### THE BEAM OF DEVOTION.

BY GEORGE P. MORRIS. I never could find a good reason Why sorrow unbidden should stay, And all the bright joys of life's season Be driven unheeded away.

Our cares would make no more emotion, Were we to our lot but resigned, Then pebbies flung into the ocean, That leave scarce a ripple be hind.

The world has a spirit of beauty, Which looks upon all for the best-And, while it discharges its duty, To Providence leaves all the rest That spirit's the dream of devotion, Which lights us through life to its close, And sets, like the sun in the ocean, More beautiful far than it rose.

THE public do not require to be told that a mild, safe and reliable cathartic, in a liquid form, agreeable to the taste, and one which purges without violence, is a desideratum in medicine; this fact will be admitted by all. Such & discovery has been often attempted, but without success, until the introduction of the above-named remedy. No patent medicine ever met with such ready approval by physicians as this. Many regular practitioners are using it daily, all of whom have spoken of it in the highest terms of praise. Persons, for the want of a better, have been obliged to resort to the use of those drastic, nauseous, and oftentimes injurious purgatives, such as castor oil, salts. senna, rhubarb, jallop, aloes, gamboge, &c., all of which cause more or less debility, and fail to accomplish the object for which they are taken; on the contrary, they often increase the difficulty, and render the patient less curable. None of these enter into the compe sition of this invaluable remedy. It is composed of barks, actly adapted to the cure of those complaints for which it is recommended. By a combination of those properties, the public were put in possession of the most valuable pre-paration ever produced. This medicine is not intended simply as a cathartic; its value as such is insignificant when compared with its power of purifying the blood from all humors, regulating the action of the bowels, curing Dyspepsia, restoring the appetite, producing a healthy action of the Liver, freeing the stomach from bile, and invigorating and strengthening the whole system. It is a eertain cure for the Piles, and those suffering from that complaint should give it a trial.
