ROSE MARY

This great and popular preparation is decidedly one of the nicest and best articles in the world for the

HAIR!

IT imparts a richness and brilliancy, cleans, ornaments, invigorates, embellishes, removes dandruff, relieves headache, and has probably been used for restoring and preventing the falling off of the hair with as much success as any article ever known. It has stood the test of time and use, and all can rely upon it.

ABRAM A. TRUAX, Esq., Rotterdam, N. Y., writes: "Am 75 years of age—and was bald 55 years—have used two bottles of your Rosemary, and my hair is now two inches long.

REV. SYLVANUS COBB, Boston, Mass. "We had rather pay for it than have other preparations for nothing," &c.

MRS. D. TAFT, Cambridge, Mass.—"Have used your Rosemary with great success in keeping my hair black, as age was turning it fast."

MR. DANIEL B. CONNOR, Boston, Mass:—"Eight months ago I was bald—my hair is now long and healthy—I know your Rosemary has forced it to grow," &c.

OSSIAN E. DODGE, Esq., vocalist, now of Cleveland, Ohio:—"It gives a rapid growth, and dark glossy texture, and does not soil the hat or pillow in the least; I know of nothing so valuable for the hair."

FRANCIS ADAMS, Esq., Boston, Mass:—"It is the best thing for children's hair—the ladies are delighted with it," &c.

REV. C. W. DENISON, Buffalo, N. Y.:—"I find it excellent for the hair."

MRS. L. SWEENEY, Boston, Mass.;—"It restored my hair to bald head, and from grey to black color," &c.

HON. C. HUNT, Lowell, Mass:—"To remove dandruff, and keep the hair moist and glossy we have never found anything so good."

M. HOFFMAN, Esq., (Editor German Weekly) Boston, Mass., and his wife Eva say—"It causes hair to grow vigorous—gives beauty and splendor—is better than European articles," &c.

G. H. STOCKING, Esq., (Trinity College,) Hartford, Conn.:—"By using it my hair turned from a sandy to a brown color; it was naturally dry, but is now moist."

A. F. WOOD, Chemist, New Haven, Conn.:—"I saw a fair head of very dark hair on a man that six weeks ago was bald. He had used nothing but your Rosemary," &c.

DR. HARRISON'S
PERISTALTIC LOZENGES,

A POSITIVE CURE FOR

Costiveness and Dyspepsia!

THE Proprietor, by the advice of the leading physicians of Boston, is introducing his Peristaltic Lozenges throughout the country. They are tonic as well as laxative, and differ from all physical pills. They are superceding every other remedy for costiveness and its results, viz:

PILES, HEADACHE, DIZZINESS,
BILIOUSNESS, OPPRESSION OF FOOD, FLATULENCE,
SICK HEADACHE, PALPITATION,
LIVER COMPLAINT.

They are safe and effective for Females who suffer from costiveness, giving tone to the whole system. For Irregularities and Suppressions, especially of young persons having little exercise, they are most effectual, giving color to the blood, and restoring nature.

The Peristaltic Lozenges cause no pain, are agreeable, and so compact that they may be carried in the vest pocket, and are therefore just the thing for travellers.

Testimony of Boston Druggists.

The undersigned, having long known the reputation of *Harrison's Peristaltic Lozenges*, among the leading physicians, as well as the best apothecaries of this city, and having heard them spoken of by those using them as entirely satisfactory, we recommend them as the most agreeable and effective remedy for Constipation, whenever our customers ask our opinion.

IN NEW JERSEY.

Over 500 Farms For Sale

TO ALL WANTING
FARMS,
In a Mild Climate.

And within an Hour's Ride of Philadelphia, Pa.

FARMS FOR SALE in Camden, Burlington, and Atlantic Counties, 23 miles from Philadelphia, on the Camden and Atlantic Railroad, New Jersey. A large tract to be divided into small Farms to suit the actual settler, and all persons desiring a Farm. The soil is of the best quality and very productive. For farming purposes it is unexceptionable. It is penetrated by several by good turnpikes. It lies directly upon the Rail Road, and has the largest market for produce, and adjacent to the largest population in the Union. The farms are mostly in easy instalments as follows: Certificates entitling to locate 20 acres, $240, payable $6 per month. Certificates for Truck Farms of 10 acres, $120, payable $5 per month. Large Farms, 50 or 100 acres or more, at the same rate.

This is to be located under valuations placed upon section at certain and stated times, to accommodate those who cannot locate or settle immediately. The terms are made easy, and payable in instalments, to ensure its rapid improvement, and enhancement in value.

Ten thousand acres have been laid out, upon which persons can locate at once, and receive a deed for the Farm they buy.

