholera, Yellow Fever, Sun Stroke, Congestions, or Brain Fever, to have Radway's Ready Relief and Regulators ready to use at any moment. These Remedies, taken when you feel unwell or in pain—either slight or violent—will instantly check and stop the progress of the disease, and deliver you from further harm. Let every Housekeeper, Planter, Farmer, Shipmaster, and, in fact, all having charge of others, keep a supply of Radway's Ready Relief, Regulators, and Resolvents in their houses. A sickly season is fast approaching—Diseases of the most terrible and fatal character will prevail; but with these remedies at hand, you may rest secure.

There are no remedies known to Physicians that the public, as a general rule, can rely upon, in the successful treatment of infectious and malarious diseases. Radway's Ready Relief, or Regulators, as curatives and preventives against attacks of infectious and malignant Fevers, are fixed facts. R. R. R. Remedies are sold by Druggists and Merchants everywhere.

DR. HARRISON'S

PERISTALTIC LOZENGES,

A POSITIVE CURE FOR

Costiveness and Dyspepsia!

THE Proprietor, by the advice of the leading physicians of Boston, is introducing his Peristaltic Lozenges throughout the country. They are tonic as well as laxative, and differ from all physical pills. They are superceding every other remedy for costiveness and its results, viz.:

PILES, HEADACHE, DIZZINESS,
BILIOUSNESS, OPPRESSION OF FOOD, FLATULENCE,
SICK HEADACHE, PALPITATION,
LIVER COMPLAINT.

They are safe and effective for Females who suffer from costiveness, giving tone to the whole system. For Irregularities and Suppressions, especially of young persons having little exercise, they are most effectual, giving color to the blood, and restoring nature.

The Peristaltic Lozenges cause no pain, are agreeable, and so compact that they may be carried in the vest pocket, and are therefore just the thing for travellers.

Testimony of Boston Druggists.

The undersigned, having long known the reputation of *Harrison's Peristaltic Lozenges,* among the leading physicians, as well as the best apothecaries of this city, and having heard them spoken of by those using them as entirely satisfactory, we recommend them as the most agreeable and effective remedy for Constipation, whenever our customers ask our opinion.

MOFFAT'S

LIFE PILLS,

And Phœnix Bitters.

THE reputation of these very celebrated vegetable remedies is now unequalled by any others in this country or in Europe. They are fully established as the most universal family medicine now in use, and they will maintain their pre-eminent renown by the intrinsic and comprehensive virtues which acquired it. The usual modes of puffery would be unworthy of them and is unnecessary.

Thousands and tens of thousands of persons now living in perfectly restored health, can testify, as thousands have testified, to their prompt and decided efficacy not only in all ordinary arrangements of health, from *Impaired Digestive Functions, Costiveness, Bilious and Liver Complaints, Rheumatic and Inflammatory Colds, Coughs, Nervous Weakness, Loss of Appetite, Failure of Flesh, Headache and Impure State of the Blood and other Fluids,* but also in *Rheumatism, Fever and Ague, other Intermittent Fevers, Asthma, Bronchitis, Cholic, Pleurisy, Palpitation of the Heart, Rush of Blood to the Head, Settled Pains in the Joints, Limbs and Organs, Affections of the Bladder and Kidneys, Jaundice, Dropsy, Piles* (however inveterate), *Habitual Costiveness, Serous and Bilious Looseness, Obstinate Headache and Giddiness,* and an immense number of other maladies.

They require no directing nor confinement, are perfectly mild and pleasant in their operation, but will powerfully restore health—that greatest of all earthly blessings—to the most exhausted and dilapidated constitutions.

From long practical observation of the treatment pursued in the various institutions of London and Paris for those diseases referred to in the above work, the author has had somewhat unusual facilities for acquiring that accuracy of diagnosis, and uniform success, which have characterised his practice for so many years in this country, in which the lamentable neglect of those diseases by medical men generally, and their futile attempts to cure by mercury, copaiba, sarsaparilla, &c, have produced most distressing results. Lasting benefit in such cases can only be reasonably expected at the hands of the legally-qualified medical man who devotes his chief attention to their removal; and to him only who can *show his possession* of the necessary qualifications, can confidence be *safely* extended. Dr. De R. refers with pride to the numbers he has been instrumental in restoring to health and happiness; and to those who may be in need of such aid, he offers every assurance of speedy restoration.

