Should you ask why this dunning, Why these sad complaints and murmurs, Murmurs loud about delinquents Who have read the paper weekly, Read what they have never paid for, Read with pleasure and with profit, Read of church affairs and prospects, Read of news both home and foreign, Read the essays and the poems, Full of wisdom and instruction; Read the table of the markets, Carefully corrected weekly-Should you ask us why this dunning, We should answer, we should tell you, From the printer, from the mailer, From the kind old paper maker, From the landlord, from the carrier, From the man who taxes letters With a stamp from Uncle Samuel-Uncle Sam the people call him-From them all there comes a message, . .

Message kind, but firmly spoken, Please to pay us what you owe us." Sad it is to hear such message When our funds are all exhausted, When the last bank-note has left us, When the gold coin all has left us, Gone to pay the paper-maker, Gone to pay the toiling printer, Gone to pay the landlord tribute, Gone to pay the paper carrier, Gone to pay the faithful mailer, Gone to pay old Uncle Samuel-Uncle Sam the people call him-Gone to pay the entire paper Three and twenty thousand dollars? Sad it is to turn our ledger,

Turn the leaves of this old ledger, Turn and see what sums are due us. Due for volumes long since ended, Due for years of toilsome labor, Due despite our patient waiting, Due despite our constant dunning, Due in sums from two to twenty. Would you lift a burden from us? Would you drive a spectre from you? Would you taste a pleasant slumber? Would you have a quiet conscience? Would you read a paper paid for? Send us money-send us money, Send us money-send us money, SEND THE MONEY THAT YOU OWE US!

ROMAN CATHOLIC VIEWS OF A SCHOOL BILL .- AS some of the papers are now devoting articles to the School Bill question, and the Government must prepare a School Bill next Session, we copy from sortment of the Synodical Letter published by the Archbishop and Bishops lately assembled at Halifax, a passage relating to this very subject. We do this in order that the views of Catholics may be clearly understood, and that trouble may be avoided :-

"Besides their religion and moral training is the first duty of every parent, no effort should be Ribbons and Laces, Prunella Boots, Umbrellas, White and spared to secure for them, if possible, the blessings Blue Warps, &c. &c. of a thorough Catholic education in the schools of the districts in which they live. When, therefore, schools are established out of the public revenues to which all parties indiscriminately contribute, it is an unwarrantable assumption of tyranny for the professors of any one creed, so to frame the regulations of such schools as to exclude from their benefit any class of Her Majesty's subjects. All should stand on the same level; all should be equally protected from the open efforts or the secret snare of Proselytism. THE GREAT FAMILY REMEDY! G. W. STONE'S VEGETABLE

THE public do not require to be told that a mild, safe and reliable cathartic, in a liquid form, agreeable to the taste, and one which purges without violence, is a desideratum in medicine; this fact will be admitted by all. Such a discovery has been often attempted, but without success, until the introduction of the above-named remedy. No patent medicine ever met with such ready approval by physicians as this. Many regular practitioners are using it daily, all of whom have spoken of it in the highest terms of praise. Persons, for the want of a better, have been obliged to resort to the use of those drastic, nauscous, and oftentimes injurious purgatives, such as castor oil, salts, senna, rhubarb, jallep, aloes, gamboge, &c., all of which cause more or less debility, and fail to accomplish the object for which they are taken; on the contrary, they often increase the difficulty, and render the patient less curable. None of these enter into the composition of this invaluable remedy. It is composed of barks, roots and seeds, the medical properties of which are exactly adapted to the cure of those complaints for which it is recommended. By a combination of those properties, the public were put in possession of the most valuable pre-paration ever produced. This medicine is not intended simply as a cathartic; its value as such is insignificant when compared with its power of purifying the blood from all humors, regulating the action of the bowels, curing Dyspepsia, restoring the appetite, producing a healthy action of the Liver, freeing the stomach from bile, and invigorating and strengthening the whole system. It is a certain cure for the Piles, and those suffering from that complaint should give it a trial. It is also warranted to cure canker in its worst forms. For all diseases of the Bowels it cannot be recommended too highly. In Summer Complaints, such as Dysentery, Diarrhæa, Cholera Mor-

bus, &c., it will be found invaluable. Reader, as sure as the sun rises in the east, just so sure you will be benefitted by the use of this medicine for any of the above complaints; and as surely will it relieve those suffering from Rheumatism, Neuralgia, Tic Doloureux, Debility, &c., is often produced by wind in the Stomach, which this remedy will expel at once. It is also an excellent remedy for Sea-Sickness. Those having occasion to travel by water will find it invaluable.
