

# THE CARLETON SENTINEL.

The following remedies are offered to the public as the best and most efficacious, which medical science can afford. Ayer's CATHARTIC PILLS have been prepared with the utmost skill which the medical profession can boast, and their effects show they have virtues which surpass any other cathartics hitherto known.

Other medicines do more or less good; but this cures such dangerous complaints, so quick and so surely, as will prove an efficacy and a power to command respect, and prove anything which men have hitherto believed. By removing the obstruction to the internal organs, and stimulating them to active action, they renovate the functions of life and vigor—health courses around them, and the sick man is well again. They are adapted to disease, and sickness only, and when taken by one in health, they produce but little effect. This is the perfection of medicine. It is antagonistic to disease, and no more. Children may take them with impunity—if they are sick, they will cure them; if they are well, they will do them no harm.

Given them to some patient who has been prostrated with bilious complaint; see his bent-up, tottering form, straighten with strength again; see him gain health, return; see his clasped hands loose; his limbs loose; his skin all his skin is covered with sores—who stands, or sits, or lies in anguish. He has been drugged and emeticated, and out with every potion which impurity could suggest. Give him these PILLS, and all will be well. See the scales fall from his body; see the new, fair skin that has grown under them; see the late fever that is clean. Give them to him whose angry humors have planted rheumatism in his joints; move him, and he creeps with pain, until he has been soaked through with cold water, and then has been dried up again; give him these PILLS to purify his blood, and he will not care for, nor, alas! there are cases, no mortal power can reach it but mark, he walks with crutches now, and will walk alone again. Give him these PILLS, and he will be cured of his disease. Give them to the poor, to the aged, to the dying, to the infirm, to the weak, to the feeble, to the dyspeptic, etc., who suffer from his fault and every muscle from his body. See his appetite return, and with it health; see the new man. See her who wears radiancy with a smile, and health and too early withering away, want of exercise, or mental anguish, or bodily disease, has deranged the integrity of her organs of digestion, assimilation or excretion till they do their office ill. Her blood is visited, her health is gone. Give her these PILLS to stimulate the vital principle, to renew her spirits, to restore her to health again, and into her veins will come the blood. Now look again at the roses blossom on her cheek, and where lately sorrow sat like bursts from every feature. See the sweet infant wept with worms. Is given to her Ayer's CATHARTIC PILLS, she is relieved, and gradually restored, that they are eating its life away. Its pinched nose and ears, and restless sleepings, tell the dreadful truth in language which every mother knows. Give it the PILLS in large doses, to sweep these viles parasites from the body, and then in and see the roses bloom again. Is it nothing to do with these PILLS? Nay, are they not the marvels of the age? And yet they are done around you every day.

Have you the less serious symptoms of these diseases, they are still easier cured. Give them to your headache, headache, headache, Foul Stomach, Nausea,

Pain in the Bowels, Flatulence, Loss of Appetite, Kings' Evil, Neuralgia, Gout, and kindred complaints, all removed.

Take them preventively, and the probability of a good physical life is given you; taken judiciously by such physicians as give you the best, and the distressing, dangerous diseases which affect so many millions of the human race, are cured like the devils of old—they must perish in the brunt of the fire. Price 20 cents per box.

Althrough a train of many years, and through every nation of civilized men, Ayer's CATHARTIC PILLS have been found to afford more relief to those suffering from morbid disease than any other remedy known to man.

And thousands of apparently settled consumption have been cured by it, and thousands of sufferers who have been restored to their friends and usefulness, to sound health and the enjoyment of life, by this all-powerful remedy.
