MOWING MACHINES.

MR. R. A. HUCK is now in Fredericton, having with him a number of the "MANNY MOWING MACHINES," with Wood's Improvements. He may be seen at Mr. Denny's, at Fredericton, and he will be glad to show them to all who are interested in the subject. He is also in possession of the best of the "MANNY" articles which he has placed in the market.

"Belmont, Sunbury County, N. B., December 19, 1857."

"Messrs. J. P. Adair & Co.,
"Gentlemen: I purchased from Mr. Buck, your agent, one of Mann's Mowing Machines last summer, and have used it since. It is a most perfect and reliable machine, and gave me the most entire satisfaction. I worked it with the same pair of horses through the season, without feeling any grain, and they did the work with great ease. I do not think it possible to get as good a ploughing light stable land. I used one of the knives before dinner, and the other set in the afternoon, and I found the sharper the knives the better the work. I am, therefore, of opinion that the Mann's Mowing Machine is the best of the kind now in use. As a Reaper, I think it better than either the sickle or cradle, doing the work decidedly cheaper. For such a small machine, it is an invaluable implement, being the greatest labor-saving machine I ever used. It performed the work without requiring any repairs."

"I remain, dear sir, yours truly,
June 5-2m "R. D. WILLIAMS."