PERSONS RESIDING ABROAD can be successfully treated by correspondence, on sending a full detail of their case, with a Bank note, or Bill on a London house for £5, in order to have a packet of medicines sufficient to meet the exigencies of the case, sent out by next mail; thus avoiding unnecessary loss of valuable time, and much suffering which might otherwise occur.

The Great European Remedy for Nervousness, Relaxation and Exhaustion.

Protected by Royal Letters Patent of England, and sanctioned by all the great Continental Colleges of Medicine.

DR. DE ROOS' GUTTÆ VITÆ; or LIFE DROPS, are the great remedy for Spermatorrhœa, Exhaustion, Nervousness, Debility, Aversion to and Incapacity for Society, Study or Business, Shaking of the Hands and Limbs, Indigestion, Flatulence, Shortness of Breath, Asthma, Consumptive Habits, Dimness of Sight, Dizziness, Pains in the Head, Eruptions, Sore Throat, Pains in the Bones, and all those diseases for which mercury, sarsaparilla, &c., are too often employed, to the utter destruction of health. Their almost marvellous powers must be felt to be believed. Hundreds of apparently hopeless cases have been cured, and thousands almost miraculously relieved, when everything else had failed; and they must sooner or later supersede all those questionable remedies which have hitherto been the sole reliance of English medical men.

Price 11s., and four times the quantity at 33s. per bottle, of the Agents below. The £5 packages containing twelve 11s. quantities, (by which £1 12s. are saved,) will be sent from the Establishment only, on receipt of the amount per draft on a London house or otherwise.

CAUTION.—*Sufferers must guard against the recommendation of spurious or other medicines by unprincipled venders, who thereby obtain a larger profit. The words* "WALTER DE ROOS, LONDON," *are printed in White letters on the Stamp affixed to the above, by order of* HER MAJESTY'S HONORABLE COMMISSIONERS, *to protect the public against fraud, as without this name can be genuine, and to imitate which is felony.*

Pains in the Back, Gravel, Lumbago, Rheumatism, Gout, Disease of the Kidneys and Bladder, Stricture, &c.

DR. DE ROOS' COMPOUND RENAL PILLS are a well known safe and speedy remedy for the above dangerous complaints, Discharges, and Diseases of the Kidneys and Urinary Organs generally. Possessing tonic properties, they agree with the most delicate stomach, improve the health, and in three days effect a cure when copaiba, cubebs, and all such dangerous medicines have utterly failed. 2s. 9d., 4s. 6d., 11s. and 33s. per box, of the Agents below, or post free on receipt of the amount by Dr. DE ROOS, 10, Berners street, Oxford street, London.

The superiority of these celebrated Pills over everything of the kind is universally acknowledged, and the extraordinary demand for them without precedent.

Many there are, who from natural diffidence, or fear of discovery, would silently bear their afflictions rather than apply for aid to those from whom they may reasonably expect relief. With the above Pills, the sufferer may without the knowledge of a second person, cure himself speedily, privately, and at the least possible expense.

J. RUSSELL SPALDING'S

ROSE MARY

This great and popular preparation is decidedly one of the nicest and best articles in the world for the

HAIR!

IT imparts a richness and brilliancy, cleans, ornaments, invigorates, embellishes, removes dandruff, relieves headache, and has probably been used for restoring and preventing the falling off of the hair with as much success as any article ever known. It has stood the test of time and use, and all can rely upon it.

ABRAM A. TRUAX, Esq., Rotterdam, N. Y., writes:—"Am 75 years of age—and was bald 35 years—have used two bottles of your Rosemary, and my hair is now two inches long.

REV. SYLVANUS COBB, Boston, Mass. "We had rather pay for it than have other preparations for nothing," &c.