The soil is a fine rich LOAM with a CLAY BOTTOM, and retentive of manure. It is free of stones and easily worked. It abounds largely in the phosphates, and such is its fertility that from the crops produced both upon this land and the large area adjoining under cultivation, it will be found not to be excelled anywhere in the production of Crops most adapted to its market, such as Corn, Potatoes, Oats, and all kinds of Vegetables and Fruits generally, particularly for trucking, both on account of the nature of the soil, and its being directly in the Philadelphia market. It also abounds with the best quality of Muck Manure. It is directly upon the borders of the great agricultural district which supplies the New York and Philadelphia markets, embracing a population of several millions, and where, as may be ascertained from the census reports, farms are the most valuable of any in the Union. All in this neighborhood are exceedingly productive and profitable. None of this land is now under cultivation Land can be procured already cleared, or partly timbered; also under cultivation. Houses are already built and for sale, which will answer the temporary wants of the settler.

This location is perfectly healthy; fever and ague is unknown.

The first division of 10,000 acres has been laid out, and immediately adjoins the town of Hammonton. Some is under cultivation—several thousand acres have been cleared for farms; it can at once be placed in a state of productiveness it is covered by fine streams of soft and pure water; it is being opened by a number of turnpike roads leading into the town. The price of this is from twelve to twenty dollars per acre—payable within four years, by monthly instalments of from five to ten dollars for twenty acres; larger Farms in proportion. Everything is on hand to supply settlers—steam and water power saw-mills are in operation. Lumber can be had at a cheap price. A good house can be built at from $200 to $500. A brick yard is about being established, and a lateral Rail Road, three-fourths of a mile in length, is under contract, to supply Hammonton with stone from the adjacent quarries; stores, workshops, &c., are about being opened. A number of dwellings are already built; also a church, school-house, &c. It is intended to expend a hundred thousand dollars more in improvements, such as buildings, turnpike roads, &c.

The situation of the place is picturesque and beautiful. It is on the borders of Lake Hammonton, and is laid out in walks and groves. A beautiful Oak Park along the shores of the Lake is intended to be reserved for public use. Hammonton has been laid out in Town Lots, the cost of which is from $25 to $100.

A Company has been organized to build houses and clear farms upon credit, as soon as the property is sold. This will enable many to improve who cannot personally attend to it. Arrangements can at once be made to have houses built and farms placed in order by persons at Hammonton. Owing to a great part being cleared, farms can be made immediately productive—when done, they will pay four-fold the cost.

In settling here the emigrant has many advantages: He is within a few hours ride of the great cities in the Middle States and New England. He is near his old friends and associations. He is in a SETTLED country, where every improvement and comfort of civilization is at hand. He is in a HEALTHY place, and is not subject to the certainty of losing the greater part of his family, and his own health by those malignant fevers, which make the graves of so many thousands of the young and the hardy, in far off regions, away from home and friends.

This presents a rare opportunity to the industrious—it enables all who wish to better their condition to become independent. It will soon be taken up, and, owing to its rapid improvements, it will greatly enhance in value. This would all have been settled before had it not been held by large proprietors, who could not until recently dispose of it in a manner to suit the former and actual settler. The investment enables a man to provide for himself and family—in a manner which is safe and certain—against the contingencies of business and misfortunes of life.

The terms are such as to enable any man, at a small saving, at less than the cost of ordinary trifles, to make a purchase. There is a principle in investing in Real Estate which controls our success in life. If we look around amongst our friends and acquaintances who have become wealthy, we find it to be by their investing in Real Estate. The commencement may have been small, but it weakens the feeling of acquisition, and opens the field to future effort. It is the solid stepping stone to future prosperity, and what is often considered the result of fortune, is nothing more than any can accomplish. It is to be preferred to anything else, because it is always certain, and likely to rise in value.

ROUTE.—The railroad Trains go and return from Philadelphia twice a day. Leave Vine street wharf at 7½ o'clock, A. M., for Hammonton, and return in the afternoon, (when there, enquire for Judge WALKER, the Agent,) or leave at same place at 3½ o'clock, P. M., and return next morning.

There are many already located, and persons should be prompt, in order to obtain locations to suit them. Committees can go down, examine the land for their friends, and make reports or selections. A large number of Farmers from New England, Pennsylvania, New Jersey, and Delaware are about going there, to commence improvements.

Warrantee Deeds will be given to each purchaser. Title is good and INDISPUTABLE. The first instalment upon a purchase is five dollars; which can be sent by letter, and purchase secured.

For full, descriptive Pamphlets, or for Lots or Farms, address JOHN STILES, Agent, 31 Exchange Street, Boston, where Plans can be seen, and general information obtained.

☞ Descriptive PAMPHLETS, PLANS &c., of these LANDS may be seen at the Business Office of this Paper.