MRS. D. TAFT, Cambridge, Mass.—"Have used your Rosemary with great success in keeping my hair black, as age was turning it fast."

MR. DANIEL B. CONNOR, Boston, Mass:—"Eight months ago I was bald—my hair is now long and healthy—I know your Rosemary has forced it to grow," &c.

OSSIAN E. DODGE, Esq., vocalist, now of Cleveland, Ohio:—"It gives a rapid growth, and dark glossy texture, and does not soil the hat or pillow in the least; I know of nothing so valuable for the hair."

FRANCIS ADAMS, Esq., Boston Mass:—"It is the best thing for children's hair—the ladies are delighted with it," &c.

REV. C. W. DENISON, Buffalo, N. Y.:—"I find it excellent for the hair."

MRS. L. SWEENEY, Boston, Mass.;—"It restored my hair to bald head, and from grey to black color," &c.

HON. C. HUNT, Lowell, Mass:—"To remove dandruff, and keep the hair moist and glossy we have never found anything so good."

M. HOFFMAN, Esq., (Editor German Weekly) Boston, Mass., and his wife Eva say—"It causes hair to grow vigorous—gives beauty and splendor—is better than European articles," &c.

G. H. STOCKING, Esq., (Trinity College,) Hartford, Conn.:—"By using it my hair turned from a sandy to a brown color; it was naturally dry, but is now moist."

A. F. WOOD, Chemist, New Haven, Conn.:—"I saw a fair head of very dark hair on a man that six weeks ago was bald. He had used nothing but your Rosemary," &c.

More extracts could be added if room admitted. If you are not satisfied *Try It.*

Drugs, Medicines, &c.

The following remedies are offered to the public as the best, most perfect, which medical science can afford. AYER'S CATHARTIC PILLS have been prepared with the utmost skill which the medical profession of this age possesses, and their effects show they have virtues which surpass any combination of medicines hitherto known. Other medicines do more or less good; but this cures such dangerous complaints, so quick and so surely, as to prove an efficacy and a power to uproot disease beyond anything which men have known before. By removing the obstructions of the internal organs, and stimulating them into healthy action, they renovate the fountains of life and vigor,—health courses anew through the body, and the sick man is well again. They are adapted to disease, and disease only; for when taken by one in health they produce but little effect. This is the perfection of medicine. It is antagonistic to disease, and no more. Tender children may take them with impunity;—if they are sick, they will cure them; if they are well, they will do them no harm.

Give them to some patient who has been prostrated with bilious complaint: see his bent-up, tottering form straighten with strength again; see his long-lost appetite return; see his clammy features blossom into health. Give them to some sufferer whose foul blood has burst out in scrofula till his skin is covered with sores—who stands, or sits, or lies in anguish. He has been drenched inside and out with every potion which ingenuity could suggest. Give him these PILLS, and mark the effect: see the scabs fall from his body; see the new, fair skin that has grown under them; see the late leper that is clean. Give them to him whose angry humors have planted rheumatism in his joints; move him, and he screeches with pain. He too has been soaked through every muscle of his body with liniments and salves: give him these PILLS to purify his blood; they may not cure him, for, alas! there are cases which no mortal power can reach; but mark, he walks with crutches now, and now he walks alone—they have cured him. Give them to the lean, sour, haggard dyspeptic, whose gnawing stomach has long ago eaten every smile from his face and every muscle from his body. See his appetite return, and with it health; see the new man. See her that was radiant with health and loveliness blasted and too early withering away; want of exercise, or mental anguish, or some lurking disease, has deranged the internal organs of digestion, assimilation or secretion till they do their office ill. Her blood is vitiated, her health is gone. Give her these PILLS to stimulate the vital principle into renewed vigor, to cast out the obstructions, and infuse a new vitality into the blood. Now look again—the roses blossom on her cheek, and where lately sorrow sat joy bursts from every feature. See the sweet infant wasted with worms. Its wan, sickly features tell you without disguise, and painfully distinct, that they are eating its life away. Its pinched-up nose and ears, and restless sleepings, tell the dreadful truth in language which every mother knows. Give it the PILLS in large doses to sweep these vile parasites from the body. Now turn again and see the ruddy bloom of childhood. Is it nothing to do these things? Nay, are they not the marvels of the age? And yet they are done around you every day.

Have you the less serious symptoms of these distempers, they are the easier cured. Jaundice, Costiveness, Headache, Sideache, Heartburn, Foul Stomach, Nausea, Pain in the Bowels, Flatulency, Loss of Appetite, Kings' Evil, Neuralgia, Gout, and kindred complaints, all arise from the derangements which these PILLS rapidly cure. Take them perseveringly, and under the counsel of a good physician if you can; if not, take them judiciously by such advice as we give you, and the distressing, dangerous diseases they cure, which afflict so many millions of the human race, are cast out like the devils of old—they must burrow in the brutes and in the sea. Price 25 cents per box—5 boxes for $1.

Through a trial of many years, and through every nation of civilized men, AYER'S CHERRY PECTORAL has been found to afford more relief and to cure more cases of pulmonary disease, than any other remedy known to mankind. Cases of apparently settled consumption have been cured by it, and thousands of sufferers who have been restored to their friends and usefulness, to sound health and the enjoyments of life, by this all-powerful antidote to diseases of the lungs and throat. Here a cold had settled on the lungs. The dry, hacking cough, the glassy eye, and the pale, thin features of him who was lately lusty and strong, whisper to all but him CONSUMPTION. He tries everything; but the disease is gnawing at his vitals, and shows its fatal symptoms more and more over all his frame. He is taking the Cherry Pectoral now; it has stopped his cough and made his breathing easy; his sleep is sound at night; his appetite returns, and with it his strength. The dart which pierced his side is broken. Scarcely any neighborhood can be found which has not some living trophy like this to shadow forth the virtues which have won for the Cherry Pectoral an imperishable renown. But its usefulness does not end here. Nay, it accomplishes more by prevention than cure. The countless colds and coughs which it cures are the seed which would have ripened into a dreadful harvest of incurable diseases. Influenza, Croup, Bronchitis, Hoarseness, Pleurisy, Whooping Cough, and all irritations of the throat and lungs, are easily cured by the Cherry Pectoral if taken in season. Every family should have it by them, and they will find it an invaluable protection from the insidious prowler which carries off the parent sheep from many a flock, the darling lamb from many a home.

Authenticated evidence of these facts, with directions for the treatment of each complaint, may be found in Ayer's American Almanac, of which we publish three millions, and scatter them broadcast over the earth, in order that the sick everywhere may have before them the information it contains. Druggists and Dealers in medicine generally have them for distribution gratis, and also for sale these remedies, prepared by DR. J. C. AYER, Practical and Analytical Chemist, Lowell, Mass.

Devote a few moments to the consideration of the

TONIC EXTRACT,

A Medicine which possesses Extraordinary Virtues, and has made many Cures.

THE Proprietor has been for years experimenting and endeavoring to discover a medicine, which could be relied upon in the above complaints, and is happy to inform the afflicted that he has at last succeeded beyond his expectations, having never known an instance where the timely administration of the Tonic EXTRACT failed to do good.

It is necessary, however, to use this medicine according to the printed directions which accompany each bottle—This may, in some cases, involve self-denial on the part of the patient, but is the only course which brings about restoration to health.

This Medicine is not introduced for the sole purpose of making money, it is a useful article and ought to be generally known. The Proprietor purposes to supply the afflicted poor without charge, upon the recommendation of a respectable party, on condition that the patients will from time to time, make a statement of the effects of the medicine.

The Tonic Extract will make the flesh firm, give a good appetite, and bring about a regular state of the system; when this happens, of course the spirits will become enlivened, and there will be a prospect of health and long life.

The Proprietor takes the liberty of using the name of the Rev J. Blakeney, Baptist Missionary, for a reference in support of the good qualities of this Medicine.

The Tonic Extract is put up in four ounce phials—price 1s. 3d. per phial.
